

Titan Tire Unit
USW Local 890L
500 E. Wilson St.
Bryan, Ohio 43506
Ph. 419/636-4008
Fax: 419/636-8974
Rep # 31455-92

Important info when an incident or injury occurs

1. Notify supervisor
2. Apply first aid to the wounded area
3. If wound is serious, go to the ER and get medical help
You will be asked to fill out a FIRST REPORT OF INJURY form at the emergency room. Enter ALL parts of the body that have been injured.
EXAMPLE....If the hand is cut, and the arm was also sprained in the injury, include the arm as well.
4. Return to the factory and fill out an incident report.

If you are unsure of how to fill out the accident forms, contact a union official or the workers compensation rep.

It is very important to fill out the forms correctly in case you need to be off work to heal, and receive loss wages.

Contact your workers rep when you receive a claim number.
