AGREEMENT

This Agreement dated, **August 1, 2017** is between **Carpenter Technology Corporation, Latrobe Specialty Metals, Latrobe, PA.**, or its successors (hereinafter referred to as the Company) and the United Steel Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, or its successors (hereinafter referred to as the Union). Except as otherwise expressly provided herein, the provisions of this Agreement shall be effective 12:01 a.m., **August 1, 2017**.

The Union having been designated the exclusive collective bargaining representative of the employees of the Company, the Company recognizes the Union as exclusive representative. Accordingly, the Union makes this Agreement in its capacity as the exclusive collective bargaining representative of such employees. The provisions of this Agreement constitute the sole procedure for the processing and settlement of any claim by an employee or the Union of a violation by the Company of this Agreement. As the representative of the employees, the Union may process grievances through the grievance procedure, including arbitration, in accordance with this Agreement or adjust or settle the same.

It is the intent and purpose of the parties hereto to set forth herein the Basic Agreement covering rates of pay, hours of work, benefits and the conditions of employment to be observed between the parties hereto; and, to provide the sole procedure for prompt, equitable adjustment of alleged grievances.

It is the continuing policy of the Company and the Union that the provisions of this Agreement shall be applied to all employees without regard to age, race, color, religion, sex, disability or national origin. Wherever in this Agreement the male gender is used, it shall also be interpreted to mean the female gender.

SECTION I – RECOGNITION

1 A. 1. The Company recognizes the Union as the exclusive collective bargaining agency for all hourly production and hourly maintenance employees of the Company employed in and about the Company's plant in the Latrobe, Pennsylvania area.

2 2. The Company recognizes and will not interfere with the right of its employees to become members of the Union. The Union agrees that neither it nor any of its officers or members will engage in any Union activity while such employees are on Company time; and, the Company may discipline any employee who shall be proved guilty of violating this provision. Any dispute as to the facts or as to the nature of the discipline imposed by the Company shall be adjusted in accordance with the provisions of Section IX - Adjustment of Grievances, including arbitration if necessary.

3 3. When the Company establishes a new or changed job in a plant so that duties involving a significant amount of production or maintenance work, or both, which is performed on a job within the bargaining unit (or, in the case of new work, would be performed on such a job) are combined with duties not normally performed on a job within the bargaining unit, the resulting job in the plant shall be considered as within the bargaining unit. This provision shall not be construed as enlarging or diminishing whatever rights exist in respect of withdrawal of non-bargaining unit duties from a job in the bargaining unit, provided that where non-bargaining unit duties are placed in a job in the bargaining unit under this provision, such duties may be withdrawn at any time. Upon completion of the CRM Modernization Commitment of 2004, the following provision shall apply: Notwithstanding this provision or any other provision of this Agreement, the Company, at its discretion, may establish a salaried job in the Rolling Mill (CRM) entitled Roller which job shall be considered as a job which is not within the bargaining unit. The Company agrees that at least 50% of the salaried rolling mill roller's bonus will

be tied to the CRM. The Company shall, on request, furnish to the Union reasonable information to permit determination or questions of compliance with this provision.

B. Union Security

4 1. Each employee hired on or after the date of this Agreement, shall, as a condition of employment, beginning on the 30th day following the beginning of such employment or the effective date of this Agreement, whichever is the later, acquire and maintain membership in the Union.

5 2. For the purpose of this section, an employee shall not be deemed to have lost his membership in the Union in good standing until the International Secretary-Treasurer of the Union shall have determined that the membership of such employee in the Union is not in good standing and shall have given the Company a notice in writing of the fact.

C. Checkoff

6 1. The Company will check off monthly dues, assessments and initiation fees such as designated by the International Secretary-Treasurer of the Union, as membership dues in the Union, on the basis of individually signed voluntary checkoff authorization cards in forms agreed to by the Company and the Union.

7 2. At the time of employment the Company will suggest that each new employee voluntarily execute an authorization for the checkoff of Union dues in the form agreed upon. A copy of such authorization card for the checkoff of Union dues shall be forwarded to the Financial Secretary of the Local Union along with the membership application of such employee.

8 3. Upon receipt by the Company of a voluntary written assignment (in a form agreed to in writing by the Company and the Union) by an employee, the Company

will deduct from each pay of such employee each month or vacation pay and thereafter during the existence of such assignment, one-half (1/2) of the monthly amount of his Union dues for the preceding month; and, the Company shall also deduct one-half (1/2) of the monthly amount any assessments against the employee which shall be general and uniform among employees who shall at the time be members of the Union, and, if owing by the employee, an initiation fee, all as payable to the Union in accordance with its constitution and by-laws. The Company shall promptly remit any and all amounts so deducted to the International Secretary-Treasurer of the Union, who shall notify the Company in writing of the respective amounts of the dues, initiation fees and assessments which shall be so deducted. All remittance as stated in this Section I shall be made to the International Union not later than the last work day of the following month.

4. In cases of earnings insufficient to cover deduction of dues, the dues shall be deducted from the next pay in which there are sufficient earnings, or a double deduction may be made from the second pay of the following month, provided, however, that the accumulation of dues shall be limited to two (2) months. The International Secretary-Treasurer of the Union shall be provided with a list of those employees for whom double deduction has been made.

5. The Company shall deduct and remit from any bargaining unit employee's pay who signs a voluntary Political Action Committee (PA) authorization check-off card. These monies shall be remitted to the International Secretary Treasurer on a monthly basis which will be at the same time as the regular remittance to the International Secretary Treasurer of dues, fees and assessments.

6. The provisions of Subsections B. and C. shall be effective in accordance and consistent with applicable provisions of Federal Law.

D. Indemnity Clause

The Union shall indemnify and save the Company harmless against any and all claims, demands, suits, or other forms of liability that shall arise out of or by reason of action taken or not taken by the Company for the purpose of complying with any of the provisions of this section, or in reliance on any list, notice or assignment furnished under any of such provisions.

E. Supervisors Working

Any supervisor at a plant shall not perform work on a job normally performed by an employee in the bargaining unit at such plant; provided, however, this provision shall not be construed to prohibit supervisors from performing the following types of work:

1. experimental work;
2. demonstration work performed for the purpose of instructing and training employees;
3. work required of the supervisors by emergency conditions which if not performed might result in interference with operations, bodily injury, or loss or damage to material or equipment; and
4. work which, under the circumstances then existing, it would be unreasonable to assign to a bargaining unit employee and which is negligible in amount.

Work which is incidental to supervisory duties on a job normally performed by a supervisor, even though similar to duties found in jobs in bargaining unit, shall not be affected by this provision.

F. Contracting Out

1. Work Performed by Outside Contractors Within the Plant
 - a. Production, service, all maintenance and repair work; all installation, replacement, and reconstruction of

equipment and productive facilities; other than that listed in Paragraph 1.c. below, all performed within the plant, may continue to be contracted out under circumstances similar to those under which, prior to May 1, 1990, the consistent practice was to have such work performed by employees of outside contractors.

b. Except as may be provided otherwise in Paragraph 1.a. above and 1.c. below, the Company agrees that it will not permit employees of an outside contractor to perform, within the plant, production, service, maintenance and repair work; installation, replacement, and reconstruction of equipment and productive facilities; unless it is determined, that at the time the work is to be performed, it is more reasonable (as defined in Paragraph 6) to have such work contracted out than to have it performed by bargaining unit employees.

c. Subject to any rights and obligations of the parties which, as of the beginning of the period specified above, are applicable at the plant, major new construction, including major installation, major replacement, and major reconstruction of equipment and productive facilities, as well as work performed on equipment or systems pursuant to manufacturers' warranty work (if it meets the definition of that term set forth in Paragraph 6), within the plant may be contracted out.

2. Work Performed by Outside Contractors Outside the Plant

a. Production, service, all maintenance and repair work; all installation, replacement, and reconstruction of equipment and productive facilities; other than that listed in Paragraph 2.c. below, where the work originated from the Latrobe Plant and performed outside such plant, may continue to be contracted out under circumstances similar to those under which, prior to May 1, 1990, the consistent practice was to have such work performed by employees of outside contractors.

b. Except as may be provided otherwise in Paragraph 2.a. above and 2.c. below, the Company agrees that it will not permit employees of an outside contractor to perform production, service, maintenance and repair work; installation, replacement, and reconstruction of equipment and productive facilities; where the work originated from the Latrobe Plant and performed outside such plant, after the effective date of this Agreement, unless it is determined, that at the time the work is to be performed, it is more reasonable (as defined in Paragraph 6) to have such work contracted out than to have it performed by bargaining unit employees.

c. Subject to any rights and obligations of the parties which, as of the beginning of the period specified above, are applicable at the plant, major replacement, major rebuild, major reconstruction of equipment and productive facilities, as well as work performed on equipment or systems pursuant to manufacturers' warranty work (if it meets the definition of that term set forth in Paragraph 6), may be performed by employees of outside contractors outside any plant covered by this Agreement.

3. a. A regularly constituted committee, consisting of not more than four (4) members, half of whom shall be members of the bargaining unit and designated by the District Director of the Union in writing to the Company and the other half designated in writing to the Union by the Company, shall attempt to resolve problems in connection with the operation, application, and administration of the foregoing provisions.

b. In addition to the requirements of Paragraph 4 below, such committee may discuss any other current problems with respect to contracting out brought to the attention of the committee.

