ARTICLE ONE - AGREEMENT

Section A. Parties to the Agreement

This Agreement, dated **September 1, 2018** (the Basic Labor Agreement, BLA or the Agreement), is between United States Steel Corporation (USS or the Company) and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, or its successor (the Union or USW) on behalf of Employees of the Company (as defined in Article Two, Section A (Coverage)) at the Plants listed in Appendix Y. (Covered Plants).

Section B. Term of the Agreement

1. The effective date of the Agreement shall be **September 1, 2018** (the Effective Date) except as otherwise expressly provided.
2. Except as otherwise provided below, this Basic Labor Agreement shall terminate at the expiration of sixty (60) days after either Party shall give written notice of termination to the other Party, but in any event shall not terminate earlier than **September 1, 2022** (the Termination Date).
3. If either Party gives such notice, it may include therein notice of its desire to negotiate with respect to insurance, pensions, successorship and supplemental unemployment benefits. If the Parties do not reach agreement with respect to such matters by the end of sixty (60) days after giving such notice, either Party may thereafter resort to strike or lockout, as the case may be, in support of its position with respect to such matters, as well as any other matter in dispute. This Paragraph shall apply to all such matters, including insurance, pensions, successorship and supplemental unemployment benefits, notwithstanding any contrary provision of existing agreements on those subjects.
4. Any notice to be given under this Agreement shall be given by certified mail and shall be postmarked by the required date. Mailing of notice to the Union should be addressed to the United Steelworkers, Five Gateway Center, Pittsburgh, Pennsylvania 15222; mailing of notice to the Company should be addressed to 600 Grant Street, Pittsburgh, PA 15219-4776. Either Party may, by like written notice, change the address to which certified mail notice shall be given.

ARTICLE TWO - UNION SECURITY

Section A. Recognition and Coverage

1. The Company recognizes the Union as the exclusive representative of a bargaining unit made up of individuals occupying salaried office clerical, salaried technical and salaried plant clerical jobs in the Company facilities covered by this Agreement. Individuals within this bargaining unit shall be known as "Employees." The term "Employees" excludes only production and maintenance

bargaining unit employees, managers, confidential employees, supervisors and guards as defined under the National Labor Relations Act. Individuals who are employed by the Company and are not in this bargaining unit shall be known as "non-bargaining unit employees." Individuals who are in the bargaining unit and those who are not in the bargaining unit shall be known collectively as "employees."

2. Except as expressly provided herein, the provisions of this BLA constitute the sole procedure for the processing and settlement of any claim by an Employee or the Union of a violation by the Company of this Agreement. As the representative of the Employees, the Union may process grievances through the grievance procedure, including arbitration, in accordance with this BLA or may adjust or settle same.
3. When the Company establishes a new or changed job in a Plant with duties that include a material level of clerical or technical work or both, which is (or, in the case of new work, would be) performed on a job within the bargaining unit, the resulting job shall be considered a job within the bargaining unit; provided that where non-bargaining unit duties are added to a job in the bargaining unit on a temporary basis, they may be withdrawn. The Company will provide the Union thirty (30) days notice of the establishment of any such job.
4. The Parties acknowledge that this Agreement contemplates a substantial restructuring of bargaining unit work that broadens the duties historically performed by the bargaining unit, thereby reducing the need for and level of supervision. Consistent with the foregoing, supervisors at a Plant shall not perform work which, under the restructuring it is contemplated will be performed by the bargaining unit, except:
 - a. experimental work;
 - b. demonstration work performed for the purpose of instructing and training Employees;
 - c. work required by conditions which, if not performed, might result in interference with operations, bodily injury or loss or damage to material or equipment;
 - d. work that would be unreasonable to assign to an Employee or which is negligible in amount; and
 - e. work which is incidental to supervisory duties on a job normally performed by a supervisor.
5. If a non-bargaining unit employee performs work in violation of Paragraph 4 and the Employee who otherwise would have performed this work can reasonably be identified, the Company shall pay such Employee his/her applicable Salary Rate of Pay for the time involved or for four (4) hours, whichever is greater.

6. When an Employee is assigned as a temporary foreman or supervisor, Management shall notify the Local Union **Grievance Chairperson in writing within fourteen (14) days of the assignment**. Such assignments shall be limited to:
 - a. The short term absence of a foreman for reasons such as sickness, jury duty or vacation.
 - b. A foreman position resulting from increases in operating requirements over and above normal levels. Such a position shall not be filled by the assignment of any Employee as temporary foreman for a period in excess of ten (10) consecutive months, provided however, that such period may be extended by mutual agreement.
 - c. Twenty-first turn coverage on continuous operations.
 - d. Evaluation as a candidate for a managerial position for up to six (6) months during the term of the Agreement.
 - e. An Employee assigned as a temporary foreman or supervisor will not issue discipline to Employees, provided that this provision will not prevent a temporary foreman or supervisor from relieving an Employee from work for the balance of the turn for alleged misconduct. An Employee will not be called by either Party in the grievance procedure or arbitration to testify as a witness regarding any events involving discipline which occurred while the Employee was assigned as a temporary foreman or supervisor.

Section B. Union Membership and Dues Checkoff

1. Each Employee who, on the effective date of this Agreement, is a member of the Union and each Employee who becomes a member after that date shall, as a condition of employment, maintain membership in the Union. Each Employee who is not a member of the Union on the effective date of this Agreement and each Employee who is hired thereafter shall, as a condition of employment, beginning on the thirtieth (30th) day following the beginning of such employment or the effective date of this Agreement, whichever is later, acquire and maintain membership in the Union.
2. Should the above provision be unenforceable for any reason, then, to the extent permitted by law, each Employee who would be required to acquire or maintain membership in the Union if the provision in Paragraph 1 above could lawfully be enforced, and who fails voluntarily to acquire or maintain membership in the Union, shall be required, as a condition of employment, beginning on the thirtieth (30th) day following the beginning of such employment or the effective date of this Agreement, whichever is later, to pay to the Union each month a service charge as a contribution towards the Union's collective bargaining representative expenses. The amount of the service charge, including an initiation fee if applicable, shall be as designated by the International Union Secretary-

Treasurer.

3. Wherever Paragraph 1 or 2 above is applicable:
 - a. The Company will check off, by pay period, monthly dues or service charges, including, where applicable, initiation fees and assessments, each in amounts as designated by the International Union Secretary-Treasurer, effective upon receipt of individually signed voluntary checkoff authorization cards. The Company shall within ten (10) days remit any and all amounts so deducted to the International Union Secretary-Treasurer with a completed summary of USW Form R-115 or its equivalent.
 - b. At the time of employment, the Company will suggest that each new Employee voluntarily execute an authorization for the checkoff of amounts due or to be due under Paragraph 1 or 2 above. A copy of the card will be forwarded at the time of signing to the Financial Secretary of the Local Union.
 - c. The Union will be notified of the amount transmitted for each Employee (including the hours and earnings used in the calculation of such amount) and the reason for non-transmission, such as in the case of interplant transfer, layoff, discharge, resignation, leave of absence, sick leave, retirement, death or insufficient earnings.
 - d. The International Union Secretary-Treasurer shall notify the Company in writing of any Employee who is in violation of any provision of Paragraph 1 or 2 above.
 - e. The Union shall indemnify the Company and hold it harmless against any and all claims, demands, suits and liabilities that shall arise out of or by reason of any action taken or not taken by the Company for the purpose of complying with the foregoing provisions of this Section B, or in reliance on any list, notice, or assignment furnished under such provisions.

Section C. PAC and SOAR Checkoff

1. The Company will deduct Political Action Committee (PAC) contributions for active Employees who have submitted authorization for such deductions from their wages and for retirees who have submitted authorization for such deductions from their pension. Such deductions shall be on a form reasonably acceptable to the Company and shall be promptly remitted to the Secretary-Treasurer of the USW PAC Fund.
2. For retirees who are or wish to become members of the Steelworkers Organization of Active Retirees (SOAR) and who have submitted authorization for such deductions from their pension, the Company will deduct SOAR dues from their pension. Such deductions shall be on a form reasonably acceptable to

the Company and shall be promptly remitted to the International Union Secretary-Treasurer.

3. The Union shall indemnify the Company and hold it harmless against any and all claims, demands, suits and liabilities that shall arise out of or by reason of any action taken or not taken by the Company for the purpose of complying with the foregoing provisions of this Section C, or in reliance on any list, notice, or assignment furnished under such provisions.

Section D. Successorship

1. The Company agrees that it will not sell, convey, assign or otherwise transfer, using any form of transaction, any Plant or significant part thereof covered by this Agreement (any of the foregoing, a Sale) to any other party (Buyer), unless the following conditions have been satisfied prior to the closing date of the Sale:
 - a. the Buyer shall have entered into an agreement with the Union recognizing it as the bargaining representative for the Employees working at the Plant(s) to be sold; and
 - b. the Buyer shall have entered into an agreement with the Union, **either (i) establishing the terms and conditions of employment to be effective as of the closing date of the Sale, or (ii) assuming all agreements applicable to the Plants acquired.**
2. Change of Control is defined as (a) the purchase or acquisition by any person, entity or group, as these terms are used in Sections 13(d) and 14 (d) of the Securities Exchange Act of 1934, as amended, of securities that constitute or are exchangeable for a majority of the common equity or securities entitled to vote in the election of directors of the Company; (b) a merger or consolidation in which the holders of the Company's common equity or securities entitled to vote in the election of directors immediately prior to such merger or consolidation hold less than fifty percent (50%) of such common equity or voting securities of the succeeding entity or of its ultimate parent immediately after such merger or consolidation; or (c) the sale of all or substantially all of the assets of the Company.
3. The Company agrees that it will not consummate any transaction resulting in a Change of Control of the Company (a Transaction) unless the ultimate parent company of the entity which gains Control (Newco) has satisfied the following conditions prior to the consummation of the Transaction:
 - a. Newco shall have recognized the Union as the bargaining representative for the Employees then employed by the Company;
 - b. Newco shall have provided the Union with reasonable assurances that it has both the willingness and financial wherewithal to honor the commitments contained in all of the agreements between the Company

and the Union applicable to the Employees (All USW Agreements);

- c. Newco shall have assumed all USW Agreements.
- 4. This Section shall not apply to any transactions solely between the Company and any of its Affiliates, or to a public offering of registered securities.
- 5. Notwithstanding the provisions of Article One, Section B (Term of the Agreement), this Section shall expire one (1) year after the Termination Date.

Section E. Neutrality

1. Introduction

The Company and the Union have developed a constructive and harmonious relationship built on trust, integrity and mutual respect. The Parties place a high value on the continuation and improvement of that relationship.

2. Neutrality

- a. To underscore the Company's commitment in this matter, it agrees to adopt a position of Neutrality regarding the unionization of any employees of the Company.
- b. Neutrality means that, except as explicitly provided herein, the Company will not in any way, directly or indirectly, involve itself in any matter which involves the unionization of its employees, including but not limited to efforts by the Union to represent the Company's employees or efforts by its employees to investigate or pursue unionization.
- c. The Company's commitment to remain neutral as defined above may only cease upon the Company demonstrating to the arbitrator under Paragraph 7 below that in connection with an Organizing Campaign (as defined in Paragraphs 3(a) through 3(c) below) the Union is intentionally or repeatedly (after having the matter called to the Union's attention) materially misrepresenting to the employees the facts surrounding their employment or is unfairly demeaning the integrity or character of the Company or its representatives.

3. Organizing Procedures

- a. Prior to the Union distributing authorization cards to non-represented employees at a facility owned, controlled or operated by the Company, the Union shall provide the Company with written notification (Written Notification) that an organizing campaign (Organizing Campaign) will begin. The Written Notification will include a description of the proposed bargaining unit.

- b. The Organizing Campaign shall begin immediately upon provision of Written Notification and continue until the earliest of: (1) the Union gaining recognition under Paragraph 3(d)(5) below; (2) written notification by the Union that it wishes to discontinue the Organizing Campaign; or (3) ninety (90) days from provision of Written Notification to the Company.
- c. There shall be no more than one (1) Organizing Campaign in a bargaining unit in any twelve (12) month period.
- d. Upon Written Notification the following shall occur:

(1) Notice Posting

The Company shall post a notice on all bulletin boards of the facility where notices are customarily posted as soon as the Unit Determination Procedure in Paragraph 3(d)(3) below is completed. This notice shall read as follows:

“NOTICE TO EMPLOYEES

We have been formally advised that the United Steelworkers is conducting an organizing campaign among certain of our employees. This is to advise you that:

- 1. The Company does not oppose collective bargaining or the unionization of our employees.
- 2. The choice of whether or not to be represented by a union is yours alone to make.
- 3. We will not interfere in any way with your exercise of that choice.
- 4. The Union will conduct its organizing effort over the next ninety (90) days.
- 5. In their conduct of the organizing effort, the Union and its representatives are prohibited from misrepresenting the facts surrounding your employment. Nor may they unfairly demean the integrity or character of the Company or its representatives.
- 6. If the Union secures a simple majority of authorization cards of the employees in [insert description of bargaining unit provided by the Union] the Company shall recognize the Union as the exclusive representative of such employees without a secret ballot election conducted by the National Labor Relations Board.

7. The authorization cards must unambiguously state that the signing employees desire to designate the Union as their exclusive representative.
8. Employee signatures on the authorization cards will be confidentially verified by a neutral third party chosen by the Company and the Union.”

Following receipt of Written Notification, the Company may only communicate to its employees on subjects which directly or indirectly concern unionization on the issues covered in the Notice set forth above or raised by other terms of this Neutrality Section and consistent with this Section and its spirit and intent.

(2) Employee Lists

Within five (5) days following Written Notification, the Company shall provide the Union with a complete list of all of its employees in the proposed bargaining unit who are eligible for Union representation. Such list shall include each employee’s full name, home address, job title and work location. Upon the completion of the Unit Determination Procedure described in Paragraph 3(d)(3) below, an amended list will be provided if the proposed unit is changed as a result of such Unit Determination Procedure. Thereafter during the Organizing Campaign, the Company will provide the Union with updated lists monthly.

(3) Determination of Appropriate Unit

As soon as practicable following Written Notification, the Parties will meet to attempt to reach an agreement on the unit appropriate for bargaining. In the event that the Parties are unable to agree on an appropriate unit, either Party may refer the matter to the Dispute Resolution Procedure contained in Paragraph 7 below. In resolving any dispute over the scope of the unit, the arbitrator shall apply the principles used by the National Labor Relations Board.

(4) Access to Company Facilities

During the Organizing Campaign the Company, upon written request, shall grant continuous access to well-traveled areas of its facilities to the Union for the purpose of distributing literature and meeting with unrepresented Company employees. Distribution of Union literature shall not compromise safety or production or unreasonably disrupt ingress or egress or the normal business of the facility. Distribution of Union literature and meetings with employees shall be limited to non-work areas during non-work time.

