

PEF, What you're doing is a crime.

PEF: You say CUT BACK member services USW: We say FIGHT BACK and maintain member services!

Following the success of PEF's first-ever Membership Engagement Blitz, which was led by USW Organizers and Field Representatives working together with PEF members—PEF eliminated its Organizing Department!!

PEF members, ask yourselves these questions:

- Why did PEF shut down its Organizing Department at such a pivotal point in labor unions and in PEF's history?

- When the need for membership engagement is greater than ever, why is PEF closing departments while spending record amounts of PEF members dues on EOL for political cronies and outside contractors?
- How do these decisions benefit you – the rank and file PEF member? Invest in member services – not eliminate them!