4. a. Before the Company finally decides to contract out an item of work as to which it claims the right to contract out, the Union committee members will be notified. Such notice will be given in advance of the final decision to contract out the work except where, in the

Company's judgment, emergency situations or emergencies related to customer requirements prevent such timely notice. Such notice shall be in writing and shall be sufficient to advise the Union members of the committee of the location, type, scope, duration, timetable and other relevant information of the work to be performed so that the Union members of the committee can adequately form an opinion as to the reasons for such contracting out. Should the Union committee believe discussion to be necessary, they will so request the Company in writing within five (5) working days (excluding Saturdays, Sundays, and Holidays) after receipt of such notice and such a meeting shall be held within three (3) working days (excluding Saturdays, Sundays, and Holidays) thereafter. At such meeting, the parties should review in detail the plans for the work to be performed and the reasons for contracting out such work. On request, the Union members of the committee shall be provided all relevant information in the Company's possession relating to the determination of reasonableness as defined in Paragraph 6 of this Section F. The Company members of the committee shall give full consideration to any comments or suggestions by the Union members of the committee and to any alternate plans proposed by Union members for the performance of the work by bargaining unit personnel. The Union members of the committee may include in the meeting the Union representative for the area in which the problem arises. Except in emergency situations or emergencies related to customer requirements, such discussions, if requested, shall take place before any final decision is made as to whether or not such work will be contracted out. Should the committee resolve the matter, such resolution shall be final and binding. The scope of the work being contract out will not be expanded without additional notice and an opportunity for another meeting in accordance with this Section. Changes in scope will be treated as emergencies pursuant to section 4.b herein, except such meetings shall be scheduled within three business days. Should a discussion be held and the matter

not be resolved, then in all cases, except those involving emergency situations or emergencies related to customer requirements, the matter may be appealed by the Union and/or Company directly to expedited arbitration as outlined in Paragraph 5 below. Should the Company fail to give notice, if notice is required under this Paragraph 4.a. or 4.b., or in those cases involving emergency situations or emergencies related to customer requirements, or if the matter is not appealed directly to expedited arbitration, then not later than thirty (30) calendar days from the date of the commencement of the work or in those cases involving work performed outside the plant where the Company failed to give notice, then not later than thirty (30) calendar days from the date the Union receives notice through the established notification procedure, a complaint relating to such matter may be filed under the complaint and grievance procedure, found in Section IX of this Agreement, commencing at Step 3, but to be decided by an arbitrator selected from the Special Arbitration Panel described in Section IX, subsection D, such selection to be made in the manner set forth in said Section. In the processing of such a complaint under the procedures of Section IX, the Union members of the Contracting Out Committee shall have all the rights of a grieving employee or employees; the arbitrator shall have all remedial powers and back pay authority necessary to enforce this Section and to remedy violations thereof including the awarding of pay for any earnings lost by any employee by reason of any violations, provided, however, that in any case arising under this Section F, the arbitrator shall have no power to order capital investment or the hiring of new employees; each succeeding incident of contracting out with or without notice may be the subject of another grievance; and the procedures of Section IX shall otherwise be implemented consistent with this Section F.

b. Notwithstanding the provisions of Section IX, back pay, if any, may be awarded by the arbitrator in cases where the Company fails to give notice as required by this

Paragraph 4.a. and 4.b. if the arbitrator finds that such remedy is appropriate in the circumstances of the case.

c. In the event of emergency situations or emergencies related to customer requirements, notice shall be given to the Union members of the regularly constituted committee within five (5) days of the commencement of the work.

5. The expedited arbitration procedure and the time limits for such procedure shall be as follows:

a. The Chairman of the Contracting Out Committee for the Union shall mail to the Company written notice of appeal of the matter directly to expedited arbitration, postmarked within five (5) calendar days after the date upon which a discussion was held and the matter was not resolved.

b. Within five (5) working days (excluding Saturdays, Sundays, and Holidays) after the receipt of such notice of appeal, the parties shall meet at the offices of the plant for the selection of an arbitrator. In the event the Union fails to have a representative present within such five (5)-day period to participate in the selection of an arbitrator, the grievance shall be deemed to have been accepted by the Union and the employee(s) on the basis of the Company's position and shall not be eligible for arbitration.

c. The arbitrator shall be selected and notified as provided in Section IX.D of this Article.

d. After selection of the arbitrator, the parties shall confirm the date, time and place of the hearing by filing a joint notice of appeal of the matter to expedited arbitration with the arbitrator.

e. The arbitrator shall agree with the parties as to a mutually satisfactory date within thirty (30) calendar days after the date of the initial contact with the arbitrator as provided in Section IX.D.

f. If the arbitrator(s) is unable to schedule and hold the hearing within such thirty (30) calendar-day

period because of the unwillingness of either party to proceed, the arbitration proceedings shall be dealt with as follows: (1) if the Company is unable or unwilling to proceed within such thirty (30) calendar-day period, the grievance shall be granted; (2) if the Union is unable or unwilling to proceed within such thirty (30) calendar-day period, the grievance shall be denied; (3) subject to the provisions of Section H, if the arbitrator(s) is not available to proceed within such thirty (30) calendar-day period, upon notice to that effect or the expiration of such thirty (30) calendar-day period, the Company may implement its decision and commence such work; in that event, a complaint relating to such matter may then be filed under the complaint and grievance procedure found in Section IX of this Agreement, commencing at Step 3, but to be decided by an arbitrator selected from the Special Arbitration Panel described in Section H of this Section, such selection to be made in the manner set forth in said Section, with the exception that only one (1) name from the panel will be drawn. In the processing of such a complaint under the procedures of Section IX, the Union members of the Contracting Out Committee shall have all the rights of a grieving employee or employees; the arbitrator shall have all the remedial powers and back pay authority necessary to enforce this Section and to remedy violations thereof including the awarding of pay for any earnings lost by any employee by reason of any violations, provided, however, that in any case arising under this Section G, the arbitrator shall have no power to order capital investment or the hiring of new employees, each succeeding incident of contracting out with or without notice may be the subject of another grievance; and the procedures of Section IX shall otherwise be implemented consistent with this Section F. Such a complaint, to be timely, must be filed within thirty (30) calendar days from the date upon which the expedited arbitration procedure was terminated, as a result of the arbitrator being unavailable to proceed, as provided herein.

g. The expedited arbitration hearing shall be conducted in the following manner:

(1) The hearing shall be concluded in no more than two (2) consecutive days. The arbitrator shall assure that each party shall have an equal opportunity to use, if needed, a minimum of one-half (1/2) of the hearing to present its case.

No post-hearing briefs will be filed. Pre-hearing briefs may be filed on the date of the hearing.

The arbitrator shall issue an expedited decision no later than five (5) calendar days after conclusion of the hearing. The expedited decision shall be limited to a statement that the Company either has a right to contract out the work in question or does not have such a right. This expedited decision shall be explained in a follow-up written opinion which shall be issued no later than fifteen (15) calendar days after conclusion of the hearing.

6. Definitions

a. The term "outside contractor" or "vendor" shall mean any entity, excluding the Company and its subsidiaries and parent, which is a party to a contract with the Company. The term "subsidiary" as used herein shall mean an entity fifty percent (50%) or more directly or indirectly owned or controlled by the Company.

b. It shall be "more reasonable" for the Company to have work contracted out if it is determined, that at the time the work is to be performed:

(1) the Company will not have the employees available at such plant, either active or laid off, who possess the necessary skills to perform the work; or

(2) the Company will not have the necessary existing equipment to perform the work with the Company's employees who work at such plant at competitive quality; or

(3) the work cannot be done with the Company's employees who work at such plant within the time period desired by the Company, provided such time period is reasonable under the circumstances.

c. The term "manufacturers' warranty work" means work performed pursuant to a warranty for the limited time necessary to make effective the following seller guarantees:

(1) That new or rehabilitated equipment or systems are free of errors in quality, workmanship, or design.

(2) That new or rehabilitated equipment or services will perform at stated levels of performance and/or efficiency subsequent to installation.

It is understood that manufacturers' warranties are commitments associated with a particular product or service in order to assure that seller representations will be honored at no additional cost to the Company. It is further understood that long-term service contracts are not within the definition of manufacturers' warranty work.

7. Notwithstanding the provisions of Section IX, in arbitrations conducted pursuant to either the expedited arbitration procedure or the regular arbitration procedure, the arbitrator shall have the authority to award back pay.

G. Contracting Out Dispute Resolution

In the event that a dispute between the parties occur involving this Section, the parties agree to have such matter referred to Section IX, Adjustment of Grievances, Section 4 Procedural Steps, beginning with Step 2 and select an arbitrator from the agreed-to arbitration panel set forth in Section IX, D.

1. The following shall apply to hours worked in the Finishing Department:

a. Subject to the provisions of subparagraph c., below, the Company guarantees that during the term of this Agreement the average number of hours worked in the Finishing Department shall be maintained at a minimum of 25,000 hours per quarter less any weeks lost as a result of vacation shutdowns, catastrophic failure of a major producing unit, or any week in which four (4) or more Vac Arc furnaces are not operating, at the rate of 1,923 hours per week.

b. In calculating the number of hours worked in the Finishing Department for purposes of subparagraph a., above, the Company shall not include those hours worked in the Finishing Department as the result of action by the Company, taken after the effective date of this Agreement, to include in the Finishing Department seniority unit a job that was once a part of another seniority unit, except to the extent that the duties being performed by the employees in any such job are of the type being performed in the Finishing Department as of the effective date of this Agreement.