(5) Card Check/Union Recognition

- (a) If, at any time during an Organizing Campaign which follows the existence of a substantial and representative complement of employees in any unit appropriate for collective bargaining, the Union demands recognition, the Parties will request that a mutually acceptable neutral (or an arbitrator from the American Arbitration Association if no agreement on a mutually acceptable neutral can be reached) conduct a card check within five (5) days of the making of the request.
- (b) The neutral shall confidentially compare the authorization cards submitted by the Union against original handwriting exemplars of the entire bargaining unit furnished by the Company. If the neutral determines that a simple majority of eligible employees has signed cards which unambiguously state that the signing employees desire to designate the Union as their exclusive representative for collective bargaining purposes, and that cards were signed and dated during the Organizing Campaign, then the Company shall recognize the Union as the exclusive representative of such employees without a secret ballot election conducted by the National Labor Relations Board.
- (c) The list of eligible employees submitted to the neutral shall be jointly prepared by the Union and the Company.

4. Hiring

- a. The Company shall, at any facility which it builds or acquires, give preference in hiring to qualified Employees of the Company then accruing Continuous Service under the Agreement. In choosing between qualified applicants, the Company shall apply standards established by Article Five, Section E (Seniority) of the Agreement.
- b. The hiring provision set forth above shall not apply where the employer for the purposes of collective bargaining is or will be a Venture (as defined in Paragraph 5(a) below); provided, however, that in a case where a Venture could have an adverse impact on employment opportunities for then current Employees, then the hiring provision set forth above shall apply to such Venture as well.
- c. Before implementing Paragraphs 4(a) and (b), the Company and the Union will decide how this preference will be applied.
- d. In determining whether to hire any applicant (whether or not such applicant is an Employee covered by the Agreement), the Company shall

refrain from using any selection procedure which, directly or indirectly, evaluates applicants based on their attitudes or behavior toward unions or collective bargaining.

5. Definitions and Scope of this Agreement

a. Rules with Respect to Affiliates and Ventures

(1) For purposes of this Section, the Company includes (in addition to the Company) any entity which is:

(a) engaged in the United States or Canada in (1) the mining, refining, production, processing, transportation, distribution or warehousing of raw materials used in the making of steel; or (2) the making, finishing, processing, fabricating, transportation, distribution or warehousing of steel; and

(b) either an Affiliate or Venture of the Company.

(2) An Affiliate shall mean any business enterprise that Controls, is under the Control of, or is under common Control with the Company.

Control of a business enterprise shall mean possession, directly or indirectly, of either:

(a) fifty percent (50%) of the equity of the enterprise; or

(b) the power to direct the management and policies of said enterprise.

(3) Venture shall mean a business enterprise in which the Company owns a material interest.

b. Rules With Respect to Existing Affiliates and Ventures

The Company agrees to cause all of its existing Affiliates and/or Ventures that are covered by the provisions of Paragraph 5(a)(1)(a) above, to become a Party/Parties to this Section and to achieve compliance with its provisions.

c. Rules with Respect to New Affiliates and Ventures

The Company agrees that it will not consummate a transaction which would result in the Company having or creating (1) an Affiliate or (2) a Venture, without ensuring that the New Affiliate and/or New Venture, if covered by the provisions of Paragraph 5(a)(1)(a) above, agrees to and becomes bound by this Section.

- d. In the event that an Affiliate or Venture is not itself engaged in the operations described in Paragraph 5(a)(1)(a) above, but has an Affiliate or Venture that is engaged in such operations, then such Affiliate or Venture shall be covered by all provisions of this Section.

6. Bargaining in Newly-Organized Units

Where the Union is recognized pursuant to the above procedures, the first collective bargaining agreement applicable to the new bargaining unit will be determined as follows:

- a. The employer and the Union shall meet within fourteen (14) days following recognition to begin negotiations for a first collective bargaining agreement covering the new unit. In these negotiations the Parties shall bear in mind the wages, benefits and working conditions in the most comparable operations of the Company (if any comparable operations exist), and those of unionized competitors to the facility in which the newly recognized unit is located.
- b. If after ninety (90) days following recognition the Parties are unable to reach agreement for such a collective bargaining agreement, they shall submit those matters that remain in dispute to the Chair of the Union Negotiating Committee and the Chair of the Company Negotiating Committee, who shall use their best efforts to assist the Parties in reaching a collective bargaining agreement.
- c. If after thirty (30) days following the submission of outstanding matters the Parties remain unable to reach a collective bargaining agreement, the matter may be submitted to final offer interest arbitration in accordance with procedures to be developed by the Parties.
- d. If interest arbitration is invoked, it shall be a final offer package interest arbitration proceeding. The interest arbitrator shall have no authority to add to, detract from or modify the final offers submitted by the Parties, and the arbitrator shall not be authorized to engage in mediation of the dispute. The arbitrator shall select one or the other of the final offer packages submitted by the Parties on the unresolved issues. The interest arbitrator shall select the final offer package found to be the more reasonable when considering (1) the negotiating guidelines described in Paragraph 6(a) above, (2) any matters agreed to by the Parties and therefore not submitted to interest arbitration and (3) the fact that the collective bargaining agreement will be a first contract between the Parties. The decision shall be in writing and shall be rendered within thirty (30) days after the close of the interest arbitration hearing record.
- e. Throughout the proceedings described above concerning the negotiation of a first collective bargaining agreement and any interest arbitration that

may be engaged in relative thereto, the Union agrees that there shall be no strikes, slowdowns, sympathy strikes, work stoppages or concerted refusals to work in support of any of its bargaining demands. The Company, for its part, likewise agrees not to resort to the lockout of Employees to support its bargaining position.

7. Dispute Resolution

- a. Any alleged violation or dispute involving the terms of this Section may be brought to a joint committee of one (1) representative each from the Company and the Union. If the alleged violation or dispute cannot be satisfactorily resolved by the Parties, either Party may submit such dispute to the Board of Arbitration. A hearing shall be held within ten (10) days following such submission and the Board shall issue a decision within five (5) days thereafter. Such decision shall be in writing and need only succinctly explain the basis for the findings. All decisions by the Board pursuant to this Section shall be based on the terms of this Section and the applicable provisions of the law. The Board's remedial authority shall include the power to issue an order requiring the Company to recognize the Union where, in all the circumstances, such an order would be appropriate.
- b. The Board's award shall be final and binding on the Parties and all employees covered by this Section. Each Party expressly waives the right to seek judicial review of said award; however, each Party retains the right to seek judicial enforcement of said award.
- c. For any dispute under this Section and the interest arbitration procedure described in Paragraph 6 above, the Parties shall present such dispute to the Board of Arbitration which shall honor the time table set forth above for the hearing and the decision.

Section F. Contracting Out

1. Guiding Principle

- a. The Guiding Principle is that the Company will use Employees to perform any and all work which they are or could be capable (in terms of skill and ability) of performing (Bargaining Unit Work), unless the work meets one of the exceptions outlined in Paragraph 2 below.
- b. Any individual or entity other than an employee who performs Bargaining Unit Work shall be referred to herein as an Outside Entity.

2. Exceptions

In order for work to qualify as an exception to the Guiding Principle, such work must meet all aspects of one (1) of the definitions outlined below and the

Company must be in full compliance with all of the requirements of the particular exception as outlined below.

a. New Construction Work

New Construction Work is work associated with significant (in the context of the facility) projects involving the installation, replacement or reconstruction of any equipment or productive facilities which (a) is not regular, routine or day-to-day maintenance or repair work; (b) does not involve bundling unrelated work; and (c) does not involve any work not related to the project in question.

The Company may use Outside Entities to perform New Construction Work.

b. Surge Work

Surge Work is work which is required, by bona fide business needs, to be performed where: (a) the use of Outside Entities would materially reduce the duration of the work; and (b) the work cannot reasonably be performed by bargaining unit forces without delaying other work necessary to the business of the Plant.

The Company may use Outside Entities to perform Surge Work provided that the Company has first offered all reasonable and appropriate requested overtime on the Surge Work to all qualified Employees.

c. Production Work

The Company may use Outside Entities to perform production work outside the Plant and its environs provided the Company demonstrates that it is utilizing Plant equipment to the maximum extent consistent with equipment capability and customer requirements and the Company is making necessary capital investments to remain competitive in the steel business and is in compliance with Article Eleven, Section B (Investment Commitment).

d. Shelf Items

(1) Notwithstanding the above, the Union recognizes that as part of the Company's normal business, it may purchase standard components, parts or supply items, produced for sale generally ("Shelf Items"). No item shall be deemed a standard component or part or supply item if:

(a) its fabrication requires the use of prints, sketches or detailed manufacturing instructions supplied by the Company or at the Company's behest or by another company engaged in

producing or finishing steel or it is otherwise made according to detailed Company specifications or those of such other company;

- (b) it involves a unit exchange; or
- (c) it involves the purchase of electric motors, engines, transmissions, or converters under a core exchange program (whether or not title to the unit passes to the vendor/purchaser as part of the transaction), unless such transaction is undertaken with an original equipment manufacturer, or with one of its authorized dealers, provided that the items in the core exchange program that are sold to the Company are rebuilt using instructions and parts supplied by the original equipment manufacturer (or, if the part or parts are not stocked by the original equipment manufacturer, approved by such manufacturer).

- (2) It is further provided that adjustments in the length, size, or shape of a Shelf Item, so that it can be used for a Company specific application, shall be deemed for the purposes of this Section to be Fabrication Work performed outside the Plant.
- (3) With respect to Shelf Items, the Company may purchase goods, materials, and equipment, where the design or manufacturing expertise involved is supplied by the vendor as part of the sale.

e. Shelf Item Procedure

- (1) No later than June 1, 2004, and annually thereafter, the Company shall provide the Union members of the Contracting Out Committee with a list and description of anticipated ongoing purchases of each item which the Company asserts to be a Shelf Item within the meaning of Paragraph 3 above. If the Union members of the Committee so request, the list shall not include any item included on a previous list where the status of that item, as a Shelf Item, has been expressly resolved.
- (2) Within sixty (60) days of the submission of the list, either the Union members or the Company members of the Contracting Out Committee may convene a prompt meeting of the Committee to discuss and review the list of items, and, if requested, the facts underlying the Company's assertion that such items are Shelf Items.
- (3) The Contracting Out Committee may resolve the matter by mutually agreeing that the item in question either is or is not a Shelf Item. With respect to any item which the Union members of the

Committee agree is a Shelf Item, the Company shall be relieved of any obligation to furnish a contracting out notice until the next review following such agreement and thereafter, if the Union has requested that a resolved item be deleted from the Shelf Item list in accordance with Paragraph 4(a) above.

- (4) If the matter is not resolved, any dispute may be processed further by filing, within thirty (30) days of the date of the last discussion, a grievance in Step 2 of the Grievance Procedure described in Article Five, Section I.
- (5) An item which the Company asserts to be a Shelf Item, but which was not included on the list referred to in Paragraph 4(a) above because no purchase was anticipated, shall be listed and described on a notice provided to the Union not later than the regularly scheduled meeting of the Contracting Out Committee next following purchase of the item. Thereafter, the Parties shall follow the procedures set forth in Paragraphs 4(c) and (d) above.

f. Warranty Work

- (1) Warranty Work is work which is not a service contract and which is performed pursuant to a pre-existing warranty on new or rehabilitated equipment or systems (1) in order to assure that seller representations will be honored at no additional cost to the Company; (2) within eighteen (18) months of the installation of such warranted equipment unless longer warranties are the manufacturer's published standard warranties offered to customers in the normal course of business; and (3) for the limited time necessary to make effective seller guarantees that such equipment or systems are free of errors or will perform at stated levels of performance.
- (2) The Company may use Outside Entities to perform Warranty Work provided the Company is not responsible for the cost of such work.

3. Commitment

In addition to the understandings described in Paragraphs 1 and 2 above, the Company agrees that:

- a. Where total hours worked by employees of Outside Entities in or outside the Plant reach or exceed the equivalent of one (1) full time employee, defined as forty (40) hours per week over a period of time sufficient to indicate that the work is full time, the work performed by Outside Entities will be assigned to Employees and the number of Employees will be appropriately increased if necessary, unless the Company is able to clearly demonstrate that the work cannot be performed by the addition of

an Employee(s), or that assignment of the work to Employees would not be economically feasible. In determining whether the assignment of the work to Employees is or is not economically feasible, the lower wage rates, if any, of an Outside Entity shall not be a factor.

- b. The Parties agree that the Union may at any time enforce the obligations described above, irrespective of the Company's compliance with any other obligation in this Section or any other part of the Agreement, and that an arbitrator shall specifically require the Company to meet the above Commitment, including imposing hiring orders and penalties.
- c. The Company shall supply the Contracting Out Committee (as defined below) with all requested information regarding compliance with the Commitment.

4. Contracting Out Committee

At each Plant a committee consisting of four (4) employees, two (2) individuals designated by each of the Parties, shall be constituted to serve as the Contracting Out Committee. The Committee shall meet as required but not less than monthly to:

- a. review bargaining unit force levels for the Plant;
- b. review historical contractor utilization by the Plant;
- c. review projections for contractor utilization by the Plant;
- d. monitor the implementation of new programs or hiring to reduce contractor utilization; and
- e. develop new ideas and implementation plans to effectively reduce contractor usage in accordance with the terms of this Section.

5. Notice and Information

- a. Prior to the Company entering into any agreement or arrangement to use Outside Entities to perform Bargaining Unit Work, except in the case of emergencies, the Company will provide written notice to the Contracting Out Committee. In all cases other than emergencies (where the notice shall be provided as soon as practicable) and day-to-day maintenance and repair, such notice will be provided in sufficient time to permit a final determination, using the Expedited Procedure, of whether or not the proposed use of Outside Entities is permitted. Such notice shall include the following:

- (1) location, type, duration and detailed description of the work;

- (2) occupations involved and anticipated utilization of bargaining unit forces;
 - (3) effect on operations if the work is not completed in a timely fashion; and
 - (4) copies of any bids from Outside Entities and any internal estimating done by or on behalf of the Company regarding the use of the Outside Entities.
- b. Should either the Union or the Company believe a meeting to be necessary, a written request shall be made within five (5) days (excluding Saturdays, Sundays and holidays) after receipt of such notice. The meeting shall be held within three (3) days (excluding Saturdays, Sundays and holidays) thereafter. At such meeting, the Parties shall review in detail the plans for the work to be performed and the reasons for using Outside Entities. The Union shall be provided with all relevant information available to the Company concerning the use of Outside Entities at issue.
- c. Should the Company fail to give notice as provided above, then not later than thirty (30) days from the later of the date of the commencement of the work or when the Union becomes aware of the work, a grievance relating to such matter may be filed.

6. Mutual Agreement

- a. In the event the Contracting Out Committee resolves a matter in a fashion which in any way permits the use of Outside Entities, such resolution shall be final and binding only as to the matter under consideration and shall not affect future determinations under this Section.
- b. No agreement, whether or not reached pursuant to this Section, which directly or indirectly permits the use of Outside Entities on an ongoing basis, shall be valid or enforceable unless it is in writing and signed by the President/Unit Chair and the Grievance Committee Chair/Unit Grievance Committeeperson of the affected Local Union. Any such valid agreement shall expire on the Termination Date of this Agreement, unless signed by a Representative of the International Union.

7. Expedited Procedure

In the event the Union or the Company requests an expedited resolution of any dispute arising under this Section, it shall be submitted to the Expedited Procedure in accordance with the following:

- a. Within three (3) days (excluding Saturdays, Sundays and holidays) after either the Union or the Company determines that the Contracting Out Committee cannot resolve the dispute, the moving Party must advise the

other in writing that it is invoking this Expedited Procedure.

- b. An expedited arbitration must be scheduled within three (3) days (excluding Saturdays, Sunday and holidays) of such notice and heard at a hearing commencing within five (5) days (excluding Saturdays, Sundays and holidays) thereafter.
- c. The Board shall render a decision within forty-eight (48) hours (excluding Saturdays, Sundays and holidays) of the conclusion of the hearing.
- d. Notwithstanding any other provision of this Agreement, any case heard in the Expedited Procedure before the work in dispute was performed may be reopened by the Union if such work, as actually performed, varied in any substantial respect from the description presented in arbitration. The request to reopen the case must be submitted within seven (7) days of the date on which the Union knew or should have known of the variance.

8. Quarterly Review

- a. Not less than quarterly, the Contracting Out Committee shall meet with the Local Union President/Unit Chair and the General Manager of the Plant, or his/her designee, for the purpose of reviewing all work for which the Company anticipates utilizing Outside Entities at some time during the next or subsequent quarters. The Union shall be entitled to review any current or proposed contracts concerning such work and shall keep such information confidential.
- b. During the review, the Contracting Out Committee may (1) agree on items of work that should be performed by Outside Entities for which Notice under Paragraph 5 above is therefore not required; or (2) disagree on which items of work should be performed by Employees and which should be performed by Outside Entities for which notice under Paragraph 5 is therefore required.
- c. During the quarterly review, the Company will provide to the Contracting Out Committee a detailed report showing work performed by Outside Entities since the last such report. For each item of work the report shall include the date and shift the work was performed; a description of the work; and the total number of hours worked by trade, craft or occupation.

9. General Provisions

a. Special Remedies

- (1) Where it is found that the Company (a) engaged in conduct which constitutes willful or repeated violations of this Section or (b) violated a cease and desist order previously issued by the Board of Arbitration in connection with this Section F, the Board shall fashion

a remedy or penalty specifically designed to deter the Company's behavior.

- (2) With respect to any instance of the use of an Outside Entity, where it is found that notice or information was not provided as required under Paragraph 5 above, and that such failure was willful or repeated and deprived the Union of a reasonable opportunity to suggest and discuss practicable alternatives to the use of an Outside Entity, the Board shall fashion a remedy which includes earnings and benefits to Employees who otherwise would have performed the work.

b. Outside Individuals Testifying in Arbitration

No testimony offered by an individual associated with an Outside Entity may be considered in any proceeding unless the Party calling the outsider provides the other Party with a copy of each Outside Entity document to be offered in connection with such testimony at least forty-eight (48) hours (excluding Saturdays, Sundays and holidays) before commencement of that hearing.

Section G. Printing of Contracts

1. Immediately following the Effective Date of this Agreement, the Parties will create mutually acceptable labor and benefits agreements. These agreements shall, at the expense of the Company, be printed by a union printer in a form (size, paper stock, number of copies, etc.) and a manner of distribution reasonably designated by the Union. The distribution shall occur within three (3) months of the Effective Date.
2. The Company shall provide the Union with electronic versions of all agreements between the Parties.

Section H. Hiring Preference

1. In all hiring for bargaining unit positions, the Company shall, subject to its obligations under applicable equal employment opportunity laws and regulations, give consideration, to the full extent of interest, to applicants who are the direct relatives (children, children-in-law, step-children, spouse, siblings, grandchildren, nieces and nephews) of Employees who meet established hiring criteria.
2. Such hiring shall conform to applicable lines of progression, bidding, promotion and other requirements under this Agreement.
3. The Company shall, subject to these and other applicable provisions, make the final decision to accept or reject a particular applicant for employment.

Section I. Local Union Elections

Upon request and adequate notice, the Company will provide the Local Union with a suitable area on Company property for conducting a Union election. The Company will not be required to provide an area which will interfere with Plant operations or with ingress or egress.

ARTICLE THREE—HEALTH, SAFETY AND THE ENVIRONMENT

Section A. Employee and Union Rights

1. Employees have the right to a safe and healthful workplace, to refuse dangerous work, to adequate personal protective equipment, to safety and health training, to a proper medical program for workplace injuries and illnesses, and to a reasonable alcoholism and drug abuse policy.
2. The Union has the right to participate in active and informed Joint Safety and Health and Environmental Committees, to appoint Union Health and Safety representatives, to join in regular safety audits and accident/incident investigations, to receive full and continuing access to all information related to the work of the Committees (including all OSHA reports), and to participate in programs which address certain special hazards. The Company will provide the Union Health, Safety and Environment Department (Union Safety Department) with prompt telephonic notification of the basic facts concerning any fatality at the worksite, followed by a written communication, and a copy of the fatal accident report.
3. The Company will develop and implement, with the involvement of the Union as provided below, policies and programs for ensuring these rights.

Section B. The Right to a Safe and Healthful Workplace

1. The Company will provide safe and healthful conditions of work for its Employees and will, at a minimum, comply with all applicable laws and regulations concerning the health and safety of Employees at work and the protection of the environment. The Company will install and maintain any equipment reasonably necessary to protect Employees from hazards.
2. The Company will make every reasonable effort to ensure that all equipment is maintained in a safe condition. Its inspection and maintenance program will give top priority to equipment critical to Employee safety and health. Where faulty equipment creates an abnormal risk to Employees, the Company will take all necessary steps to eliminate the risk.
3. The Company will provide suitable heating and ventilation systems and keep them in good working order.

Section C. The Right to Refuse Unsafe Work

1. If an Employee, acting in good faith and on the basis of objective evidence,

believes that there exists an unsafe or unhealthful condition beyond the normal hazards inherent in the operation (Unsafe Condition), s/he shall notify his/her immediate supervisor. The Employee and the supervisor will make every attempt to resolve the condition in the interest of safety. Thereafter, s/he has the right, subject to reasonable steps for protecting other Employees and equipment, to be relieved from duty on that job and to return to that job only when the Unsafe Condition has been remedied. The Company shall assign the Employee to other available work in the Plant, consistent with this Agreement and without displacing another Employee.

2. If the Company disputes the existence of the allegedly Unsafe Condition, the Grievance Chair and the Plant General Manager or Plant Safety Manager or their designees will immediately investigate and determine whether it exists.
3. If after the investigation it is determined that the condition existed, the Employee will be made whole for any lost time in connection with the condition. If after the investigation the Company does not agree that an Unsafe Condition exists, the Union has the right to present a grievance in writing to the appropriate Company representative and thereafter the Employee shall continue to be relieved from duty on that job. The grievance will be presented without delay directly to the Board of Arbitration, which will determine whether the Employee acted in good faith in refusing the work and whether the Unsafe Condition was in fact present.
4. No Employee who in good faith exercises his/her rights under this Section will be disciplined for doing so. Should the Company contend that an Employee did not exercise his/her rights under this Section in good faith and discipline is issued, the protections of Article 5, Section I(9)(c) (Justice and Dignity) shall apply .
5. If the Board of Arbitration determines that an Unsafe Condition within the meaning of this Section exists, it shall order that the Condition be corrected and that the correction occur before the Employee returns to work on the job in question and the Employee shall be made whole for any lost earnings.

Section D. The Right to Adequate Personal Protective Equipment

The Company will provide, without cost to the Employee, effective protective equipment in good working order, appropriate to environmental conditions, when required by law or regulation or when necessary to protect Employees from injury or illness. Consideration will be given for environmental conditions. Such equipment includes, but is not limited to, goggles, hard hats, safety glasses, hearing protectors, face shields, respirators, special-purpose gloves, protective clothing and harnesses. The Company may assess a fair charge to cover negligent loss or willful destruction by the Employee.

Section E. The Right to Safety and Health Training

1. All Employees will be provided with periodic safety and health training. This training shall be no less than eight (8) hours annually. In addition, before the initial assignment to a particular job, Employees will receive training on the

nature of the operation or process; the hazards of the job; controls in place; safe working procedures and the reasons for them; the purpose, use and limitations of the required personal protective equipment; and other controls or precautions associated with the job. Such training will also be provided when the job changes in a way that affects the nature or severity of the hazards.

2. All Plant-specific safety and health training programs will be fully discussed and reviewed by the Joint Safety and Health Committee prior to implementation. The Company will make a reasonable effort to use qualified Employees chosen by the Union Chair of the Joint Safety Committee as trainers and will ensure that trainers are instructed in effective teaching techniques. Upon request, the USW Corporate-Level Safety and Health Coordinator will be provided with a copy of all safety and health training materials and be afforded the opportunity to review the training.

Section F. The Right to a Proper Medical Program for Workplace Injuries and Illnesses

1. The Company will provide first aid equipment and trained personnel in close proximity to each of its facilities. The Company will provide Employees who are seriously injured on the job with prompt emergency transportation **in accordance with applicable first responder EMT protocols**, to an appropriate treatment facility and return transportation to the Plant. Where such Employees are unable to safely transport themselves home and alternatives are not available, the Company will make arrangements for such Employees to be transported home.
2. An Employee who, as a result of an occupational injury or illness, is unable to return to his/her assigned job for the balance of the shift will be paid any earnings lost on that shift.
3. The Company will make medical screening for occupational illnesses available to Employees or retirees of the Company where a government agency requires such screening.
4. The Company will not require any Employee to submit to any medical test or answer any medical history question that is not related to the Employee's ability to perform his/her job.
5. The Company will maintain the privacy of reports of medical examinations of its Employees and will only furnish such reports to a physician designated by the Employee with the written authorization of the Employee; provided that the Company may use or supply such medical examination reports of its Employees in response to subpoenas, requests by a governmental agency authorized by law to obtain such reports and in arbitration or litigation of any claim or action involving the Company and the Employee. Upon written request by the Employee, the Company will provide the Employee with a copy of the Employee's medical records at no cost to the Employee. All medical

examinations will be conducted by or under the supervision of a licensed physician.

6. If a Company physician detects a medical condition that requires further medical attention, s/he will advise the Employee of such condition.

Section G. The Right to a Reasonable Policy on Alcoholism and Drug Abuse

1. The Parties desire a drug and alcohol free workplace. Consistent with this objective, alcoholism and drug abuse are recognized by the Parties as treatable conditions. The Company and the Union agree to the need for an Employee Assistance Program (EAP), administered and funded by the Company to encourage and facilitate the rehabilitation of Employees afflicted with alcoholism or drug abuse. The EAP will utilize professional counselors and Employee advocates who will operate under conditions of strict confidentiality.
2. The Company may require an Employee to submit to for cause drug and alcohol testing where there is a reasonable basis to believe the Employee is affected by drugs or alcohol (as established by the completion of the DA-1 form). Employees involved in an incident/accident will be tested only when based on the written assessment of the incident (Form DA-1) an error in their coordination or judgment could have contributed to the incident/accident. The Company may require Employees in their probationary period to submit to periodic drug and alcohol testing and may also require drug and alcohol testing as part of the physical examination of an Employee returning to work after an absence due to layoff in excess of ninety (90) days.
3. Drug and alcohol tests will utilize scientifically accepted methods for evaluating use. Testing methods currently in use at U.S. Steel will be deemed to have met this standard. D.O.T cut-off levels will be used for purposes of determining whether a urine test is positive for drugs. When a biological sample is taken, a portion will be retained for retesting should the Employee dispute a positive result and request a retest. Hair testing will not be used for "for cause" testing as set forth in Paragraph 2 above.
4. Employees (other than probationary Employees) who test positive for drugs or have a blood or breath alcohol level of .04 or greater will be offered an opportunity for rehabilitation in lieu of discipline pursuant to a Last Chance Agreement. However, this provision shall not affect the right of the Company to discipline Employees for other reasons.
5. Employees will not be required to submit to drug or alcohol testing for any other reason, unless such testing is conducted pursuant to a Last Chance Agreement or is required by law.

Section H. The Union's Right to Participate in a Joint Safety and Health Committee

1. A Joint Safety and Health Committee (Joint Safety Committee) will be established at each facility to be composed of the Local Union President/Unit Chair, Plant Manager, **and the Safety Manager** and one (1) additional member for each department (but no less than three (3) additional members) as designated by each Chair, respectively. Notwithstanding the foregoing, the Parties agree to maintain the local practices and agreements in effect as of September 1, 2008, with respect to the number of Employee members of the Joint Safety Committee at each Plant.
2. The Joint Safety Committee will have the following Plant (Works) functions: participating in the design of safety and health programs including strategic planning; assisting in the establishment of safe job procedures; participating in safety and health audits; reviewing safety rules; participating in the investigation of workplace incidents/accidents; reviewing accident, injury, illness and other statistics related to safety and health; participating in the design of safety and health training programs; reviewing proposed changes in technology or operations for their impact on Employee safety and health; participating in Safety & Operating Inspections (SOIs); participating in the selection of personal protective equipment; participating in divisional safety activities; participating in hazard assessments; discussing the Company's response to proposed regulations and legislation affecting safety and health; participating in and reviewing the results of safety and health inspections or industrial hygiene monitoring by OSHA, MSHA, and NIOSH; collecting and responding to safety and health concerns raised by individual members of the Joint Safety Committee or Employees; and working together to promote an awareness of safety and health hazards and safe work procedures. The Union Chair will meet with the Safety Manager on at least a weekly basis to discuss past and future Joint Safety Committee activities as well as other safety and health issues.
3. The Joint Safety Committee will hold periodic meetings at times determined by the Chairs, but no less often than monthly. Either Chair may request a special meeting of the Joint Safety Committee, which request shall not unreasonably be denied. The Union members will be afforded time to meet privately as needed to prepare for meetings of the Joint Safety Committee.
4. The Company and the Union will each keep minutes of meetings. Prior to every regular meeting, the Company will prepare a written response to concerns or action items noted at the previous meeting, as well as any open items from previous meetings. The two (2) sets of minutes, or a jointly agreed reconciled version, along with the Company's written response to concerns and action items, will be included in the official record of the meeting.
5. The Company will not implement any substantive changes to the Plant's safety and health programs, policies or rules; introduce new protective equipment or

eliminate existing protective equipment; or modify safety and health training, unless the Joint Safety Committee has been notified and the Union has been provided the opportunity to fully discuss the change and make recommendations which the Company will in good faith consider. Where substantive changes are made to Corporate standard safety practices, the USW Corporate-Level Safety and Health Coordinator will be notified and provided the same opportunities set forth above. Such notifications will be made at the earliest practicable time.