57

c. In the event that the Company shall make any capital improvement affecting the Finishing Department, the Company shall be entitled to lower the hours-worked guarantee set forth in subparagraph a., above, to the extent necessary to recognize any increased efficiency within the Finishing Department resulting from said capital improvement.

58

2. a. An employee working in a trade and craft job, as defined in this Agreement, shall be guaranteed forty (40) hours of pay, at the Standard Hourly Wage Rate for his job, for any week during which trade and craft employees of an outside contractor are working within the plant performing the duties of his job that he would otherwise perform. This guarantee shall apply only to affected employees in the trade and craft job at the plant. An affected employee is defined as an employee in such trade and craft job who receives less than forty (40) hours pay for such week, or who is available for work but on layoff during such week and who would perform such work if not laid off.

59

b. An employee to whom the foregoing guarantee is applicable may be assigned on a temporary basis to perform a job other than that in which he is permanently classified at any location throughout the plant. An employee who elects not to accept such an assignment shall not be eligible for the guarantees provided herein.

60

c. The number of employees eligible for the forty (40)-hour pay guarantee in any given week shall be the

61

lesser of the number of employees of the outside contractor performing the trade and craft work at issue, or the number of affected employees during such work week. Such guarantee shall not be applicable with respect to outside contractors' employees performing work within the plant on items covered by Section I-F.1.; provided, however, that if any item of work covered under Section I- F.1.b. is disputed by the union under the procedures set forth in Section I- F.4. and 5. then this guarantee shall apply.

SECTION II - MANAGEMENT

The management of the works and the direction of the working forces, including any of the rights, powers, functions or authority which the Company had prior to the signing of this Agreement, or any agreement with the Union, as well as but not limited to, the right to hire, suspend or discharge for proper cause, hereafter to change the existing, establish, and/or create new reasonable work rules, policies or procedures which affect terms and conditions of employment, and the right to relieve employees from duty because of lack of work or for other legitimate reasons are retained by the Company, except as those rights, powers, functions or authority are specifically abridged or modified by this Agreement or any amendment to this Agreement arrived at through the process of collective bargaining. The Company agrees to meet in an attempt to reach an agreement on such changed or new work rules, policies or procedures prior to the Company's implementation, subject to the Union's right to challenge the reasonableness of such new rules, policies or procedures.

62

A. Labor-Management Cooperation

The parties to this Agreement desire to promote, to the fullest, the quality and quantity of plant production and the job satisfaction and safety of all employees. To that end, the parties agree to meet in an effort to identify and correct inefficiencies in any operation in the plant. This means, among other things, the use of the most efficient techniques and methods, the prompt execution of

63

production strategies, and the performance by all employees of a full day's work for a fair day's pay. The Company and the Union will also work together to resolve any problems or situations which hinder or interfere with normal production (such as absenteeism, manning, supervision etc.) and strengthen goodwill between the Company, its employees and its customers. The Company and the Union also agree to more communications to discuss the labor relations issues and to attempt to resolve issues before they become grievances. The meetings will generally be held on a quarterly basis and will not include grievances or issues that are subject to resolution in the grievance procedure.

B. Safety and Health

1. Our Safety Vision:

The safety of all employees is the Company's and Union's top priority. It is the shared responsibility of the Company, the Union and every employee to actively participate in all aspects of the safety program and lead the Company on its path to zero injuries, through:

2. Our Joint Safety Values Include:

The Company agrees there shall be no lockout of employees during the life of this Agreement. 76

B. The Company agrees that should there be a "plant closing" or "mass layoff" at the facility as those terms are defined by the Worker Adjustment and Retraining Notification Act ("WARN"), the Company shall furnish 60 days' notice to the Union and the affected employees as required by WARN. Failure to comply with this WARN obligations shall result in the Company paying any affected employee for any lost time as required by WARN, which would include overtime, pension accrual and benefits. 77

2. In all jobs other than those jobs listed in subsection 1 above, a schedule of learner rates for the respective learning periods of 520 hours of actual learning experience with the Company on jobs for which training opportunity is not provided by the promotional sequence of related jobs is established at the level of standard hourly wage scale rates for the respective job classes determined on the basis of the required employment training and experience time specified in factor 2 of the job classification record of the respective job for which the learner period is preparatory as follows:

89

d. At any time during the learner periods an employee progresses to where he is performing the full scope of the job, he will then be moved to the full rate of the job without necessarily going through the time periods.

90

3. The Company, at its discretion, may apply a learner rate to a learner on any job during any period of

91

time where another employee, other than the learner is on the job, provided the learner rate applied is:

(2) the standard hourly wage scale rate of the job being learned in the case of an employee transferred from another job in the plant.

4. Learner Rates for the Trade & Craft Positions – Refer to Appendix A-2

5. For all non-trade and craft jobs, the learner rate will not apply for employees hired after July 21, 2008, unless and until those employees become Tier 1 employees. Once an employee hired after July 21, 2008 (Tier 2) moves to the Tier 1 pay scale, they will be subject to the learner rates when applicable.

C. Description and Classification of New or Changed Jobs

In the interest of the effective administration of Job Description and Classification procedures as set forth in the Manual, a Plant Union Committee on Job Classification (hereinafter called the Plant Union Committee) consisting of up to three (3) employees designated by the District Director of the Union shall be established in the plant.

The August 1, 1971, Job Description and Classification Manual along with Latrobe Steel jobs currently in effect will be used in conjunction with the Manual's Master Job Classifications to classify new or changed jobs, in accordance with the following procedure.

This procedure is not to be construed or interpreted in any way as a license for any review of job descriptions and classifications currently in effect except as provided below:

1. All new jobs, including trade or craft jobs, established on or after August 1, 1971, shall be classified by the provisions set forth in the Manual. 101

2. All jobs that are changed in job content (requirements of the job as to training, skill, responsibility, effort or working conditions) on or after August 1, 1971, shall be reclassified only in those factors affected by the change, using only Section V of the Manual - "The Basic Factors and Instructions for Their Application" and Section VI of the Manual - "Conventions for Classification of Designated Jobs" where applicable. When and if the net total of the changes in the factors affected equals less than one (1) full job class, a supplementary record shall be established to maintain the job description and classification on a current basis and to enable a subsequent adjustment of the job description and classification for an accumulation of small job content changes. When and if the net total of the changes in the factors affected, or the accumulation of such changes, equals a net total of one (1) full job class or more, a new job description and classification for the job shall be established in accordance with item 1. above. 102

3. The job description and classification for each job in effect as of the date of this Agreement shall continue in effect unless (a) the Company changes the job content (requirements of the job as to the training, skill, responsibility, effort and working conditions) to the extent of one (1) full job class or more; (b) the job is terminated or not occupied during a period of one (1) year; or (c) the description and classification are changed in accordance with mutual agreement of officially designated representatives of the Company and the Union. 103

4. When and if from time to time the Company at its discretion, establishes a new job or changes the job content (requirements of the job as to training, skill, responsibility, effort and working conditions) of an existing job to the extent of one (1) full job class or more, a new job description and classification for the new or changed job 104

shall be established in accordance with the following procedure.

a. The Company will develop a description and classification of the job in accordance with the provisions of the Manual. 105

b. The proposed description and classification will be submitted to the Plant Union Committee for approval, and the hourly wage scale rate for the job class to which the job is thus assigned shall apply in accordance with the provisions of Subsection B. of this section. Copies of the proposed description and classification shall be sent to a designated representative of the International Union. 106

c. If the Company and Plant Union Committee are unable to agree upon the description and classification within ten (10) calendar days after proposed description is submitted to the Plant Union Committee, the Company shall install the proposed classification and the standard hourly wage scale rate for the job class to which the job is thus assigned shall apply in accordance with provisions of Subsection B. of this section. The Plant Union Committee shall be exclusively responsible for the filing of grievances and may at any time within thirty (30) calendar days from the date of installation, file a grievance with the Plant Management Representative designated by the Company alleging that the job is improperly described, and/or classified under the provisions of the Manual. Such grievance is to be processed in accordance with the provisions of Section IX - Adjustment of Grievances, commencing with Step 3. Prior to the Step 3 Meeting, the Plant Union Committee and the Company representative shall prepare and mutually sign a stipulation setting forth the factors and factor codings which are in dispute, a copy of which shall be sent to a designated representative of the Company and the designated representative of the International Union. If the grievance is submitted to arbitration, the issue shall be limited to the factors stipulated as being in dispute and the 107

decision shall be effective as of the date when the new job was established or the change or changes installed. In the event the parties fail to agree as provided, and no appeal to arbitration is made within the time provided, the classification as prepared by the Company shall be deemed to be approved.

d. In the event the Company does not develop a new job description and classification, the Plant Union Committee may file a grievance in Step 2 under the grievance and arbitration procedures of this Agreement requesting that a job description and classification be developed and installed in accordance with the provisions of the Manual. The resulting classification shall be effective as of the date when the new job was established or the change or changes installed. 108

D. Incentive Plans

1. Effective as of the date specified in Appendix A-1, each employee on a job covered by an existing incentive plan shall receive for each hour worked in addition to incentive earnings, the applicable hourly additive specified in Appendix A-1. 109

2. It is understood that the fundamental principle of the work and wage relationship is that the employee is entitled to a fair day's pay, i.e., the Standard Hourly Wage Scale, in return for which the Company is entitled to a fair day's work. The fundamental principle of the performance and incentive wage relationship is that when regularly required on a direct incentive job as defined below to perform work over and above the requirements of a fair day's work, an employee is entitled to receive equitable extra compensation over and above a fair day's pay. A new direct incentive, a replacement direct incentive, or an adjusted direct incentive shall be designed to provide an incentive earnings opportunity of 35% when the employee is working at a 35% incentive effort. 110

a. Direct Incentive Jobs - Jobs which directly affect or control the rate of output or efficiency of equipment, shall be considered direct incentive jobs. 111

3. It is further understood that certain other jobs or service operations may not provide nor require full incentive effort and thus an incentive earnings opportunity of less than 35% shall be equitable compensation for work performed.