6. The Joint Safety Committee will not handle grievances, although it may discuss safety and health issues that have led to a grievance.
7. The Company, in cooperation with the Union Safety Department, will provide annual training for full-time Company paid members of the Joint Safety Committee. The Company will pay the reasonable cost of training materials and facilities, as well as necessary expenses and lost time in accordance with local Plant understandings. The Union may, at its discretion, use one (1) of those sessions to deliver training to Union members only.
8. Members of the Joint Safety Committee will be afforded access, consistent with their own safety and the safety of the operation, to all operational areas of the Plant for the purpose of conducting the legitimate business of the Committee, upon notification to the appropriate Company representative. The Director of the Union Safety Department or his/her designee will be allowed access to the Plant upon notification to the Company.
9. The Company will provide an office in a convenient location in the Plant for the exclusive use of Union members of the Joint Safety Committee. The office will be equipped with a telephone and a computer.
10. The Union members of the Joint Safety Committee will be compensated for lost time for all hours spent on Committee work as described in H-2 and H-3 above, in accordance with existing local Plant understandings and Appendix R-4.
11. The Parties will sponsor an annual safety and health meeting, attended by full-time Company paid Union members of the Joint Safety Committee from each Plant covered by this Agreement, Union Safety and Health Coordinators, appropriate Company counterparts and members of the Union Safety Department. The Company will pay reasonable travel expenses, other expenses and lost time for Employees determined in accordance with local Plant understandings.

Section I. The Union's Right to Participate in Environmental Issues

1. A Joint Environmental Sub-Committee of the Joint Safety and Health Committee will be established at each location, composed of an equal number of employees designated by the Union and the Company. The Joint Safety and Health Sub-

Committee will meet regularly to discuss environmental issues affecting the Company and to make appropriate recommendations.

2. The Company will make available for review to the Sub-Committee all non-confidential environmental reports, monitoring results, analyses, materials received from the EPA and other agencies, and any other relevant, non-confidential documents related to the Company's environmental program and obligations.

Section J. The Right to Union Safety and Health Coordinators

1. The full-time Safety and Health Coordinators selected by the Chair of the Union Negotiating Committee in accordance with Article Six, Section C will work in cooperation with the Plant Safety Manager on safety and health matters such as those identified in H-2 above. The Coordinator will participate in the weekly meetings between the Union Chairs of the Joint Safety Committee(s) and the Plant Safety Manager as described in H-2 above.
2. The Joint Safety Committee, Company Safety and Health Department and Union Safety Department will cooperate in designing and implementing training for Union Safety and Health Coordinators.

Section K. The Union's Right to Participate in Incident/Accident Investigations

1. When an incident/accident occurs that results, or could have resulted, in a serious injury, the Company will immediately notify the Union Chair of the Joint Safety Committee who will have the right to immediately visit the scene, or to assign another Union member of the Joint Safety Committee to visit the scene, consistent with his/her safety. The Union Chair or designee will serve on the investigation team established to determine the cause of the incident/accident, and participate in the preparation of the report. The Company will provide the Joint Safety Committee with access to the site and any information relevant to understanding the causes of the incident/accident.
2. If the Company requires an Employee to testify or be interviewed at the formal investigation into the causes of an incident/accident or disabling injury, the Employee will be advised that s/he may have a Union representative present at the proceedings. The Union will be furnished with a copy of such record as is made of the Employee's testimony or interview.
3. No Employee will be disciplined or discriminated against in any way solely for suffering an injury or illness or for reporting an incident/accident in good faith. The Company will not establish any program, policy, practice or work rule that is likely to discourage Employees from reporting accidents, injuries or illness. The Company will adhere to the principles of progressive discipline when it imposes discipline for a safety violation, meaning it will take into account the gravity of the violation and the Employee's prior discipline record, unless the violation results from malice, recklessness or knowing defiance of an established and properly

communicated safety rule, policy or procedure.

4. A joint safety and health audit shall be conducted at each plant at least annually. The audit team shall not include individuals from that Plant, and shall have an equal number of managers and Employees. Audits will be conducted pursuant to existing protocols and understandings.
5. A Union member of the Joint Safety Committee designated by the Union Chair shall be afforded the opportunity to participate in any safety inspection conducted by a government agency.

Section L. Carbon Monoxide Control, Toxic Substances and Harmful Physical Agents

1. The Company will routinely perform engineering surveys of hazards, periodic in-Plant industrial hygiene sampling and testing for harmful physical agents at each location covered by this Agreement. The survey, to be conducted by qualified personnel, will list locations from which significant amounts of carbon monoxide, toxic substances and harmful physical agents could escape, the conditions which might cause such a release, and the steps necessary to minimize or control the hazard. The survey will be updated annually and whenever significant changes are made to the gas-handling system or procedure.
2. Based on sampling and surveys, the Company will implement a program for the control of such hazards including engineering and equipment changes necessary to eliminate or reduce the hazards identified in the survey; necessary amendments to safe job procedures; the installation and regular testing of fixed automatic monitors equipped with alarms; the use of portable monitors; regular inspection and maintenance of testing equipment; provision of an adequate number of approved breathing apparatus appropriate for emergency operations and in locations readily accessible to Employees; Employee training including regular drills; an emergency rescue program with appropriate rescue and trained personnel; and the investigation by the Joint Safety Committee of all incidents which involve the accidental releases of such hazards, cause an alarm to trigger or result in an elevated level of carboxyhemoglobin in any exposed person. The Joint Safety Committee will review the survey and the program whenever it is updated.

Section M. Ergonomics

1. The Parties will establish a program to identify ergonomic risks in the Plant and recommend controls.
2. If the Company determines a Contractor is needed to conduct an ergonomic study, a member of the plant Joint Safety Committee designated by the Union Chair will be consulted regarding the selection of said Contractor.
3. The Joint Safety Committee will be provided with copies of any report completed

Section N. Safety Shoe Allowance

Each active Employee will be provided by the Company, in accordance with applicable laws, one (1) pair of Company-approved safety shoes for the Employee's use at work or the full purchase price of such shoes. A voucher system may be used to provide such shoes. The Company shall also replace such shoes, as necessary.

Section O. No Union Liability

The Company has the exclusive legal responsibility for safety and health conditions in the Plant and for environmental matters. 2. Harassment on the basis of any of the categories listed above may be considered discrimination under this Section.
3. The Company shall not retaliate against an Employee who complains of discrimination or who is a witness to discrimination.
4. There shall be no interference with the right of Employees to become or continue as members of the Union and there shall be no discrimination, restraint or coercion against any Employee because of membership in the Union.
5. The right of the Company to discipline an Employee for a violation of this Agreement shall be limited to the failure of such Employee to discharge his/her responsibilities as an Employee and may not in any way be based upon the

failure of such Employee to discharge his/her responsibilities as a representative or officer of the Union. The Union has the exclusive right to discipline its officers and representatives. The Company has the exclusive right to discipline its officers, representatives and employees.

6. Nothing herein shall be construed to in any way deprive any Employee of any right or forum under public law.

1. A Joint Committee on Civil Rights (Joint Committee) shall be established at each location covered by this Agreement. The Union shall appoint two (2) members, in addition to the Local Union President/Unit Chair and Grievance Chair. The Company shall appoint an equal number of members, including the Plant Manager, or his designated representative, and the Manager of Employee Relations. The Parties shall each appoint a Chair and shall provide each other with updated lists of the members of the Joint Committee.
2. The Joint Committee shall meet as necessary and shall review and investigate matters involving Civil Rights and attempt to resolve them.
3. The Joint Committee shall not displace the normal operation of the grievance procedure or any other right or remedy and shall have no jurisdiction over initiating, filing or processing grievances.
4. In the event an Employee or Union representative on the Joint Committee brings a complaint to the Joint Committee, the right to bring a grievance on the matter shall be preserved in accordance with the following:
 - a. The complaint must be brought to the attention of the Joint Committee within the same timeframe that a complaint must be brought to Step 1 of the grievance procedure.
 - b. The Employee must provide the Joint Committee with at least forty-five (45) days to attempt to resolve the matter.
 - c. At any time thereafter, if the Joint Committee has not yet resolved the matter, the Employee may request that the Grievance Chair file it as a grievance in Step 2 of the grievance procedure, and upon such filing the Joint Committee shall have no further jurisdiction over the matter.
 - d. If the Joint Committee proposes a resolution of the matter and the Employee is not satisfied with such resolution, the Grievance Committee Chair may file a grievance in Step 2 of the grievance procedure, provided such filing is made within thirty (30) days of the Employee being made aware of the Joint Committee's proposed resolution.
 - e. The Union members of the Joint Civil Rights Committee shall be

compensated for lost time spent in joint training related to the function of the Joint Civil Rights Committee.

Section C. Workplace Harassment, Awareness and Prevention

1. All Employees shall be educated in the area of workplace harassment awareness and prevention on a periodic basis.
2. A representative of the Union's Civil Rights Department and a representative designated by the Company's Employee Relations Department will work together to develop joint harassment and prevention education, with input from the Plants and Local Unions.
3. Members of the Joint Civil Rights Committee will be trained in matters relative to this provision.
4. All new Employees (and all Employees who have not received such training) will be scheduled to receive one (1) to two (2) hours of training as to what harassment is, why it is unacceptable, its consequences for the harasser and what steps can be taken to prevent it.
5. All Employees shall be compensated in accordance with the standard local Plant understandings for time spent in training referred to in this Section.

Section D. Child Care, Elder Care and Dependent Care

1. The Parties agree to identify programs that meet the changing needs of working families, particularly in regard to dependent care.
2. At each location covered by this Agreement the Parties shall create a Dependent Care Committee, comprised of a Joint Efforts Coordinator and a designee of the Plant Manager and the Local Union President/Unit Chair. The Committee shall meet and be responsible for the identification and, where appropriate, development of dependent care programs. The Committee will utilize local community resources which are able to support the issues of child, elder and dependent care.
3. The Committee's efforts shall include fact finding and identifying working model programs during the term of this Agreement, such as:
 - a. twenty-four (24) hour resources and referral systems;
 - b. subsidy and/or reimbursement provisions for dependent care services;
 - c. pre-tax programs;
 - d. near-site or on-site dependent care centers;

- e. before and after work care for extended workdays;
- f. holiday, emergency and sick care on workdays; and
- g. development of community-based groups with other unions and companies in the region to cost effectively provide dependent care services.

ARTICLE FIVE– WORKPLACE PROCEDURES

Section A. Local Working Conditions

1. Local Working Conditions

The term Local Working Conditions as used in this Section means specific practices or customs which reflect detailed applications of matters within the scope of wages, hours of work or other conditions of employment, including local agreements, written or oral, on such matters. It is recognized that it is impracticable to set forth in this Agreement all of these working conditions, which are of a local nature only, or to state specifically in this Agreement which of these matters should be changed or eliminated. The provisions set forth below provide general principles and procedures which explain the status of these matters and furnish necessary guideposts. Any arbitration arising under this Section shall be handled on a case-by-case basis.

2. Deprivation of Benefits

In no case shall Local Working Conditions deprive an Employee of rights under this Agreement and the conditions shall be changed or eliminated to provide the benefits established by this Agreement.

3. Benefits in Excess

Should there be any Local Working Conditions in effect which provide benefits that are in excess of, or in addition to, but not in conflict with benefits established by this Agreement, they shall remain in effect for the term of this Agreement, except as they are changed or eliminated by mutual agreement or in accordance with Paragraphs 4 or 6 below.

4. Right to Change

The Company shall have the right to change or eliminate any Local Working Condition if the basis for the existence of the Local Working Condition is changed or eliminated, thereby making it unnecessary to continue such Local Working Condition.

5. Modification of Agreement

No Local Working Condition shall be established or continued which changes or modifies any provision of this Agreement, except as it is approved in writing by the Chairs of the respective Negotiating Committees.

6. Additional Requirements

- a. After May 20, 2003, all Local Working Conditions must be reduced to writing and signed by the Plant Manager and the Local Union President/Unit Chair.
- b. A Local Working Condition established prior to May 20, 2003, which would interfere with the attainment of the workplace restructuring objective set forth in Appendix C-1: Workplace Restructuring and Productivity of the 2003 BLA will be eliminated or modified as appropriate. Those Local Working Conditions unaffected by the foregoing will be preserved.

Section B. New or Changed Jobs

As part of the workplace restructuring agreed to during the course of the 2003 collective bargaining between the Parties, five (5) new jobs were established to replace the existing jobs. The descriptions for these five (5) jobs are very broad in nature and apply to all of the Plants covered by this Agreement. Due to the manner in which these jobs are described, the Parties do not anticipate that it will be necessary to change these descriptions or their corresponding labor grades. The procedure set forth below is provided for in the unlikely event that a change would be required in the future.

1. The jobs provided for under this Agreement are set forth in Appendix A-2.
2. The job description and salary grade classification for each job in effect as of the date of this Agreement shall continue in effect unless changed in accordance with mutual agreement of the Chair of the Union Negotiating Committee and the Company's Senior Vice President & Chief Human Resources Officer, or by a decision by the Board of Arbitration pursuant to Paragraph 9 below.
3. The Chairs of the respective Negotiating Committees shall meet at least annually to discuss issues concerning the job descriptions.
4. At each location covered by this Agreement, the Union shall designate up to two (2) individuals to serve on a Job Evaluation Committee. The Committee shall be provided with paid time off in accordance with standard local Plant understandings to conduct its business as described in this Section.
5. In the event the Company chooses to modify the duties of an existing job or create a new job, it shall follow the procedure outlined below.
6. The Company shall meet with the Job Evaluation Committee and present it with a written description of how it intends to modify an existing job or a complete description of a proposed new job. The description shall include:

- a. the requirements of such new or modified job in the areas of training, skill, responsibility, effort and surroundings (Requirements);
 - b. the Company's view as to how these Requirements compare to the Requirements for existing jobs at the Plant; and
 - c. based on Paragraphs (a) and (b) above, at what rate the Company believes the job should be paid.
- 7. The Job Evaluation Committee shall be provided with any additional information requested in connection with its assessment of the new or modified job.
- 8. If the Parties are unable to agree upon the appropriate duties and rate of pay for the new or modified job, they shall submit their dispute to arbitration using a procedure to be developed by the Parties.
- 9. The arbitrator shall base his/her decision on the Requirements of the new or modified job and how those Requirements compare to the Requirements for the existing jobs at the Plant and other Plants of the Company.

Section C. Hours of Work

- 1. Normal Workday and Work Week
 - a. The normal workday shall be any regularly scheduled consecutive twenty-four (24) hour period comprising eight (8) consecutive hours of work and sixteen (16) consecutive hours of rest. The normal workweek shall be five (5) consecutive workdays beginning on the first day of any seven (7) consecutive day period. The seven (7) consecutive day period is a period of 168 consecutive hours and may begin on any day of the calendar week and extend into the next calendar week. On shift changes, the 168 consecutive hours may become 152 consecutive hours depending upon the change in the shift. This Section shall not be considered as any basis for the calculation or payment of overtime, which is covered solely by Article Five, Section D.
 - b. Schedules showing Employees' workdays shall be posted or otherwise made known to Employees not later than Thursday of the week preceding the biweekly period in which the schedule becomes effective. The Company will establish a procedure affording any Employee whose last scheduled turn ends prior to the posting of his/her schedule for the following biweekly period an opportunity to obtain information relating to his/her next scheduled turn. This procedure will also be applicable with respect to Employees returning from vacation.
- 2. Absenteeism
 - a. It is expected that Employees shall adhere to their schedule. When an

Employee has just cause to be late for or absent from work, s/he shall, as promptly as possible, contact the designated person and provide the pertinent facts and when the Employee expects to return to work.

- b. Reasonable rules for the implementation of these principles shall be developed by the Company and made known to Employees. Such rules will not deprive any Employee of any rights otherwise provided by this Agreement, including Absentee Control in Paragraph 3 below, and shall be reasonably applied.

3. Absentee Control

- a. The parties recognize that absenteeism has an adverse impact upon the morale and job security of the Employees who are good attenders and the productivity of the operations. In an effort to address the issue of absenteeism, the following Absentee Control Program is agreed upon for the term of this Agreement.

- b. Definitions – When used in this Absentee Control Program, or in any agreement relating thereto, the following terms are intended to have the meaning set forth below:

- (1) Absence – Any failure to work each scheduled shift for any reason (excluding any failure to work a scheduled shift because of vacations, appearing as a witness or juror where payment would be due under Article Nine, Section D (Jury or Witness Duty), Bereavement Leave, Military encampment, an absence due to Union business, an absence due to an illness which requires in-patient hospitalization and/or related out-patient care, an absence based on a course of treatment for a continuing illness that is confirmed by medical certificate, or the Employee's being excused from work from a scheduled shift by his supervisor), provided that a failure to work two or more consecutive scheduled shifts will be counted as only one Absence ; provided further, if the Employee supplies a certificate from a licensed physician validating the illness and the absence is verified by the Plant Medical Department, such failure to work shall not be counted as an Absence.

- (2) Chronic Absentee – Any Employee who incurs more than three Absences within a rolling six-calendar-month period.

- c. Absentee Control Program

- (1) Any Absence of a Chronic Absentee will be deemed to be an absence from work without just cause within the meaning of Article Nine, Section A-4 for which payment for time not worked is not due.

- (2) When an Employee is a Chronic Absentee, such Employee may be

subject to progressive discipline, including discharge, for each Absence occurring after the Employee becomes a Chronic Absentee, irrespective of cause.

- (3) In making determinations among competing Employees in Article Five, Section E-1 situations involving a promotion, in a contest between a Chronic Absentee and an Employee not a Chronic Absentee, it shall be conclusively presumed for purposes of physical fitness under factor (1) of Article Five, Section E-1-c that the Chronic Absentee is not relatively equal in physical fitness to the Employee not a Chronic Absentee with whom he/she is competing, if the Chronic Absentee has been a Chronic Absentee in 8 of the 12 calendar months immediately preceding the calendar month in which the promotion occurs.
- (4) The provisions of this Absentee Control Program will not detract from the pre-existing rights of the Company under the Agreement to discipline Employees for absence from work without just cause.
- (5) The Company agrees to notify the Employee and the Local Union President/Unit Chair when the Employee has incurred three Absences within a rolling six-calendar-month period. The Company further agrees to notify the Employee and the local union president/unit chair when the Employee attains the status of a Chronic Absentee.

d. Authority of Supervisors

- (1) Supervisors have the authority in their discretion to excuse an Employee or to refuse to excuse an Employee from work as scheduled depending upon the needs of the business and the facts and circumstances concerning the specific request. Thus, while authority whether to excuse an Employee from working a scheduled shift continues to rest with the immediate supervisor, no supervisor will follow a blanket policy of refusing in all cases to excuse an Employee from working a scheduled shift.
- (2) Where a supervisor elects in his discretion to excuse an Employee from working a scheduled shift, the Employee's failure to work such shift will not be charged as an Absence irrespective of whether the Employee is paid for such shift under Article Nine, Section A-4.

4. Overtime

- a. The Parties recognize that schedules that regularly require a substantial level of overtime are undesirable and should be avoided where possible.
- b. Where local practices or agreements with respect to the distribution of

overtime do not presently exist, the Company and the Local Union Grievance Committee shall promptly conclude an agreement providing for the most equitable overtime distribution consistent with the efficiency of the operation.

- c. The Company will consider an Employee's request to be excused from overtime work and shall accommodate those requests which are practicable and reasonable under the circumstances.

5. Full Biweekly Guarantee

An Employee scheduled to work will receive, during a biweekly payroll period, an opportunity to earn at least forty (40) hours of pay each week of the biweekly period (including hours paid for but not worked, or time off in accordance with Article Nine, Section A-4 of this Agreement and report-off time for Union business, but excluding overtime pay and premium pay). An Employee on an approved leave of absence or disability during any biweekly pay period shall be considered as having been provided the opportunity for this guarantee during any such biweekly payroll period, it being understood that the pay, if any, that such an Employee is entitled to receive while on approved leave of absence or disability is that provided by applicable law or the Agreement, not the earning opportunity set forth in this Paragraph.

6. Full Day Guarantee

An Employee who is required to report and reports to work shall be paid for the greater of (a) eight (8) hours or (b) the hours actually worked, except as provided in other Sections of this Agreement or in cases where the Employee works less than eight (8) hours, as a result of the Employee voluntarily leaving work or as a result of disciplinary action.

7. Alternative Work Schedule

- a. The Company may adopt alternative work schedules consisting of ten (10) or twelve (12) hour per day scheduling with the approval of the Local Union President/Unit Chair and the Grievance Chair and sixty percent (60%) of the Employees who are impacted by the alternative schedule.
- b. Approval of an alternative work schedule may be revoked at any time more than six (6) months after its implementation by a simple majority vote of the Employees who are impacted by that schedule. Following such revocation, the Company shall reinstate a normal schedule as promptly as possible.
- c. The Company shall be deemed to have met its obligations under Article Nine, Section A(2) provided an Employee scheduled to work an Alternative Work Schedule has an opportunity to work as scheduled or takes vacation and is paid in accordance with the other relevant provisions

of this Agreement.

Section D. Overtime

1. Definitions

- a. The payroll week shall consist of seven (7) consecutive days beginning at 12:01 a.m. Sunday or at the shift-changing hour nearest to that time.
- b. The workday for the purposes of this Section is the twenty-four (24) hour period beginning with the time the Employee is scheduled to begin work.
- c. The Salary Rate of Pay as used in Paragraph 2 below (and as defined in Article Nine, Section A(1)(b) of this Agreement) shall mean the hourly equivalent Salary Rate of Pay for the job on which the overtime hours are worked.

2. Conditions Under Which Overtime Rates Shall Be Paid

Unless worked pursuant to an agreed upon Alternative Work Schedule, overtime at the rate of one-and-one-half times the hourly equivalent Salary Rate of Pay shall be paid for:

- a. hours worked in excess of eight (8) hours in a workday;
- b. hours worked in excess of forty (40) hours in a payroll week;
- c. hours worked on a second reporting in the same workday where the Employee has been recalled or required to report to work after working eight (8) hours; and
- d. hours worked on the sixth or seventh workday of a seven (7)-consecutive-day period during which the first five (5) days were worked, whether or not all such days fall within a single payroll week; and provided that on shift changes the 7-consecutive-day period of 168 consecutive hours may become 152 consecutive hours depending upon the change in the shift.

Prior to the Effective Date, various USS and former National Plant locations utilized certain schedules and schedule patterns that would have required the payment of sixth and seventh day overtime but were exempted from such overtime requirement by agreement of the local parties. As such, the local parties at a Plant location may continue to agree to waive the required payment of sixth and seventh day overtime for schedules and schedule patterns that would otherwise require such payment.

3. Holidays

Recognized holidays, whether or not worked, shall be counted as a day worked in determining overtime; however, worked holidays shall only be paid as specified in Article Ten, Section A (Holidays).

4. Non-Duplication of Overtime

Overtime shall not be duplicated by using the same hours paid at overtime rates more than once for the purpose of calculating overtime payments.

5. Overtime Meal Allowance

Where meals are not provided and the local practice with respect to overtime meal arrangements is not in excess thereof, the overtime meal allowance, payable under the same circumstances as heretofore, will be \$7.00 during the term of the **2018** Basic Labor Agreement.

Section E. Seniority

1. Seniority Status of Employees

- a. The Parties recognize that promotional and other in-plant opportunities as provided for in this Section E and job security should increase in proportion to length of Continuous Service and that the fullest practicable consideration shall be given to Continuous Service in such cases.
- b. Continuous Service, as defined by Paragraph 3(a) below, shall be used for all purposes under the Basic Labor Agreement, unless explicitly provided otherwise; provided, however, that accumulation in excess of two (2) years during a period of layoff shall be counted only for purposes of this Section, including local agreements thereunder.
- c. In all cases of promotions, decreases in force and recalls after layoffs, the following factors shall be considered:
 - (1) ability to perform the work and physical fitness; and
 - (2) Plant Continuous Service (Plant Service).

Where factor (1) is relatively equal between Employees, Plant Service shall be the determining factor.

2. Determination of Seniority Units

- a. Seniority shall be applied in the seniority units, which may be an entire Plant or any subdivision thereof, as established or agreed upon. A job may be in one seniority unit for one purpose such as promotions, and may be in a different seniority unit for another purpose, such as layoffs.

- b. The seniority units, lines of progression, departments and rules for the application of seniority factors in effect as of the Effective Date shall remain in effect unless modified by a local written agreement signed by the Grievance Chair and the Manager of Employee Relations.
- c. Local seniority agreements shall provide that the opportunity to receive training necessary for promotions within the job sequence and all promotions (including step-ups), decreases in forces (including demotions and layoffs), recalls after layoff and other practices affected by seniority shall be in accordance with Plant Service; provided that (1) demotions, layoffs and other reductions in force shall be made in descending job sequence order, starting with the highest affected job and with the Employee on such job having the least length of Plant Service and (2) the sequence on a recall shall be made in the reverse order so that the same Employees return to jobs in the same positions relative to one another that existed prior to the layoff.

3. Continuous Service

- a. Continuous Service shall be determined by the Employee's date of first employment or reemployment following a break in service with the Company.
- b. Former Employees of National Steel

A USW-represented Employee accruing Basic Labor Agreement continuous service with National Steel at the closing of the sale of National Steel's assets to the Company and hired by the Company upon the effective date of the 2003 Basic Labor Agreement as a direct result of such sale was credited with the amount of his/her Basic Labor Agreement service with National Steel for all Basic Labor Agreement purposes, except as otherwise provided by this Agreement or other agreements between the Parties.
- c. Plant Service shall be the length of time measured from the Employee's first date of employment or reemployment following a break in Continuous Service in his/her Plant.
- d. Continuous Service (including Company Continuous Service and Plant Service) shall only be broken if an Employee:
 - (1) quits;
 - (2) retires;
 - (3) is discharged for cause;
 - (4) if on layoff, fails to report to the Employment Office within ten (10)

days of registered mail notice;

- (5) is absent in excess of two (2) years, except as such longer period is provided for in paragraphs (6) and (7) below;
- (6) is absent because of layoff (including a layoff due to a permanent closure) or non-occupational physical disability for a period longer than the lesser of his/her length of Continuous Service at the commencement of such absence or five (5) years;
- (7) is absent due to a compensable disability incurred during the course of employment and does not return to work within thirty (30) days after final payment of statutory compensation for the disability or after the end of the period used to calculate a lump-sum payment. If the seniority of an Employee does not permit a return to work, the Employee will be placed on layoff and any break will be determined under Paragraph 5 above; or
- (8) accepts severance allowance.

4. Probationary Employees

- a. New Employees hired after the Effective Date of this Agreement will serve a probationary period for the first twelve (12) biweekly pay periods of actual work and will receive no Continuous Service credit during such period. For purposes of this provision "actual work" shall include hours spent in Company required training. Probationary Employees shall have access to the grievance procedure but may be laid off or discharged as exclusively determined by the Company; provided that such layoff or discharge may not violate Article Four, Section A (Non-Discrimination).
- b. Probationary Employees who continue in the service of the Company beyond the first twelve (12) biweekly pay periods of actual work shall receive full Continuous Service credit from their original date of hire.
- c. Where a Probationary Employee is laid off and is subsequently rehired within one (1) year from the date of such layoff, the hours of actual work accumulated during the first employment shall be added to the hours of actual work accumulated during the second employment in determining when the Employee has completed twelve (12) biweekly pay periods of actual work; provided, however, that his/her Continuous Service date will be the date of hire of the second hiring.

5. Interplant and Intraplant Transfers

It is recognized that conflicting seniority claims among Employees may arise when Plant or department facilities are created, expanded, added, merged or discontinued. In the event the local Parties are unable to resolve such conflicts,

the International Union and the Company may reach such agreements as they deem appropriate, irrespective of existing seniority agreements, or submit the matter to arbitration under such conditions, procedures, guides and stipulations as to which they may mutually agree.

6. Temporary Vacancies

- a. When it is necessary to fill temporary vacancies involving promotions within a seniority unit, known to be of three or more weeks duration, the Company shall to the greatest degree, consistent with efficiency of the operation and the safety of Employees, and the progression sequence, offer that temporary vacancy on the basis of seniority to an Employee in the unit who desires the assignment.
- b. In case of a permanent vacancy on a job, the assignment of a junior Employee to a temporary vacancy on such job shall not be used as a presumption of creating greater ability in favor of such junior Employee if such temporary vacancy should have been made available to the senior Employee.

7. Posting of Job Openings

- a. When a permanent vacancy develops or is expected to develop, the Company shall, to the greatest degree practicable, post notice of such vacancy or expected vacancy, for such period of time and in such manner as may be appropriate at each Plant, including, if practicable, posting notice of such vacancy electronically on the Plant's intranet home page.
- b. Employees who wish to apply for the vacancy or expected vacancy may do so in writing, or electronically, if available, in accordance with reasonable rules developed by the Company.
- c. The notice requirement in Paragraph 7(a) above shall also apply to inform Employees of the Company's choice to fill the vacancy.
- d. The Company shall, if in its judgment there are applicants qualified for the vacancy or expected vacancy, fill same from among such applicants in accordance with the provisions of Paragraphs 1 and 2 of this Section.