These jobs or service operations shall be called "Indirect Incentive Jobs" and defined as follows:

a. Indirect Incentive Jobs - Jobs which indirectly contribute to the control of output or efficiency of equipment, shall be considered indirect incentive jobs. Indirect Incentives shall be designed to provide an incentive earnings opportunity equivalent to 67% of the earning opportunities provided by the Direct Incentive Job or Jobs to which it is related. If the Indirect Incentive Jobs are not related to Direct Incentive Jobs, the incentive shall be designed to provide earning opportunities 23% above the Incentive Calculation Rate.

The above percentage figures are not statements of the actual percentage earnings an incentive must produce consistently to be equitable. They relate not to average earnings but to earnings opportunity.

4. The Appendix A-1 Standard Hourly Wage Rate plus the applicable hourly additive will establish minimum guaranteed hourly rates for all jobs on incentives. For hours worked on incentive jobs the employees shall receive the highest of the following:

a. The total earnings of the applicable incentive plan plus the applicable hourly additive as specified in Appendix A-1.

b. The total amount arrived at by multiplying the hours worked by the applicable Standard Hourly Wage Rate as specified in Appendix A-1 plus the applicable hourly additive.

c. The total amount arrived at by multiplying the hours worked by the existing guaranteed hourly rate.

E. New and Adjusted Incentives

1. The Company, , may establish new incentives to cover:

a. new jobs on which the Company is not required to establish incentives;

b. jobs not presently covered by incentive application; or

c. jobs covered by an existing incentive plan where, during a current three-month period, the straight time average hourly earnings of employees under the plan are equal to or less than the average of the standard hourly wage rate for such employees.

2. The Appendix A-1 standard hourly wage rate shall be the established hourly base rate of pay under any new incentive that may be applied to the job during the term of this Agreement.

3. The following shall apply to the minor adjustments, major adjustments where the incentive is suspended and cancellation and replacement of incentives:

a. It is recognized that adjustment of an incentive may be required to preserve its integrity to reflect new or changed conditions occurring after the effective date of this Agreement which are not sufficiently extensive to require cancellation and replacement of the incentive and which result from mechanical improvements made by the Company in the interest of improved methods or products, or from changes in equipment, manufacturing processes or methods, materials processed or quality or manufacturing standards. Such adjustments shall apply only to elements affected and will be installed upon completion of investigation. The amount of change shall be measured in accordance with the original development of the incentive and only those elements affected will be changed.

b. When such new or changed conditions as defined in paragraph 3.a., above, are of such magnitude that the Company determines the plan must be suspended for a period of time to accomplish the adjustments, an interim allowance as defined in 6., below, shall be installed. 127

c. The change of the adjusted standards established pursuant to 3.a.-b., above, may be challenged by the affected employee(s) through the grievance procedure in accordance with E. 5.d., below. 128

d. When such new or changed conditions as defined in paragraph 3., above, are of such magnitude that the Company determines that replacement of the incentive is required, the Company shall cancel the existing incentive and replace it with a new incentive in accordance with the procedure set forth in Section IV - D.2. and 3. and Section IV - E.5. 129

4. The Company and the Union agree to cooperate to improve productivity and throughput for all processes with the goal to accomplish a yearly increase of productivity of four percent (4%). This goal may be reached by such activities as, but not limited to, identification and elimination of waste, technical improvement, operator involvement, and input on productivity improvement and efficiencies, creation of standardized work, etc. 130

5. New incentives established pursuant to Section IV - E.1. and 2., above, shall be established in accordance with the following procedure: 131

a. The Company will develop the proposed incentive. 132

b. The proposal will be submitted to the Grievance Committeeman or steward representing the employees affected for the purpose of explaining the incentive and arriving at agreement as to its installation. The Company shall, at such time, furnish such 133

explanation with regard to the development and determination of the incentive as shall reasonably be required in order to enable the Union representative to understand how such incentive was developed and determined and shall afford to such Union representative a reasonable opportunity to be heard with regard to the proposed incentive.

c. Should agreement not be reached as to its installation, the proposed incentive may be installed by the Company and the employee or employees affected may at any time after thirty (30) calendar days, but within sixty (60) calendar days following installation, file a grievance alleging that the incentive does not provide equitable incentive compensation. Such grievance shall be processed under the grievance and arbitration procedure of this Agreement. If the grievance is submitted to the arbitration procedure, the arbitrator shall decide the question of equitable incentive compensation and the decision of the arbitrator shall be effective as of the date when the incentive was put into effect. 134

d. In the event the Company does not adjust the incentive or develop an incentive as provided above, the employee or employees affected may within thirty (30) calendar days from occurrence process a grievance under the grievance and arbitration procedures of this Agreement requesting that an incentive be installed in accordance with the provisions of this subsection. If the grievance is submitted to arbitration, the decision of the arbitrator shall be effective as of the date when the grievance was filed. 135

6. Replacement incentives to replace existing incentives pursuant to Section IV - E.3. d., above, shall be established in accordance with the following procedure: 136

a. The Company will develop and install the replacement incentive as soon as practicable. 137

b. The replacement incentive will be submitted to the Grievance Committee for the purpose of 138

notification, and the Company shall furnish such explanation of the replacement as shall reasonably be required to enable the Union representative to understand how the new incentive was developed.

c. When an incentive is replaced pursuant to this section, and the Company determines the incentive that is being replaced must be canceled before the replacement incentive is ready for installation, an interim allowance as defined in 6., below, shall be installed.

d. The employees affected may at any time after thirty (30) calendar days, but within sixty (60) calendar days following installation, file a grievance which shall be processed under the grievance and arbitration procedures of this Agreement. If the grievance is submitted to the arbitration procedure, the arbitrator shall decide the issue of compliance with the requirements of Section IV - E.3.a., b. or d., above, and the decision of the arbitrator shall be effective as of the date when the adjusted incentive or the replacement incentive was put into effect.

e. In the event the Company does not adjust or replace an incentive as provided in Section IV - E.3.a., b. or d., above, the employee or employees affected may, within thirty (30) calendar days from the date the change is alleged to have occurred, process a grievance under the grievance and arbitration procedures of this Agreement requesting that an adjustment to the incentive be installed in accordance with the provisions of this subsection. If the grievance is submitted to arbitration, the decision of the arbitrator shall be effective as of the date when the grievance was filed.

7. When an incentive is adjusted or replaced pursuant to this section, it is recognized a period of time may be required to develop the operating integrity of the new equipment, manufacturing processes or methods, materials processed and quality or manufacturing standards before the adjusted or replacement incentive can

be developed and installed. During the interim period between suspension or cancellation, development and installation of the adjusted incentive or the replacement incentive, the incentive earnings (which does not include the applicable hourly additive) expressed as a percentage above the Appendix A-1 standard hourly wage rate on the adjusted incentive for the job covered thereunder, shall not be less than the percentage of incentive earnings (which does not include the applicable hourly additive) received as an average by regularly assigned incumbents of that job under that incentive during the three (3) months preceding suspension or cancellation provided that the average pay period performance, as measured by the existing standards or production rates, during such three (3) month period is maintained. When the adjusted incentive or the replacement incentive is installed, the interim incentive earnings shall cease and incentive earnings shall be calculated under the adjusted or replacement incentive. As to any job which did not exist under the incentive prior to its adjustment or replacement the average percentage calculated for jobs which did exist shall apply under the same conditions.

F. Adjustment of Personal Out-of-Line Differentials

1. The reduction of an out-of-line rate where a job has been reclassified downwards, shall not be effective to reduce earnings of an employee regularly assigned to the given job as of the date of reclassification. However, the normal turnover of employees shall be utilized in the elimination of any such out-of-line wage rates.

2. As of the effective date of any increase made in job class increments in the standard hourly wage scale under this Agreement the personal out-of-line differentials of all incumbents of incentive and non-incentive jobs shall be adjusted or eliminated by applying that part of the increase in the standard hourly wage scale rate for the job which is attributable to the increase in the increments between job classes to reduce or eliminate such personal out-of-line differentials.

G. Wage Rate Inequity Grievances

No basis shall exist for an employee to allege a wage inequity and no grievance alleging a wage rate inequity shall be filed during the term of this Agreement.

H. Miscellaneous

1. The Company will not establish performance standards for non-incentive jobs not in accordance with the fundamental principle of the work and wage relationship set forth in Subsection D.2. hereof. In any dispute, the Company shall have the obligation to prove that any standard set is in accordance with this principle or to cover the job with an incentive.

2. a. In the event an employee is assigned temporarily, at the request or direction of the Company, from his regular job to another job, such employee, in accordance with the provisions of this section, shall receive the established rate of pay for the job performed or the job rate of his regular job whichever is higher. In addition, while performing work under such circumstances, such employee shall receive such special allowances as may be required to equal the earnings that otherwise would have been realized by the employee if work was available on his regular job. "Work Available" is defined as the Company back filling the employees position from which he was moved or if there is current work sitting at the job from which he was moved, in either situation the employee shall be eligible for "such special allowance" as stated herein.. For non-crew employees, such special allowance shall be computed on the basis of the average wage earned by such employee during his last three (3) working days prior to such a temporary assignment. For crew employees, such special allowance shall be computed on the basis of the crew's performance for that day and the job class of his regular job. This provision shall not affect the rights of any employee of the Company under any other provisions of this Agreement.

b. In the event an employee is assigned out of the labor pool at the request or direction of the Company to a job with lower earnings than a job otherwise available, such employee shall, in addition to receiving the established rate of pay for the job performed, receive such special allowances as may be required to equal the earnings that otherwise would have been realized by the employee in such higher paying job. This provision shall not affect the rights of any employee of the Company under any other provisions of this Agreement.

3. The employees who were incumbents in the occupation of Roller at the Continuous Rolling Mill, as of the completion of the CRM modernization commitment of 2004 described in , and who are working in a job in the Continuous Rolling Mill seniority unit will receive Job Class 28 plus incentive for all hours they would have otherwise been scheduled as a Roller if not for the elimination of the hourly Roller occupation in the continuous Rolling Mill.

I. Shift Differentials

1. For hours worked on the afternoon shift there shall be paid a premium rate of 30 cents per hour. For hours worked on the night shift there shall be paid a premium rate of 45 cents per hour.

2. Shifts shall be identified in accordance with the following:

a. Day Shift includes all turns scheduled to commence between 6:00 a.m. and 8:00 a.m. inclusive.

b. Afternoon Shift includes all turns scheduled to commence between 2:00 p.m. and 4:00 p.m. inclusive.

c. Night Shift includes all turns scheduled to commence between 10:00 p.m. and 12:00 midnight inclusive.

3. Shift differential shall be included in the calculation of overtime compensation. Shift differential

shall not be added to the base hourly rate for the purpose of calculating incentive earnings but shall be computed by multiplying the hours worked by the applicable differential and the amount so determined added to earnings.

4. Any hours worked by an employee on a regularly scheduled shift which commences at a time not specified in paragraph 2., above, shall be paid as follows: 156

a. For hours worked which would fall in the prevailing day turn of the department, no shift differential shall be paid. 157

b. For hours worked which would fall in the prevailing afternoon turn of the department, the afternoon shift differential shall be paid. 158

c. For hours worked which would fall in the prevailing night shift of the department, the night shift differential shall be paid. 159

5. Shift differential shall be paid for allowed time or reporting time when the hours for which payment is made would have called for a shift differential if worked. 160

J. Sunday Premium

1. All hours worked by an employee on Sunday, which are not paid for on an overtime basis, shall be paid for on the basis of employee's rate of pay as defined in paragraph 4., below, at one and one-half times the employee's regular rate of pay. 161

2. For the purpose of this provision, Sunday shall be deemed the twenty-four (24) hours beginning with the turn-changing hour nearest to 12:01 a.m., Sunday. 162

3. Sunday premium based on the minimum hourly wage rate shall be paid for reporting allowance hours. 163

4. The regular rate of pay, as the term is used in paragraph 1., above, shall mean the hourly rate which the 164

employee would have received for the work had it been performed during non-overtime hours; for employees on an incentive, tonnage or piecework basis, such regular rate of pay shall be the average straight time hourly earnings as computed in accordance with existing practices.

K. Cost of Living Adjustment (FROZEN FOR THE TERM OF THE AGREEMENT)

Language to remain in the contract. 165

1. The cost of living adjustment, as calculated for the February 1, 1998 adjustment date pursuant to Paragraph K.2. of Section IV of the 1994 Basic Agreement, shall continue to be paid during the term of this Agreement on the same basis as it was paid at the end of the 1994 Basic Agreement. This cost of living adjustment shall apply to all hours actually worked, overtime premium hours and for any credited reporting allowance hours under Section V.E. of this Agreement, but shall not be considered a part of the employees' pay for any other purpose and shall not be used in the calculation of any other pay, allowance or benefit, regardless of any provision in this or any other Agreement providing for such benefits. 166

2. For purposes of this Subsection K: 167

a. "Consumer Price Index" refers to the "Consumer Price Index for Urban Wage Earners and clerical Workers CPI-W (Revised Series) - All Items (1967 = 100)" published by the Bureau of Labor Statistics, U.S. Department of Labor. 168

b. The Consumer Price Index Base shall be determined as follows: 169

The purpose of such conversion shall be to produce as nearly as possible the 181

same result as would have been achieved using the index in its present form.

6. If the Consumer Price Index falls below the Consumer Price Index Base, there shall be no cost of living adjustment 182

L. Meal Allowance

A meal allowance of \$8.50 will be paid in accordance with the following work schedules. 183

When an employee works four (4) or more hours of overtime immediately following eight (8) hours of straight time or overtime. 184

No meal allowance will be paid when the four (4) hours precede the employee's normal eight (8) hour schedule or when the employee is notified in advance of the overtime schedule. 185

M. Earnings Protection Plan

1. Purpose 186

The purpose of the Earnings Protection Plan (EPP) is to protect a level of earnings for hours worked by employees, with particular emphasis on employees displaced in technological change, through provision of a benefit to be known as a Quarterly Income Benefit (QIB) which, when added to an employee's average earnings for hours worked in a quarter, will increase such average earnings to a specified percentage of the employee's average earnings for hours worked during a base period preceding such quarter. 187

2. Definitions 188

When used in the EPP or in any agreement relating thereto, the following terms are intended to have the meaning set forth below: 189

"Average Earnings" — Average straight time hourly rate of earnings, determined by dividing total earnings 190

(including applicable incentive earnings but excluding shift differentials and Sunday and overtime premiums) for all hours worked by the number of hours worked.

"Base Period" — A.) The pay periods paid in the calendar year preceding the benefit quarter. B.) For employees with twenty (20) or more years of continuous service, the pay periods paid in the second calendar year preceding the benefit quarter, or A. above whichever is greater. 191

"Base Period Rate" — The average earnings for the base period, plus the amount per straight time hour worked of any QIB paid for straight time hours worked in the base period. 192

"Benefit Quarter" — The pay periods paid in a calendar quarter with respect to which benefit determinations are to be made. 193

"Benefit Quarter Rate" — The average earnings for the benefit quarter. 194

"Eligible Employees" — Employees who have two (2) or more years of continuous service (as determined under the Company's non-contributory pension plan) as of the end of the benefit quarter and who have worked 160 or more hours during the base period. 195

3. Quarterly Income Benefits 196

a. Each eligible employee shall receive QIB, subject to all the provisions of the EPP, for any benefit quarter for which his benefit quarter rate does not equal or exceed 85% of his base period rate except for employees with twenty (20) or more years of continuous service, the benefit quarter rate is extended to 90%. 197

b. The amount of the QIB for an employee shall be determined with reference to the hours worked by him in the benefit quarter by multiplying (i) the sum of the number of such hours paid for at straight time plus 1.5 times the number of such hours paid for at overtime rates 198

by (ii) the amount, if any, by which his benefit quarter rate was less than 85% (90% as provided in a. above) of his base period rate; subject to the provisions of c. and d. below

c. In determining the amount of a QIB, the base period rate and the benefit quarter rate shall be appropriately adjusted to neutralize the effect of any general wage increase or decrease occurring after the start of the base period.

d. Any QIB otherwise payable shall be adjusted to the extent necessary to avoid a payment under this plan which would duplicate a payment under a worker's compensation or occupational disease law or under any other arrangement which provides an earnings supplement.

4. Disqualification

a. An employee shall not be paid any QIB for any benefit quarter if it is determined that his benefit quarter rate was significantly lower than it otherwise would have been because of any of the following (occurring in or before such benefit quarter):

(1) Assignment at his own request or due to his own fault to a job with lower earning opportunities or failure to accept assignment, or to assert assignment rights, to a job with higher earning opportunities; except in the case of assignments related to the manning of a new facility or other situations where it is clear from the surrounding circumstances that such event should not affect eligibility for a QIB.

(2) Lower average performance under any applicable incentive than that which was reasonably attainable.