8. Seniority Status of Grievance Committee Members and Local Union Officers

When a decrease of force is effected, the Local Union President/Unit Chair and the members of the Grievance Committee shall, if they would otherwise be laid off, be retained at the lowest rated job in the unit that they represent. The intent of this provision is to retain in active employment individuals who can provide continuity in the administration of the Agreement; provided that an individual shall not be retained in employment unless work which s/he can perform is available.

9. Administration of Seniority

- a. The seniority standings of Employees in a given department shall be kept on file in that department and the Local Union Zone Grievance Committeeman or Grievance Chair shall have access to the file in connection with any grievances.
- b. The Company shall post in each department, on a bulletin board maintained for that purpose, the Plant Service date of all Employees in that department.

10. Permanent Vacancies and Transfer Rights

- a. An Employee who is assigned to a job for purposes of retention shall not be able to effectuate a permanent transfer to that unit by refusing a recall to his/her home unit. However, nothing contained herein shall preclude such an Employee from effectuating a permanent transfer by bidding for a permanent vacancy in such a unit or any other unit in accordance with established procedures.
- b. A permanent vacancy shall be filled from within the first step of competition (whether it be unit, line of progression, etc.). Each succeeding vacancy shall be filled in the same manner, and the resulting vacancy in the entry level job shall thereafter be filled on a departmental basis (the second step of competition) by Employees with at least six (6) months of Plant Service on the date the vacancy is posted.
- c. Resulting entry level departmental vacancies shall be filled on a plant-wide basis (the third step of competition) by Employees with at least twelve (12) months of Plant Service on the date the vacancy is posted. An Employee transferring under Article Eight, Section D (Interplant Job Opportunities) shall be eligible to bid on vacancies notwithstanding the twelve (12) months of Plant Service requirement set forth above.
- d. Employees wishing to bid to a lower job within their Seniority Unit pursuant to a Step 2 bid may be considered to be eligible bidders, by mutual agreement of the local Parties.
- e. Should the Company deem it necessary to retain an Employee on his/her former job in order to continue efficient operation, it may do so, for a maximum of sixty (60) days, on the basis of establishing such Employee on the new job and temporarily assigning him/her to his/her former job until a suitable replacement can be trained for the job or its performance is no longer required. In such event, after two (2) weeks of being delayed the Employee shall be entitled to earnings not less than what s/he would have made had s/he been working on the new job on which s/he has been established and, where applicable, shall be paid as though such hours were credited to any trainee program.

- f. If an Employee accepts transfer under this Paragraph, his/her rights in the unit from which s/he transfers will be canceled **fourteen (14)** days after such transfer; provided, however, that within **fourteen (14)** days following transfer, the Employee may voluntarily return to the unit from which s/he transferred, or the Company may return him/her to that unit because s/he cannot fulfill the requirements of the job or because the need to fill the position is deemed to be not necessary within **fourteen (14)** days of the date of transfer.
- g. In the event an Employee accepts transfer under Paragraph 10 and remains on the new job for more than **fourteen (14)** days, s/he may not again apply for transfer for one (1) year after such transfer.
- h. In the event an Employee refuses a transfer under Paragraph 10 after applying therefore, or voluntarily returns to the unit from which s/he transferred, s/he may not again apply for transfer to such unit for one (1) year after such event.

11. Compensation for Improper Layoff or Recall

In the event of improper layoff or failure to recall an Employee in accordance with his/her seniority rights, the Employee shall be made whole for the period during which s/he is entitled to retroactivity.

Section F. Permanent Closures

- 1. Before the Company decides to permanently close or discontinue a Plant, department or substantial portion thereof (a Closure), it shall give the Union advance written notice at least ninety (90) days prior to the proposed Closure date. Along with such notice, the Company shall provide the Union with a detailed statement of the reasons for the proposed action, all information on which the decision is based and how and where the work which was performed at the closed unit will be performed.
- 2. Thereafter, the Company will meet with appropriate Union representatives in order to provide them with an opportunity to discuss the Company's proposed course of action, provide the Union with any additional requested information related to the decision and bargain in good faith over any suggested alternatives.
- 3. No less than thirty (30) days prior to the Closure date, the Company shall advise the Union of its final decision, which decision shall be the exclusive function of the Company.
- 4. Any Employee affected by a Closure shall, after exercising any rights to which s/he may be entitled, be placed on layoff in accordance with this Agreement.

Section G. Manning of New Facilities

1. In the manning of jobs at new facilities in existing Plants, the jobs shall be filled by qualified Employees who apply for such jobs in the order of length of Plant Service from the following categories in the following order but subject to the other provisions of this Section:
 - a. Employees displaced from any facility being replaced in the Plant by the new facilities;
 - b. Employees otherwise displaced as a result of the installation of the new facilities;
 - c. Employees presently employed on like facilities in the Plant;
 - d. Employees presently on layoff from like facilities in the Plant; and
 - e. Employees in the Plant with two (2) or more years of Plant Service; provided, that if sufficient qualified applicants from this source are not available, the Company shall fill the remaining vacancies as it deems appropriate.
2. The local Parties shall meet to seek agreement on the standards to be used to determine the qualifications entitling Employees otherwise eligible to be assigned to the jobs in question.
3. Should the local Parties fail to agree on the standards for determining qualifications, an applicant otherwise eligible must have:
 - a. the necessary reasonable qualifications for performing the job or the ability to obtain such qualifications with a reasonable amount of training, such training to be provided by the Company;
 - b. the ability to absorb any additional training for the job as is necessary to enable the Employee to perform the job satisfactorily; and
 - c. the necessary qualifications to progress in the promotional sequence involved to the next higher job to the extent that the Company needs Employees for such progression. In determining the necessary qualifications to advance in the promotional sequence involved, the normal experience that an Employee would acquire in such sequence shall be taken into consideration; provided, however, it is recognized that the Company can require that a sufficient number of occupants of each job in a promotional sequence be available to assure an adequate number of qualified replacements for the next higher job.
4. Should the Company deem it necessary to assign an Employee to his/her regular job at the old facility in order to continue its efficient operation, it may do so, for a maximum of sixty (60) days, on the basis of establishing the Employee on the new job and then temporarily assigning him/her back to his/her former job until a

suitable replacement can be trained for the job or its performance is no longer required. In such event, the Employee shall be entitled to earnings not less than what s/he would have made had s/he been working on the new job.

Section H. Adjustment of Grievances

1. Purpose

Should any differences arise between the Company and the Union as to the interpretation or application of, or compliance with, the provisions of this or any other Agreement between the Company and the Union, prompt and earnest efforts shall be made to settle them under the following provisions.

2. Definitions

- a. Grievance shall mean a complaint by an Employee or the Union, as applicable, which involves the interpretation or application of, or compliance with, the provisions of this or any other Agreement between the Company and the Union.
- b. Day as used in this Section shall mean a calendar day, excluding Saturdays, Sundays and holidays.

3. Grievance Procedure

An Employee may informally discuss a complaint with his/her supervisor, with or without his/her Grievance Committeeman or Assistant Grievance Committeeman (Union Representative) being present. However, if the Employee wishes to use this grievance procedure, s/he shall report the matter to his/her Union Representative, who must refer it to Step 1 of the grievance procedure by completing a complaint form furnished by the Company and submitting it to the Employee's supervisor within thirty (30) days of the date on which the Employee first knew or should have known of the facts which gave rise to the grievance.

The complaint form shall be signed by the Union Representative and the Employee. The supervisor shall sign and date the grievance form and return a completed copy to the Grievance Committeeman.

Such modification shall be for a period of no longer than twelve (12) weeks. Such reduced schedules may only be extended upon the written mutual agreement of both parties, or where part of a Layoff Minimization Plan upheld in final offer arbitration.

Reference to the elements of a Layoff Minimization Plan in Paragraph 2 above shall not be construed to impair in any way any protection afforded to Employees under other provisions of this Agreement.

4. Union Response

The Union shall be provided with sufficient information to reach its own judgment on whether there is a Need, the appropriate Impact and to develop its own proposed Layoff Minimization Plan.

5. Dispute Resolution

- a. In the event the Parties cannot reach agreement on whether there is a Need, the appropriate Impact and the terms of a Layoff Minimization Plan, the Company may implement its plan and the Union may submit their dispute to an expedited final offer arbitration under procedures to be developed by the Parties. If the Company lays off Employees in violation of this Section, such Employees shall be made whole.
 - b. The arbitrator's ruling shall address whether the Company demonstrated a Need and if it did, whose proposed Impact and Layoff Minimization Plan was more reasonable, given all the circumstances and the objectives of the Parties.

Section B. Supplemental Unemployment Benefits

1. Eligibility

An Employee shall be eligible for a weekly Supplemental Unemployment Benefit (Weekly Benefit) for any week beginning on or after the Effective Date, if s/he:

- e. has not refused suitable employment pursuant to other sections of this Agreement;
- f. is not on FMLA leave;
- g. applies for state unemployment benefits for the week and takes all reasonable steps to receive such benefits; provided, however, that this requirement will not apply if s/he has exhausted state unemployment benefits, receives other compensation in an amount that disqualifies him/her for state unemployment benefits, has insufficient employment to be covered by the state system, fails to qualify for state unemployment benefits because of a waiting week, is unable to work by reason of disability, or is participating in a federal training program; and
- h. either
 - (1) is on layoff for any week in which, because of lack of work (not including layoff due to any strike, slowdown, work stoppage, picketing or concerted activity), s/he does not work at all for the Company;
 - (2) is on layoff during a Plant shutdown period and s/he is not entitled to vacation during the shutdown; or
 - (3) became disabled while on layoff and is not physically able to return to work.

2. Amount of Weekly Benefits

- a. Weekly Benefits are equal to:
 - (1) forty (40) multiplied by the Employee's hourly equivalent Salary Rate of Pay; and

Supplemental Unemployment Benefit Percentage

Continuous Service (at the time of layoff)	Weeks		
	1 to 26	27 to 52	53 to 104
3 but less than 10	60%	40%	0%
10 but less than 20	70%	50%	25%
20 and over	80%	60%	40%

- b. Notwithstanding the above table, the Weekly Benefits applicable to an Employee who becomes disabled while on layoff and is not physically able to return to work shall be limited to fifty-two (52) Weeks beginning with the

week the Employee is recalled to work.

- c. The amount of a Weekly Benefit may be offset only by the amount of state unemployment benefits including dependency allowance, Trade Adjustment Allowance and any other compensation, but in no event will the total Weekly Benefit be less than \$250.00 per week.
- d. An Employee shall have 1 Week of Weekly Benefits reinstated for every 2 weeks worked, not to exceed a balance of 104 Weeks. Weekly Benefits Weeks shall be reinstated in the reverse order that they were applied. Any period during which Weekly Benefits Weeks are applicable shall commence with the last Week reinstated. For purposes of this paragraph, a week worked shall include any week during which a minimum of 32 hours is worked (including hours paid but not worked).

Example:

An Employee with 25 years Continuous Service is on layoff status for 27 consecutive weeks and 27 Weeks of Weekly Benefits are applied. His/her Benefit Percentage for the first 26 Weeks of Weekly Benefits is 80% and for the 27th Week is 60%. S/he returns to work. After 2 weeks worked, the 27th Week of Weekly Benefits is reinstated. After 4 more weeks worked, the 26th and 25th Weeks of Weekly Benefits are reinstated. 3. Company Payment

The Company shall make reasonable calculations of Weekly Benefits and pay such benefits provided an Employee provides ongoing documentation establishing his/her eligibility for such benefits.

The Company shall have the right to recover overpayments and correct underpayments to Employees. However, any benefit determination shall become final six (6) months after the date on which it is made if (a) no dispute is then pending and (b) the Company has not given notice in writing of an error. The foregoing shall not prevent the Company from making a new benefit determination based on facts not previously known or information fraudulently furnished or withheld by an Employee.

7. Termination

Notwithstanding the provisions of Article One, Section B (Term of the Agreement), this Section and the Plan on which it is based shall expire five (5) months after the Termination Date.

8. Documentation

The Parties shall adopt a mutually agreed upon Plan Brochure to provide an explanation of the benefits described in this Section.

- c. In the case of Paragraph 2(b)(3) above, an Employee accruing service under the U.S. Steel Pension Agreement as of the date of the Permanent Closure may refuse an offer made under Paragraph 3(a) above, unless it is for a job s/he is entitled to under Article Five, Section E (Seniority) in at least the same labor grade in the Employee's Plant, and continue to receive any benefits to which s/he may be entitled.

4. Amount and Form

- a. Except as otherwise provided under Paragraphs 4(b) and 4(c), an eligible Employee shall receive a single lump sum payment equal to one (1) week of pay at the Employee's Vacation Rate of Pay for each year of Continuous Service or portion thereof, up to a maximum of eight (8) weeks.
- b. An eligible Employee other than an Employee accruing service under the U.S. Steel Pension Agreement shall receive:

- c. In the case of Paragraph 2(b)(3) above, the Severance Allowance payable to an Employee accruing service under the U.S. Steel Pension Agreement will be reduced by the amount of any Supplemental Unemployment Benefits paid for the sixty (60) days ending with the request for Severance Allowance.
- d. Notwithstanding any other provision of this Agreement, any Severance Allowance payable to an Employee who is eligible for an immediate unreduced pension under the U.S. Steel Pension Agreement shall be reduced by (1) the present value of the incremental pension benefits as defined below; and (2) the value of retiree health benefits as determined in accordance with the Age Discrimination in Employment Act as amended. As used in the preceding sentence, "the present value of the incremental pension benefits" shall be understood to mean the present value of the difference between (1) the total amount of pension payable to such Employee prior to age 62; and (2) the portion of such pension not attributable to the occurrence of the contingent event of Permanent Closure. The interest rates used to determine present value shall be the PBGC rates for single life annuities in effect for the month in which Severance Allowance would otherwise be paid.

5. Definitions

For the purposes of this Section:

- a. Continuous Service means the Employee's Continuous Service as that term is defined in Article Five, Section E (Seniority, Paragraph 3 of the Basic Labor Agreement), at the time of the Permanent Closure or, in the case of Paragraph 2(b)(1) or 2(b)(2), the date of the Employee's request for Severance Allowance; and
- b. Permanent Closure means the permanent closure of a Plant or permanent discontinuance of a department of a Plant or substantial portion thereof. In addition to an announced Company decision providing therefore, a Permanent Closure shall be deemed to have occurred wherever the Company is not operating the subject Plant, department, or substantial portion thereof and cannot clearly demonstrate reasonable plans or expectations to resume operations in the foreseeable future.

6. Consequence of Acceptance

Any Employee who requests and accepts a Severance Allowance shall permanently terminate employment with the Company.