(3) Any occurrence which would disqualify the employee from a Weekly Benefit pursuant to paragraph 3.5.c.(1), (2) or (3) of the SUB Plan.

b. If an employee quits or is discharged, no QIB shall be payable for the benefit quarter in which such quit or discharge occurs. 206

5. General 207

a. Any QIB payable in accordance with the terms of this plan shall be paid promptly after the end of the benefit quarter for which it is payable, shall be considered wages for the purposes of any applicable law, and shall be included in calculating earnings for the purposes of the Company's non-contributory pension plan and vacations, but not for the SUB Plan or any other purpose. For the purposes above provided, the QIB shall constitute wages for the calendar quarter in which it is paid. 208

b. All benefits payable under the EPP shall be paid by the Company 209

c. Disputes arising under the EPP shall be processed under the procedure applicable to disputes arising under the SUB Plan. 210

N. Safety Shoe and Safety Glasses Reimbursement Allowance

Effective upon ratification of the 2017 Agreement, and for the remainder of this Agreement, the Company will reimburse, in accordance with Company Policy, each employee, up to \$150.00 per contract year for the purchase of metatarsal equipped safety shoes for wear at the plant. With managers approval, employees may be reimbursed for a second pair of safety shoes during the contract year period if damaged at work. 211

To be eligible for the allowance for safety shoes purchased outside the Company, each employee must provide proof of purchase. 212

Employees will be required to wear Company approved safety glasses (prescription and non-prescription). Effective upon ratification of the 2014 Agreement, and for the remainder of this Agreement, the 213

Company will reimburse employees, in accordance with Company policy, once every two contract years for the costs of prescription lenses for use in their safety glasses. The Company will also reimburse employees, in accordance with Company policy, for up to \$45.00 every two years, for approved safety glasses frames. With managers approval, employees may be reimbursed for a second pair of prescription safety glasses during the two-year period if damaged at work.

O. New Hire Employees

1. Two-Tier Wage System. All new employees hired after August 1, 2008 will continue to receive an hourly rate which is 20% below the regular hourly rate for the job which he/she is performing. New hires will recover to the full rate of the job for which he/she is performing in 5% steps: first year = 85%; second year = 90%; and third year = 95%. After the fourth year of employment (the 49th month), the new hire shall be paid the full rate of the job that he/she is performing. New hires shall not be paid the Hourly Incentive Plan. If the parties are unable to agree to a new Hourly Bonus Plan, the employees who are not eligible for the hourly incentive pay will continue to participate in the Annual Salary Bonus Plan.

At such hearing, the facts concerning the case shall be made available to both parties.

420 C. After such hearing, or if no such hearing is requested, the Company shall conclude whether the suspension shall be converted into discharge, or, dependent upon the facts of the case, that such suspension shall be extended, reduced, sustained or revoked. If the suspension is revoked, the employee shall be returned to employment and receive full compensation at his regular rate of pay for the time lost. In the event the disposition shall result in either the affirmation or extension of the suspension of the employee, the employee may file a grievance in Step 3 in accordance with the procedure of Section IX - Adjustment of Grievances. **If after the hearing the**

suspension is converted to a discharge, the employee may file a grievance in accordance with paragraph D below.

D. In discharge cases, the time limits as set forth in Section IX - Adjustment of Grievances shall apply except: 421

1. File grievance within ten (10) calendar days after discharge. 422

F. If such initial suspension is for not more than four (4) calendar days and the employee affected believes that he has been unjustly dealt with, he may file a grievance and have it processed in accordance with Section IX - Adjustment of Grievances. 428

G. An employee who is summoned to meet in an office with a supervisor other than his own immediate supervisor for the purpose of discussing possible disciplinary action shall be entitled to be accompanied by his Grievance Committeeman if he requests such representation, provided such representative is then available, and provided further that, if such representative is not then 429

available, the employee's required attendance at such meeting shall be deferred only for such time during the shift as is necessary to provide opportunity for him to secure the attendance of such representative.

H. Reports covering disciplinary penalty of four (4) day's suspension or less of an employee will not be held against such employee who has a clean record for at least two (2) years following the date of his last disciplinary report. SECTION XI - MILITARY SERVICE

A. Reemployment

1. Except as shall be otherwise provided by law or by agreement in writing between the parties hereto, should any employee other than temporary employees at the plant, who has entered or shall enter the military service of the United States, be honorably discharged from such service and shall within ninety (90) days after he is relieved from such service or in the case of disabled veterans within ninety (90) days after the completion of hospitalization continuing after discharge, apply to the Company in writing for reemployment at such plant for the purposes of Section VIII - Seniority, his record of continuous service at that plant shall be deemed not to have been broken by his absence on such military service, and on the basis of said seniority, (determined in accordance with the provisions of said Section VIII) he shall be entitled to reemployment at such plant, if and when work which he is qualified to perform is available in such plant to a position, wage rate and status which he would have reached in normal job and wage progression had he not left the Company for such services and he shall be given preference over any other employee with less seniority as so determined by said Section VIII. Should the employee be unable to perform the job to which he is thereby entitled, he shall be granted a reasonable program

430

431

of training so that he may have the opportunity to perform the work required. If an employee so applying for reemployment shall so request, he shall be granted a leave of absence without pay not to exceed sixty (60) days before he returns to work. The above provisions shall not apply where employees enlist or reenlist during a period other than a national emergency.

2. Any employee entitled to reinstatement under this section who applies for reemployment and who desires to pursue a course of study in accordance with the Federal law granting him such opportunity before or after returning to his employment with the Company, shall be granted a leave of absence for such purpose. Such leave of absence shall not constitute a break in the record of continuous service of such employee, but shall be included therein provided the employee reports promptly for reemployment after the completion or termination of such course of study. Any such employee must notify the Company and the Union in writing at least once each year of his continued interest to resume active employment with the Company upon completing or terminating such course of study. Any employee entitled to reinstatement under this section who entered the Armed Forces of the United States and who returns with service connected disability incurred during the course of his service shall be assigned to any vacancy which shall be suitable to such impaired condition during the continuance of such disability irrespective of seniority; provided, however, that such impairment is of such a nature as to render the veteran's returning to his own job or department onerous or impossible; and provided further that the veteran meets the minimum physical requirements for the job available or for the job as the Company may be able to adjust it to meet the veteran's impairment.

B. Vacations

1. If an employee who would otherwise have been entitled to a vacation with pay, or in lieu thereof to vacation allowance, under the provisions of Section VII -

432

433

Vacations, during the calendar year in which he shall enter the military service of the United States before he shall have accepted vacation allowance in lieu of vacation, he shall be paid an amount equal to the vacation pay which he would have been entitled to receive for the period of such vacation.

2. An employee, who after being honorably discharged from the Armed Forces, is reinstated pursuant to the Company's Military Service Regulations, shall, in the year of his reinstatement, be entitled to a regular vacation based upon his years of continuous service.

C. Military Encampment Allowance

An employee with one (1) or more years of continuous service who is required to attend an encampment of the reserve of the Armed Forces or the National Guard shall be paid, for a period not to exceed two (2) weeks in any military year, the difference between the amount paid by the Government, not including travel, subsistence and quarters allowance, and the amount calculated by the Company in accordance with the following formula. Such pay shall be based on the number of days such employee would have worked had he not been attending such encampment during such two (2) weeks (plus any holiday in such two (2) weeks he would not have worked) and the pay for each such day shall be eight (8) times his average straight-time hourly rate of earnings (including applicable incentive earnings but excluding shift differentials and Sunday and overtime premiums) during the last payroll period worked prior to encampment. If the period of such encampment exceeds two (2) weeks in any military year, the period on which such pay shall be based shall be the first two (2) weeks he would have worked during such period. This time shall be extended in the event that the employee is ordered to fulfill his obligation more than the time frame allotted in this Subsection, in such event the employee shall be compensated for time served while in encampment. This will include weekend drills or encampment.

D. Advisory Committee

A committee consisting of equal representatives of the Company and the Union shall be established in the plant for the purpose of advising on problems relating to reemployment and readjustment of returning service personnel.

SECTION XII - HOLIDAYS

A. 1. The following days shall be considered holidays:

New Year's Day	Labor Day
Good Friday	Thanksgiving Day
Easter Monday	Day After Thanksgiving
Memorial Day	First Day Buck Season
July 4th	Christmas

2. For all hours worked by an employee on any of the holidays specified above, overtime shall be paid at the rate of two and one-half times their regular rate of pay.

3. The holiday shall be the 24-hour period beginning at the turn-changing hour nearest 12:01 a.m. of the holiday. If any of these holidays shall fall on a Sunday, the following Monday (and not such Sunday) shall be observed.

B. 1. Effective as of the date of this Agreement, an eligible employee who does not work on a holiday listed above shall be paid eight (8) times their average straight time hourly rate of earnings (including applicable incentive earnings but excluding shift differential and Sunday and overtime premiums) during the payroll period in which the holiday occurs; provided, however, that if an eligible employee is scheduled to work on any such holiday but fails to report and perform their scheduled or assigned work, such employee shall become ineligible to be paid for the unworked holiday unless such employee has failed to perform such work because of sickness or because of death in the immediate family or because of similar good cause.

2. As used in this section, an eligible employee is one who: 441

a. has completed the probationary period of hours of actual work; 442

b. performs work in the pay period in which the holiday is observed (or the next preceding pay period), except where such employee has not performed work in the pay period because of sickness, disability or layoff, but has worked or is on vacation in both the pay period preceding and the pay period following the holiday pay period; and

c. works as scheduled or assigned both on the employee's last scheduled work day prior to and the employee's first scheduled work day following the day on which the holiday is observed, unless such employee has failed to work because of sickness (**requiring medical certification**) or because of death in the immediate family or because of similar good cause, provided the employee can provide documentation to support the reason for their absence. The above language concerning failure to work as scheduled will also apply to employees who are scheduled to work the holiday. 443

3. a. An eligible employee who would otherwise be entitled to pay for an unworked holiday and who shall be scheduled pursuant to the provisions of Section VII to take a vacation during a period when a holiday occurs, shall be paid for the unworked holiday in addition to the employee's vacation pay. 444

b. The provisions of Section XII - B.3. shall apply to (1) an employee whose vacation has been scheduled prior to layoff and who thereafter is laid off and takes vacation as scheduled, or (2) an employee who is not at work at the time the employee's vacation is scheduled, but who thereafter returns to work and then is absent from work during a holiday week because of the employee's scheduled vacation. An employee who is not at work at the time of scheduling the employee's vacation 445

and is not working at the time the employee's vacation commences is not eligible for holiday pay for a holiday occurring during the employee's vacation within the meaning of Section XII - B.2.b. or Section XII - B.3.a.

C. In determining whether an employee has worked on more than five (5) days in any week for the purposes of Section VI, a holiday occurring in such week shall be considered as a day worked by the employee whether or not the employee shall have worked on such holiday and regardless of whether it was scheduled as a day of work or a day of rest; provided, however, that if the employee shall have been scheduled to work on such holiday and shall have failed to perform the work to which the employee was assigned on such day, such holiday shall not be considered as a day worked by the employee. 446

SECTION XIII - SAFETY AND HEALTH

A. Objective and Obligation of the Parties

1. The Company and the Union will cooperate in the continuing objective to eliminate accidents and health hazards. The Company shall continue to make reasonable provisions for the safety and health of its employees at the plant during the hours of their employment. 447

2. At plants where devices which emit ionizing radiation are used, the Company will continue to maintain safety standards with respect to such devices not less rigid than those adopted from time to time by the Atomic Energy Commission and will maintain procedures designed to safeguard employees and will instruct them as to safe working procedures in event of an incident involving such device. 448

3. The Company will continue its program of periodic inplant air sampling and testing under the direction of qualified personnel. Where the Union Co-Chairman of the Safety Committee alleges a significant on-the-job health hazard due to inplant air pollution, the Company will also make such additional tests and 449

investigations as are necessary. A report based on such additional tests and investigations shall be reviewed and discussed with the Joint Safety Committee.

B. Protective Devices, Wearing Apparel and Equipment

Protective devices, wearing apparel and other equipment necessary to protect properly the employees from injury shall be provided by the Company in accordance with practices now prevailing in each separate department or as such practices may be improved from time to time by the Company. Goggles; gas masks; face shields; safety glasses; respirators; special purpose gloves; fire-proof, water-proof or acid-proof protective clothing, when necessary and required shall be provided by the Company without cost, except that the Company may assess a fair charge to cover loss or willful destruction thereof by the employee. Where any such equipment or clothing is now provided, the present practice concerning charge for loss or willful destruction by the employee shall continue. Proper heating and ventilating systems shall be installed where needed.

C. Joint Safety Committee

1. A Safety Committee consisting of not less than six (6) employees designated by the Union and six (6) Management members designated by the Company shall be established in the plant. The Union and the Management groups shall designate two (2) Co-Chairmen. The Safety Committee Co-Chairmen shall hold monthly meetings at times determined by the Co-Chairman, preferably during regular working hours and/or business hours. Work performed at the direction of both Safety Committee Co-Chairmen will be considered as hours of work. Time consumed on committee work by committee members designated by the Union shall not be considered hours worked to be compensated by the Company. The function of the Safety Committee shall be to advise with Plant Management concerning safety and health matters but not to handle grievances. The Committee may conduct plant tours. In

450

451

the discharge of its function, the Safety Committee shall: consider existing practices and rules relating to safety and health, formulate suggested changes in existing practices and rules and recommend adoption of new practices and rules. Advice of the Safety Committee, together with supporting suggestions, recommendations and reasons, shall be submitted to the safety representative of the Company for his consideration and for such action as he may consider consistent with the Company's responsibility to provide for the safety and health of its employees during the hours of their employment and the mutual objectives set forth in Subsection A.

2. When the Company introduces new personal protective apparel or extends the use of protective apparel to new areas or issues new rules relating to the use of protective apparel, the matter will be discussed with the members of the Safety Committee in advance with the objective of increasing cooperation. Should differences result from such discussions, a grievance may be filed in the Third Step by the Chairman of the Grievance Committee within thirty (30) calendar days after the Company puts such rule or requirement into effect. In the event that the grievance progresses through the grievance procedure to arbitration, the arbitrator shall determine whether such rule or requirement is appropriate to achieve the objective set forth in Subsection A.

3. In the event the Company requires an employee to testify at the formal investigation into the causes of a disabling injury, the employee may arrange to have the Union Co-Chairman of the Safety Committee or the Union member of such committee designated by the Union Co-Chairman to act in his absence, present as an observer at the proceedings for the period of time required to take the employee's testimony. The Union Co-Chairman will be furnished with a copy of such record as is made of the employee's testimony. In addition, in the case of accidents which resulted in disabling injury or death to employees under this Agreement and require a fact-finding investigation, the Company will, at the

452

453

request of the Union Co-Chairman of the Safety Committee, supply to him a written statement of the nature of the injury, the circumstances of the accident, and any recommendations available at that time. In such cases, when requested by the Union Co-Chairman, the Company Co-Chairman of the Safety Committee, or his designated representative, will review the statement with the Union Co-Chairman. Also, in cases resulting in an OSHA investigation, the Company Co-Chairman of the Safety Committee, or his designated representative, when requested by the Union Co-Chairman, will visit the scene of the accident with the Union Co-Chairman, or in his absence, his designated substitute, the International Staff Representative and a member of the International Safety and Health Department or in their absences, a designated substitute from the International Union.

D. Disputes

An employee or group of employees who believe that they are being required to work under conditions which are unsafe or unhealthy beyond the normal hazard inherent in the operation in question shall have the right to file a grievance in Step 3 of the grievance procedure and process it according to the provisions of Section IX - Adjustment of Grievances.

E. Limitation on Use of Disciplinary Records

Written records of disciplinary action against the employee involved for the violation of a safety rule but not involving a penalty of time off will not be used by the Company in any arbitration proceeding where such action occurred one (1) or more years prior to the date of the event which is the subject of such arbitration.

SECTION XIV - SEVERANCE ALLOWANCE

A. Conditions of Allowance

When in the sole judgment of the Company, it decides to close the plant permanently or discontinue permanently a department of the plant or a substantial portion thereof

and terminate the employment of individuals, an employee whose employment is terminated either directly or indirectly as a result thereof because he was not entitled to other employment with the Company under the provisions of Section VIII - Seniority, of this Agreement and paragraph B.2. below, shall be entitled to a severance allowance in accordance with and subject to the following provisions.

B. Eligibility

1. a. Such an employee to be eligible for a severance allowance shall have accumulated three (3) or more years of continuous Company service as computed in accordance with Section VIII - Seniority, of this Agreement.

b. In lieu of severance allowance, the Company may offer an eligible employee a job in at least the same job class for which he is qualified in the same general locality. The employee shall have the option of either accepting such new employment or requesting his severance allowance. If an employee accepts such other employment, his continuous service record in the new department shall be deemed to have commenced as of the date of the transfer, except that for the purposes of severance pay under this section and for the purposes of Section VII - Vacations, his previous continuous service record shall be maintained and not be deemed to have been broken by the transfer.

2. As an exception to Paragraph 1. above, an employee otherwise eligible for severance pay who is entitled under Section VIII - Seniority, to a job in at least the same job class shall not be entitled to severance pay whether he accepts or rejects the transfer. If such transfer results directly in the permanent displacement of some other employee, the latter shall be eligible for severance pay provided he otherwise qualifies under the terms of this section.

C. Scale of Allowance

An eligible individual shall receive severance allowance based upon the following weeks for the corresponding continuous Company service: 460

Continuous Company Service	Weeks of Severance Allowance
3 years but less than 5 years	4
5 years but less than 7 years	6
7 years but less than 10 years	7
10 years or more	8

D. Calculation of Allowance

A week's severance allowance shall be determined in accordance with the provisions for calculation of vacation pay as set forth in Subsection F. of Section VII - Vacations. 461

E. Non-Duplication of Allowance

Severance allowance shall not be duplicated for the same severance whether the other obligation arises by reason of contract, law or otherwise. If an individual is or shall become entitled to any discharge, liquidation, severance or dismissal allowance or payment of similar kind by reason of any law of the United States of America or any of the states, districts or territories thereof subject to its jurisdiction, the total amount of such payments shall be deducted from the severance allowance to which the individual may be entitled under this section, or any payment made by the Company under this section may be offset against such payments. Statutory unemployment compensation payments shall be excluded from the non-duplication provisions of this paragraph. 462

F. Election Concerning Layoff Status

Notwithstanding any other provision of this Agreement, an employee who would otherwise have been terminated in accordance with the applicable provisions of this Agreement and under the circumstances specified 463

in Section XIV-A. may, at such time elect to be placed upon layoff status for thirty (30) days or to continue on layoff status for an additional thirty (30) days if he had already been on layoff status. At the end of such 30-day period, he may elect to continue on layoff status or to be terminated and receive severance allowance if he is eligible to any such allowance under the provisions of Section XIV; provided, however, if he elects to continue on layoff status after the 30-day period specified above, and is unable to secure employment with the Company within an additional 60-day period, at the conclusion of such additional 60-day period, he may elect to be terminated and receive severance allowance if he is eligible for such allowance. Any Supplemental Unemployment Benefit payment received by him for any period after the beginning of such 30-day period shall be deducted from any such severance allowance to which he would have been otherwise eligible at the beginning of such 30-day period.