Section D. Interplant Job Opportunities

- 1. An Employee with more than three (3) years of Continuous Service on the date of his/her layoff and who is continuously on layoff for at least sixty (60) days and

not expected to be recalled within sixty (60) days, shall be given priority over new hires and probationary Employees for permanent job vacancies at a Plant other than his/her own Plant, as described below:

- a. The Employee must file with his/her home Plant, on a form provided by the Company, a written request for such transfer specifying the other Plant or Plants at which s/he would accept employment.
 - b. Employees who apply shall be given priority for permanent vacancies at other Plants which are not filled from within the particular Plant in the order of their Continuous Service (the earlier date of birth to control where such service is identical), provided the Employee has the necessary qualifications to perform the job and advance in the promotional sequence. In determining qualifications, the Employee shall be treated as if the job were an opening at his/her home Plant.
 - c. An Employee laid off from his/her Plant who is offered and accepts a job at another Plant, will have the same obligation to report for work there as though s/he were a laid-off Employee at that Plant. During his/her employment at that Plant, s/he will be subject to all the rules and conditions of employment in effect at that Plant. S/he will be considered as a new Employee at that Plant and therefore such Employee's Plant Service shall be defined in accordance with Article Five, Section E(3)(c).
 - d. An Employee shall be deemed to reject such job if s/he does not affirmatively respond within five (5) days of the time the offer is made, which offer shall be directed to his/her last place of residence as shown on the written request referred to in Paragraph (a) above. 7. Summary Description

The Parties will jointly develop a description of the calculations used to derive profit sharing payments under the Plan for each quarter and distribute it to each Participant.

Section G. Inflation Recognition Payment

1. General Description

The below general description is qualified in its entirety by Paragraphs 2 through 6 below.

The purpose of the Inflation Recognition Payment (IRP) is to make quarterly lump-sum payments to Employees if cumulative inflation, as measured over the life of the Basic Labor Agreement, exceeds three percent (3%) per year.

At the end of each calendar quarter, the Consumer Price Index (CPI) for the final month of that quarter will be compared to a CPI Threshold (as found in the Table in Paragraph 5 below) which represents what the CPI would be if total inflation since the beginning of the Agreement had averaged three percent (3%) per year. If the actual CPI is higher than the CPI Threshold, a lump sum payment shall be made equal to each full one percent (1.0%) by which the actual CPI is higher than the CPI Threshold, multiplied by the Regular Rate of Pay (overtime rates if applicable) for each position worked by an Employee for all hours actually worked in full calendar weeks in the fiscal quarter (hereafter referred to as "Earnings").

Thus, if in a given quarter three percent (3%) annual inflation since the beginning of the Agreement would have produced total inflation of ten percent (10%) and the actual CPI indicates that inflation since the beginning of the contract has been twelve percent (12%) and an Employee had Earnings as defined in the paragraph above during the quarter of \$15,000, then that Employee would receive a lump-sum payment of two percent (2%) (12% actual inflation minus a 10% CPI Threshold) times \$15,000 or \$300.

2. IRP Payments

- a. Beginning the period ending December 31, **2018**, the Company shall, on each Payment Date, make to each Employee an IRP payment equal to:
 - (1) their total Earnings as defined above for the Covered Period, multiplied by
 - (2) each full percentage (1.0%), by which the CPI for the Measurement Month exceeds the CPI Threshold for the Measurement Month.
- b. No IRP will be made for any Covered Period unless the CPI for the Measurement Month is greater than the CPI Threshold; in the event the CPI is lower than the CPI Threshold there shall be no recoupment of any kind.

The IRP shall be a lump-sum payment and shall not be part of the Employee's Base Rate of Pay or used in the calculation of any other pay, allowance or benefit.

3. Definitions

- a. CPI shall mean the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W), U.S. City Average, All Items, Not Seasonally Adjusted (1982-84=100) as published by the Bureau of Labor Statistics. If the Consumer Price Index in its present form and on the same basis as the last Index published prior to June **2018** becomes unavailable, this Section shall be adjusted to produce as nearly as possible the same result as would have been achieved using the Index in its present form.
- b. Payment Date shall be the forty-fifth (45th) day after the last day of the Measurement Month.
- c. Measurement Month shall be the last month of a Covered Period.
- d. Covered Period(s) shall be as shown in Paragraph 5 below.
- e. CPI Threshold(s) shall be as shown in Paragraph 5 below, based on the formula in Paragraph 6 below.

4. Example:

Covered Period	10-01-19 – 12-31-19
Measurement Month	December 2019
Hypothetical CPI in Measurement Month	266.413
CPI Threshold for the Covered Period	261.189
The amount, of full percentage point(s), by which the CPI for the Measurement Month exceeds the CPI Threshold for the Covered Period	
$((261.413 - 261.189)/261.189)$ = 2.0%	
Earnings in Covered Period	<u>\$15,000</u>
IRP Payment (\$15,000 x 2.0%) = <u>\$300</u>	

5. Covered Periods and CPI Thresholds

Covered Period	CPI Threshold
07-01-18 – 09-30-18	None
10-01-18 – 12-31-18	253.582

Covered Period	CPI Threshold
04-01-21 – 06-30-21	269.025
07-01-21 – 08-31-21	277.096
10-01-21 – 12-31-21	277.096
01-01-22–03-31-22	277.096
04-01-22–06-30-22	277.096
07-01-22–08-31-22	285.409

6. Formula to Calculate CPI Threshold

The CPI Threshold shown in the Table above is the CPI for the month of June, **2018** multiplied by 1.03 per year as expressed in the following formula:

$$\text{CPI-W for June } \mathbf{2018} \times (1.03)^n$$

Where n is the number of Covered Years from the first calendar year of **2018** to the Covered Year in which the calculation is made.

1. The provisions of this Article shall cover Employees absent from work as the result of personal disability caused by accident or sickness and shall be in lieu of all prior practices and policies pertaining to salary continuance during such absence.
2. Allowances
 - a. Salary shall be continued during disability as defined in Paragraph 1 of this Section at the Employee's applicable biweekly Salary Rate of Pay plus any applicable salary differential (Red Circle) in accordance with Paragraph 4 (Table of Limitations).
 - b. Salary continuance in accordance with the Table of Limitations shall constitute the maximum payments under this Agreement for an Employee's absences from work due to one or more personal disabilities in any 12-month period; provided, however, that fractional initial pay periods for each disability for which salary is continued shall not be counted in the maximum salary continuance in a 12-month period, any succeeding maximum period shall not commence until another disability following his return to work.
 - c. Salary continuance payments shall be reduced by the amount of any Worker's Compensation payments that may be payable to an Employee with respect to the period of salary continuance.
 - d. The maximum salary continuance payment for any pay period shall not exceed an Employee's applicable biweekly Salary Rate of Pay plus any applicable salary differential (Red Circle) nor shall any Employee be paid salary continuance in excess of that amount he would have earned at his applicable biweekly Salary Rate of Pay had he not been absent from work due to personal disability. Such salary continuance payment shall not be reduced or discontinued as the result of any demotion or reduction in force which occurs during the applicable period set forth in the Table of Limitations so long as the Employee remains disabled as defined in Section 1 during such period.
 - e. Salary continuance shall not be paid during any period while an Employee is on paid vacation.
3. To be eligible for payments under the provisions of this Article, an Employee shall have accrued two years of BLA continuous service prior to the commencement of the biweekly pay period. Reasonable evidence (including, in appropriate circumstances, a certificate from a licensed physician) of disability due to sickness or accident will be required of all Employees regardless of date of hire.

ARTICLE ELEVEN – CORPORATE GOVERNANCE

Section A. Board of Directors

1. The Company and the Union acknowledge that every member of the Company's Board of Directors (Board, members of such Board, Directors) has a fiduciary duty to the Company and all of its stockholders.
2. The Company's Board has adopted a set of Corporate Governance Principles, which specify criteria used in selecting candidates for the Board. Such criteria have been made known to the Union.
3. The Company agrees that the Union shall have the right, subject to the procedures described below and the Directors' discharge of their fiduciary duties, to designate two (2) individuals for consideration to serve on the Board.
 - a. The International President shall provide the Board's Chairman with the names and resumes of the individuals whom s/he wishes to have serve on the Board.
 - b. Provided that the individuals are acceptable to the Chairman (it being understood that in all respects each individual will be dealt with separately), such acceptance not to be unreasonably withheld, the Chairman shall promptly recommend such individual(s) to the Board's Corporate Governance and Public Policy Committee, who absent compelling reasons to the contrary, shall promptly recommend such individual(s) to the full Board for election at its next meeting.
 - c. Once elected, the individual(s) shall be recommended by the Board for election by the shareholders to serve a regular term at the Company's next Annual Meeting of Shareholders.
4. If after election, the individual(s) becomes unwilling or unable to serve or the Union wishes to replace one or both of them, the International President shall inform the individual(s) and the Board's Chairman and provide the Board's Chairman with the name of a new individual(s) whom s/he wishes to have serve on the Board and the process outlined above shall thereafter be followed. In

such case the individual(s) previously named by the International President shall be deemed to have undergone a significant change in their business or professional careers and in accordance with the Company's Corporate Governance Principles, such individual shall volunteer to resign from the Board. If such resignation is not accepted, the individual(s) shall no longer be considered to have been designated by the Union.

5. At the time that any person is nominated by the Union as provided in this Section A, said nominee shall acknowledge in whatever fashion such acknowledgement is given by all of the Company's other Directors, that such nominee, if elected to the Board, would have a fiduciary duty to the Company and its stockholders.
6. Both the Company and the Union are aware that a shareholder of the Company put forth a non-binding Proposal to repeal the Company's classified board structure at the 2012 Annual Meeting of Shareholders and further, that such Proposal received the support of a majority of the votes cast at such meeting. The Union believes that a declassification of the Board could jeopardize the current positive relationship between the parties that is due, in part, to the knowledge and confidence that have been engendered through the successful operation of the processes described above under the classified Board structure. Accordingly, it is agreed that, during the term of this Agreement, before the Board shall make any positive recommendation to shareholders to vote in favor of declassifying the Board, the Company will provide the Union with notice thereof and an opportunity to voice to the Board any objections it may have thereto, in all respects subject to the Board's compliance with its fiduciary duties to the Company and its shareholders.

Section B. Investment Commitment

1. The Company agrees to make the capital expenditures, **as set forth in Appendix M**, required to make the facilities covered by this Agreement world class and to maintain them as such.
2. The Union agrees to contribute to the competitiveness of the facilities and work with the Company to maintain the competitive nature of the facilities.
3. The Company agrees that no Plant covered by this Agreement will operate its facilities at other than full capacity, except during maintenance and repair outages, **downturns, or for legitimate business reasons**, and directly or indirectly replace the product which could have been produced on such facilities with product obtained from other than Canadian or United States facilities that provide base wages, benefits and protections such as just cause and seniority that are substantially equivalent to those provided in this Agreement. **This provision shall not apply with respect to directly or indirectly replacing product with product obtained from United States Steel Corporation facilities or affiliates.**

4. The Company will **furnish the Union with at least sixty (60) days written notice, or the earliest practicable notification under the circumstances, of any material acquisition** involving steel or steel-related assets in North America. **The Parties will, as necessary, enter into a reasonable confidentiality agreement covering the transmission of notice and confidential information relevant thereto.**
5. The Strategic Committee established under Article Six, Section A – Partnership of the Agreement shall be responsible for the oversight and implementation of the commitments outlined above.

Section C. Upstreaming

1. The Company agrees that it will only Upstream in an amount consistent with: the Company's historical, current and projected financial performance and capital spending requirements; the terms of any preferred stock sold for full and fair value and paying a market rate dividend (at the time of issuance); and the maintenance of a reasonable financial position.
2. Without in any way limiting the applicability of Paragraph 1 above, the Company agrees that all transactions (including, without limitation, sales, loans, purchases, leases, guarantees, fees of any kind, and equity transactions) between the Company and any equity holder or any Affiliate of any equity holder, shall be conducted on an arm's-length basis, on commercially reasonable terms not less favorable to the Company than those that could be obtained from an unrelated third party, and in accordance with any shareholders agreement of the Company. In addition, any loan or similar transaction to any such person shall only be made if it is beneficial to the Company and on terms consistent with the business relationship between such person and the Company. Subject to the foregoing, the Company may engage in transactions with its equity holders and their Affiliates.
3. For the purposes of this Section, Upstreaming includes directly or indirectly, paying any dividends on, or making any distributions, exchanges, conversions, retirements, repurchases or redemptions, in respect of the Company's stock.

Section D. Right to Bid

1. Should the Company decide or be presented with a bona fide offer to sell or otherwise transfer a controlling interest in the corporate entity which owns one or more of its facilities covered by this Agreement, (a Controlling Interest) or all or a portion of one or more of its facilities covered by this Agreement (Facilities) (either or both, the Assets), it will **provide the USW with the earliest practicable notification concerning such transaction** and grant to the USW the right to organize a transaction to purchase the Assets (a Transaction).
2. The Company will provide the USW with any information provided to other bidders so that the Union may determine whether it wishes to pursue a

Transaction. All such information shall be subject to an executed Confidentiality Agreement.

3. The Company shall promptly notify the USW of the schedule and/or timetable for consideration by the Company of any possible transaction. The Company will provide the USW with forty-five (45) days to submit an offer for the Assets.
4. During the period described in Paragraph 3 above, the Company will not enter into any contract regarding the Assets with another party.
5. In the event that the USW submits an offer pursuant to the above, the Company shall not be under any obligation to accept such offer. However, the Company may not enter into an agreement with regard to the Assets with an entity other than the USW unless that transaction is superior to the USW offer. The Company may only deem a proposed transaction superior if its Board of Directors reasonably determines that such transaction is more favorable to the Company and/or its shareholders, taking into consideration such factors as price, form of consideration, certainty of payment, conditions precedent to closing, competitive factors, and other factors which influence which of the transactions is in the best interests of the Company and/or its shareholders.
6. This Section shall not cover any public offering of equity or the transfer of any assets between the Company and its wholly-owned subsidiaries.
7. The rights granted to the USW in this Section may be transferred or assigned by the USW but only on a Transaction specific basis and provided further, that:
 - a. in the event the person or entity to whom such right is transferred or assigned is a competitor of the Company, then the Company may reasonably manage the provision of confidential information to said entity;
 - b. the Union and such person or entity have entered into an agreement satisfying the successorship provisions of Article Two, Section D of this Agreement; and
 - c. in the event of a transaction that does not involve a Controlling Interest and where the Company decides to only pursue, for legitimate business reasons, a transaction which will result in a sale of less than 100% of the Company's interest in the Assets, the USW's transferee or assignee must be reasonably acceptable to the Company.