G. Payment of Allowance

Payment shall be made in a lump sum at the time of termination. Acceptance of severance allowance shall terminate employment and continuous service for all purposes under this Agreement. 464

APPENDIX C DRUG AND ALCOHOL PROCEDURE

Latrobe Steel Company ("Company") and USW Local 1537 agree that they have a vital interest in maintaining safe, healthy, and efficient working conditions for all employees. Being under the influence of drugs or alcohol on the job may pose serious safety and health risks not only to the user, but to all those who work with the user, as well as to our customers. The parties also recognize that their own health and future are dependent upon the physical and psychological health of all employees. The parties have established the following policies with regard to use, possession or sale of drugs or alcohol:

- The manufacture, possession, use, consumption, distribution, sale, purchase, or transfer of, or being under the influence of drugs or alcohol is strictly prohibited while on The Company premises or while performing Company business.

- The Company will maintain pre-employment screening practices (see Testing below) designed to prevent hiring individuals who use illegal drugs or individuals whose use of legal drugs or alcohol indicates a potential for impaired or unsafe job performance.

- Employees will not be permitted to work while under the influence of drugs or alcohol. All employees will be tested (see Testing below) for drugs and alcohol in the following circumstances:

(a) After every OSHA recordable injury accident.

(b) When severe and prolonged reduction in productivity is noted.

(c) If observed using a prohibited substance on the job.

(d) If reporting to work in an unfit condition.

(e) If observed under the influence of drugs or alcohol.

(f) Before returning to work after a six-month absence for any reason.

(g) As required by a customer's program or contract with a federal or state agency.

Employees who occupy sensitive positions from a safety, health or security standpoint, including all transportation positions, will be tested on at least an annual basis. Refusal to comply with a fitness-for-duty evaluation may result in disciplinary action, up to and including discharge. Employees testing positive will be referred to the Company's Employee Assistance Program ("EAP") for suitable medical treatment or rehabilitation. Before being allowed to return to work, an employee must receive medical clearance, and, upon return to work, will be retested without notice for a period of one year.

It is recognized that employees undergoing prescribed medical treatment with a controlled substance that may affect the safe performance of their duties are required to provide written documentation from their personal physician to the Company's Medical Review Officer ("MRO") and may be required to be reassigned from their normal job until they are medically fit to return to their normal job.

PROCEDURE

The Company recognizes that drug/alcohol abuse is a treatable illness. The Company shall not discriminate against employees who voluntarily seek treatment for such illnesses. No employee shall have his or her job security threatened by seeking assistance for a substance abuse problem. The same consideration for referral and treatment that is afforded to other employees having non-drug/ non-alcohol related illnesses shall extend to such employees. Every effort shall be made to provide an early identification of a substance abuser, to work with and assist the employee in seeking and obtaining treatment without undue delay. Training will be provided to supervisors and union representatives to allow them to recognize symptoms of substance abuse impairment. Early identification of the substance abuser shall be based upon job performance and related criteria, as well as resulting impairment on the job from the job activities or reasonable suspension as described below. The supervisor of the employee shall bring such information to the attention of the

Company's Labor Relations representative who will notify the President, USW Local 1537 for further evaluation. An employee who voluntarily seeks treatment for a substance abuse problem which requires a leave of absence for treatment shall be granted such leave of absence if supported by appropriate medical certification and further shall be eligible for benefits under the existing Program of Insurance Benefits.

An employee who has been informed of the Company Drug and Alcohol Policy and refuses to seek the assistance of the EAP after testing positive will be terminated. Employees will be given one (1) opportunity (other than pre-notification of a substance abuse problem) to request rehabilitation in the event that they do not pass the drug and/or alcohol testing procedure as outline herein. If an employee enters a rehabilitation program as a result of such failure, said employee shall sign the proper release in order to permit the Company's MRO to stay in contact with the employees' physician or counselor during the treatment to ensure that the employee is in compliance with the prescribed treatment. The employee will be placed on medical leave during his or her absence. Once the Company has been informed in writing by the employee's physician or counselor that the employee is able to return to work and before the employee returns to work, the employee must sign a "Last Chance Agreement" relevant to the Drug and Alcohol issue only, and agree to be tested without notice up to four times over a period of one year. After signing the "Last Chance Agreement" and before returning to work, the employee must subject himself/herself to another drug or alcohol test to demonstrate fitness for duty. An employee tested for-cause may be placed on probationary status while waiting for the test results, and may be sent home without pay during the time required for a specimen to be evaluated. If the employee passes such test the employee shall automatically be reinstated to his/her job and shall be made whole for any and all loss of earnings.

REASONABLE SUSPICION

Reasonable Suspicion for testing purposes means suspicion based on specific personal observation by not less than two (2) supervisors (if available) or a supervisor and a Union official (if available), when only one supervisor is available.

The observing supervisor shall describe and document not less than three (3) of the following symptoms to give rise for testing.

Symptoms: Slurred Speech, Disorientation, Odor of Alcohol, Odor of Marijuana, Staggering Walk, Glazed Eyes, Glassy Eyes, Hallucinations (seeing things that are not there), Poor Time and Distance Perceptions, Disoriented Behavior, Wanders Aimlessly, Belligerent Conduct toward other employees/supervisors, or **damages equipment where damage amounts exceed \$1,500 to the equipment.** The parties agree that other symptoms not mentioned above may support reasonable suspicion testing.

TESTING

All testing will be done by a qualified independent licensed testing laboratory chosen by the Company and agreed to by the President, USWA Local 1537. The test will not be conducted by the Company's MRO or nurse. The collection, shipment, chain of custody, and retention procedures for blood, urine or other samples shall be in accordance with the procedures established by applicable government agencies. All employee records relating to drug or alcohol tests shall be treated as medical records and kept confidential.

DRUG TESTING

An immunoassay screening test will be performed on the drugs listed below. If the screening test is positive, then a gas chromatography/mass spectrometry (CG/MS) confirmatory test will be performed as listed below. Employees and applicants will be required to sign a Chemical Screening Consent and Release Form before testing. Refusal to sign the form will be cause for dismissal or not to be hired. The employee shall be paid any loss earnings while being transported to and from such testing facility and while taking such test. The Company shall provide transportation to and from such facility. Prior to actually taking such test, the employee may admit that he/she has a substance abuse problem and shall be provided the necessary rehabilitation as though he/she entered into a rehabilitation program voluntarily with no detrimental results to said employee. (This provision does not prevent appropriate discipline for those who are involved

in accidents, damage Company property or threaten other employees/supervisors.) The employee must notify the person administering such test of any medications whether prescribed or over the counter, in order for the levels of such medication to be considered in the test. However, this medication shall not have a negative impact on the employee provided that such pre-testing notification is given. Any request by a tested employee for a second confirmation test to be conducted shall be honored. The cost of both the first test and any second test shall be paid by the Company.

Drugs are screened by immunoassay. Positive results are confirmed by gas chromatography with mass spectrometry (GC/MS). The following threshold concentrations are used for this analysis:

Drug Threshold	Screening Threshold	Confirmation
Amphetamines	1,000 ng/ml	500 ng/ml
Barbiturates	300 ng/ml	300 ng/ml
Benzodiazepines	300 ng/ml	300 ng/ml
Cocaine metabolite	300 ng/ml	150 ng/ml
Opiates	300 ng/ml	300 ng/ml
Phencyclidine	25 ng/ml	25 ng/ml
Methadone	300 ng/ml	300 ng/ml
Methaqualone	300 ng/ml	300 ng/ml
Propoxyphene	300 ng/ml	300 ng/ml
Marijuana metabolite	50 ng/ml	15 ng/ml

The Company's MRO shall first inform the tested employee of the results. In the event that a test result is positive the employee shall supply information to the Company's MRO that may explain why such result was positive.

ALCOHOL TESTING

The Company may utilize breathalyzers or other testing procedures to detect alcohol use or possible impairment of employees. The minimum threshold concentration level that determines a positive breathalyzer test is .02 below the legal limit

as followed in the Pennsylvania Law DUI Law (not the CDL limits) of breath. If the breathalyzer screening test is positive, then a confirmatory blood alcohol test will be performed at a designated medical laboratory.

This Paragraph will not apply to employees who fail to qualify on the machines because of reasons not related to the Company actions (time/resources). If an employee fails any of the

progressive requirements twice for the same task, the employee will remain at the same JC until he/she completes the required training if it extends past the six-month increment. The Level 3 NDT Technicians will have the responsibility for certifying and qualifying the NDT Technicians to move from JC 16 to JC 22 and from JC 22 to JC 28.