Section E. Lean Management

The Company agrees to minimize the ratio of non-bargaining unit employees at the facilities covered by the Agreement, including full-time or full-time equivalent contractors of any sort performing services historically performed by the Company's non-bargaining unit employees and other employees of the Company who work at other locations but

whose work is associated with, related to or supports the activities at the facilities (Non-Bargaining Unit employees), to bargaining unit Employees and shall take all reasonable actions (including transferring responsibilities and duties to bargaining unit Employees) with the objective of achieving a ratio of no more than one (1) Non-Bargaining Unit employee for each five (5) bargaining unit Employees, with an absolute commitment to a ratio of no more than one (1) Non-Bargaining Unit employee for each four (4) bargaining unit Employees.

Section F. General Provisions

1. In the event of any disputes under this Article Eleven the International President of the Union and the Company's Chairman of the Board and Chief Executive Officer, or their designees shall meet and in good faith attempt to resolve the dispute.
2. If they are unable to do so, they may agree upon an arbitration or other mechanism to resolve the dispute. If such alternative arrangements are not agreed to, either Party may proceed to file a lawsuit in the United States District Court for the Western District of Pennsylvania.
3. Each Party hereby irrevocably consents to the jurisdiction of such court and waives any and all objections they may have concerning venue or similar issue.

APPENDIX A-3: EARNINGS PROTECTION/RED CIRCLE ADJUSTMENT

1. The Parties recognize that despite a significant increase in Wage rates during the term of the 2008 Basic Labor Agreement, certain Employees could be paid solely under their "Earnings Protection" or "Red Circle" hourly rate as provided in Article Nine Section C.
2. Notwithstanding the provisions of the above described Section, the Parties have agreed to the following:
 - a. Employees with a quarterly average "Earnings Protection" hourly Adjustment or "Red Circle" hourly Adjustment, as calculated pursuant to the BLA for the 2nd quarter of each calendar year which is greater than the scheduled Base Rate of Pay increase for a Labor Grade 4 in that calendar year, will be paid a quarterly additive.
 - b. This quarterly additive will be the equivalent of the Base Rate of Pay increase for a Labor Grade 4 (set forth in the table below) multiplied by the actual hours paid during the quarter plus any prior quarterly additives

resulting from this agreement. Each quarterly additive will be paid no later than the 3rd pay period following the end of each quarter.

3. Following is the schedule of Base Rate of Pay increases for additive calculation:

9/1/08	\$1.00/hr.
9/1/09	\$0.88/hr.
9/1/10	\$0.92/hr.
9/1/11	\$0.95/hr.

4. Example Calculation:

In the 2nd Quarter of 2010 Employee has an Average Regular Rate of \$26.00/hour. Employee has a 2003 hourly Vacation Rate of \$27.25/hour.

2nd Quarter average "Earnings Protection" hourly Adjustment:

\$27.25/hr. - \$26.00/hr. = \$1.25hr.

9/1/10 Base Rate of Pay increase is \$.92/hr.

Employee qualifies for quarterly additive because "Earnings Protection" hourly Adjustment exceeds Base Rate of Pay increase.

Cumulative quarterly additives = \$1.88/hr.

Current quarterly additive = \$.92/hr.

Total quarterly additive: \$1.88 + .92 = \$2.80/hr.

4th Quarter 2010 actual hours paid = 565 hours.

Quarterly Additive: \$2.80/hr. x 565 hours = \$1582.

APPENDIX B—CONTRACTING OUT AGREEMENTS

APPENDIX B-1: INTERPRETATION OF CERTAIN CONTRACTING OUT LANGUAGE

1. During the negotiation of the 2003 Basic Labor Agreement, the Parties recognized that certain language changes could mistakenly be interpreted to connote a substantive change where none was intended.
2. The Parties hereby expressly agree that the capability standard described in Article Two, Section (F)(1)(a), as well as the headings of Article Two, Sections F(2)(a) and 2(b), are to be interpreted as having the same meanings as those determined by the Board of Arbitration pursuant to the counterpart language set forth in the 1999 Basic Labor Agreement.

APPENDIX B-2: NON-CORE WORK

1. The Parties have agreed that non-core work including janitorial, grounds keeping, trash and garbage removal, general plant housekeeping which is not directly

associated with general labor work on a production facility, and road maintenance services may be contracted out as the number of current incumbents performing such work is reduced by attrition and provided that there are no Employees on layoff at the Plant. Attrition is defined as any permanent move of a current incumbent from such job, including promotion or transfer to another job, as well as leaving the workforce.

2. Work contracted out pursuant to this agreement shall not be subject to the provisions of Article Two, Section F(3), ("Commitment") of the Basic Labor Agreement.

APPENDIX B-3: FAIRFIELD WORKS CONTRACTING OUT AGREEMENT

The Parties reached certain understandings during negotiations for the 2003 Basic Labor Agreement regarding the use of contractors to perform certain full-time work inside the Plant at Fairfield Works. It is agreed that the Company may no longer rely on provisions in the December 24, 1983 Fairfield Works Agreement to have contractors perform full-time maintenance and repair work inside the Plant. Accordingly, the Parties have agreed to the following process to displace said contractor employees:

1. The Company will use its best efforts to add a total of twenty (20) Employees to the Bull Gangs (Maintenance Technicians, Labor Grade 4) within thirty (30) days of the Effective Date of the 2003 Basic Labor Agreement. The twenty (20) may be comprised of internal bidders from across Fairfield Works, IJOP transfers or new hires, including individuals currently performing work at Fairfield for a contractor.
2. Promptly following the Effective Date of the 2003 Basic Labor Agreement, the Company will post a notice at its other Plants advising IJOP-eligible Employees of potential Maintenance Technician opportunities at Fairfield Works.
3. Promptly following the Effective Date of the 2003 Basic Labor Agreement, the Company will inform the employees of Fairfield Southern by way of an appropriate posting of Maintenance Technician opportunities for qualified candidates at Fairfield Works. Qualified employees of Fairfield Southern will be considered before other non-Employees.
4. Promptly following the Effective Date of the 2003 Basic Labor Agreement, the Company will solicit interest from among current contractor employees for Maintenance Technician opportunities at Fairfield.
5. Promptly following the Effective Date of the 2003 Basic Labor Agreement, appropriate Company representatives will meet with Contract Coordinator Mullins to discuss implementation of a Maintenance Technician learner/trainee program. Unless otherwise agreed, the Company shall implement a program based upon the Clairton Works program for Mechanical and Electrical Repairmen. The

program established for Fairfield shall conform to the provisions of Appendix A-3 of the 2003 Basic Labor Agreement. The trainee/learner program shall be designed to produce a fully qualified Maintenance Technician.

6. During the sixty (60) days following the Effective Date of the 2003 Basic Labor Agreement, the local parties shall jointly review contractor utilization inside Fairfield. The purpose of this review shall be to identify the amount of full-time maintenance and repair work being done by contractors and to determine the number of Employees that need to be added to the Bull Gangs to absorb such work. For the Union, this effort will be led by Coordinator Mullins, who may be assisted by a representative from each of the affected Local Unions appointed by the Local Union Presidents. The Parties agree that limited scope maintenance personnel need to become qualified Maintenance Technicians, and shall be provided with the opportunity for training to make that possible. It is understood that the Company shall not be required to hire or train Employees to be limited scope maintenance personnel such as Carpenters. It is agreed that the shops other than the Line Crew Shop and Electronic Shop may continue to be phased out through attrition. During the phase out of these shops, it is agreed that work in the category of each of these shops that is not capable of being performed by the Bull Gangs may be contracted out, provided that the Employees remaining in those shops post-TAP are offered forty (40) hours of work per week plus reasonable overtime opportunity.
7. Displacement of such full-time contractors shall be accomplished through a combination of assignment of such work to existing Employees, hiring and the trainee/learner program. Contractor employees performing this full-time work will be displaced as quickly as possible, consistent with the need for stable operations.
8. The Bull Gangs may be assigned throughout Fairfield Works without restriction, so long as they are not assigned to a department on a full-time basis to replace qualified maintenance Employees who are laid off.
9. Employees must achieve a passing score on the test utilized to determine ability to perform the work of a Maintenance Technician at the standard rate in order to qualify for the Labor Grade 4 rate of pay.
10. The local parties shall be required to provide periodic reports, as requested by the Chair of the respective Negotiating Committees, concerning the training and hiring of Maintenance Technicians at Fairfield and the progress toward displacing the contractor employees as described above.
11. In addition to the above, the Company agrees to cease using contractor employees for crane lubrication work.
12. If the local parties cannot agree on matters involving the implementation of this

agreement, the dispute will be referred to the Chairs of the Negotiating Committees. If the Chairs are unable to resolve the matter, it may be appealed by the Union to the Board of Arbitration. The Board shall decide the matter based on the terms set forth in this agreement.

13. Notwithstanding Article Two, Section F(6)(a), other than as modified by this agreement, agreements permitting contracting out in effect at Fairfield prior to the Effective Date of the 2003 Basic Labor Agreement shall remain in effect. Compliance with this agreement fully satisfies the provisions of Article Two, Section F(3).
14. The use of contractor employees to perform the full-time work covered by this agreement may continue only until such employees are phased out and replaced by Bull Gang Employees, which must be done as quickly as practical.

APPENDIX B-4: CONTRACTING OUT MATTERS AT FAIRFIELD WORKS

During negotiations for the 2008 Basic Labor Agreement, and amended for the 2015 Basic Labor Agreement, the Parties reached the following understandings regarding contracting out matters at Fairfield Works:

1. The "Memorandum of Understanding Concerning Maintenance Manning, Training and Contracting Out Matters" (Appendix B-5 USS-USW P&M BLA) shall apply to all Fairfield Works Plants.
2. Appendix B-6 shall not apply so long as the above-referenced MOU remains in effect at Fairfield.
3. For purposes of application of Appendix B-2, the Line Crew Shop and the Electronic Shop shall be the only Shops recognized by the Parties. The Base Manning Level shall be set at four (4) for the Line Crew Shop and two (2) for the Electronic Shop. The Company will be deemed to be in compliance with Appendix B-2 prior to the Effective Date of the 2015 Basic Labor Agreement.
4. All shops other than the Line Crew Shop and the Electronic Shop, such shops known collectively as the "Attrition Shops," may continue to be phased out through attrition. Attrition Shops work other than the work that the bargaining unit is capable of performing shall not be included in the review or analysis of full-time Bargaining Unit work under the "MOU" referenced in paragraph 1 above.
5. The Parties agree that Article Two, Section F-6 shall apply to Fairfield Works.

APPENDIX B-5: WORK SUBJECT TO TRANSFER

In Appendix B-3 of the 2003 Basic Labor Agreement ("BLA"), the Parties agreed to a process whereby certain full-time work ("WST") would become subject to transfer from

Outside Entities to Employees. In satisfaction of any obligations which the Company may have had thereunder, the Parties agree as follows:

1. The Company shall add a total of 110 USW-represented jobs (other than Maintenance Technicians), no less than 35 of which shall be located at the Mon Valley Works, no less than 5 of which shall be located at the Fairfield Works and no less than 30 of which shall be located at Gary Works (including the Midwest Plant and the East Chicago Tin Plant). At least 20 of the new jobs shall be located within the Salaried Office and Technical and Plant Protection bargaining units. The new jobs will be created by retrieving work done in and around the Plants by Outside Entities during the term of the 2003 BLA. The Company shall begin hiring employees to fill such jobs within three (3) months following the effective date of the September 1, 2008 BLA.
2. The Union will take all necessary steps and provide the Company with any necessary assistance to facilitate the accomplishment of the hiring commitment described above.
3. In consideration of the above, any work that may have constituted WST may continue to be performed by Outside Entities without restriction. Work contracted out pursuant to this agreement shall not be subject to the provisions of Article Two, Section F(3), Commitment.

APPENDIX C—AGREEMENT ON OFFICE & TECHNICAL JOBS

During negotiations for the 2008 Salaried Basic Labor Agreement, the Union expressed concern regarding the amount of O&T work performed at the plants that it believed was being performed by employees outside the Bargaining Unit. In resolution of these matters, the Parties have agreed to create the following new O&T jobs at the Plants listed below within 9 months of the Effective Date of the 2008 Basic Labor Agreement:

Gary Works – 2 jobs
Midwest – 2 jobs
Granite City Works – 2 jobs
Great Lakes Works – 2 jobs
Lorain – 1 job
Mon Valley Works – 2 jobs
Fairfield Works – 1 job

Should the Company establish a clerk job for the engineering department at Fairfield Works, such job shall be in the O&T Bargaining Unit.

APPENDIX D—TRANSITIONAL MATTERS APPLICABLE TO USW-REPRESENTED EMPLOYEES AT FORMER NATIONAL STEEL FACILITIES

The document concerning transitional matters applicable to USW represented

Employees at former National Steel plants is part of this Basic Labor Agreement by reference and may be found in Exhibit C-1 to Appendix EE of the 2003 Settlement Agreement.

APPENDIX E—TRANSITION MATTERS

The Transition Assistance Program and related documents are part of this Basic Labor Agreement by reference and are included in Appendix EE of the 2003 Settlement Agreement.

APPENDIX F—UNION OFFICER BIDDING RIGHTS

1. The Parties recognize that Employees should be neither advantaged nor disadvantaged because of their involvement in the Union. The Parties also recognize the legitimacy of the Company's need to insist upon making regular and dependable attendance a requirement when making assignments to jobs, where maintaining continuity is an important element of the position.
2. This will confirm our understanding that, in order to balance and accommodate the concerns referenced above, no Local Union officer eligible to bid for a promotion shall be denied a job award and incumbency status on the position sought solely because of that Employee's unavailability for work due to the duties attendant their Local Union position. However, where a Local Union officer is awarded a job and becomes incumbent to a position that otherwise would have been denied to him because of unavailability due to his Local Union position, the Company, at its discretion, may decide to withhold assigning such Employee to that position until such time as he is available to perform the job as required. Instead, during any period of unavailability, the Company may assign another Employee, who can meet the job's attendance requirements, to work the position. When a Local Union officer is working below his incumbency status solely because of such Company action he shall receive a special allowance reflecting any difference in wages between what the Local Union officer earned while at work on the lower position and what the Employee, assigned by the Company to work on his incumbent position, was paid on turns when the Local Union officer was working on the lower position.
3. This understanding supersedes prior inconsistent arbitration awards. It will apply to permanent vacancies awarded on or after the Effective Date of this Agreement.

APPENDIX G—GRIEVANCE SCREENING PROCEDURE

The Parties recognize that it is desirable to resolve grievances without the need to resort to arbitration. In furtherance of that recognition the Parties agree to establish a Grievance Screening Procedure (hereinafter "Procedure") for the term of the **2018** Basic Labor Agreement.

1. The Parties agree that it would be desirable to attempt to reduce the backlog of grievances docketed at the Board of Arbitration and to implement procedures aimed at preventing future backlogs. To this end, it is agreed that this Grievance Screening Procedure may be invoked by the plant Manager of Employee Relations or the International Union Staff Representative (screening representatives) with respect to grievances docketed by the Board as of the Effective Date of this Agreement at each location where a given Local Union has in excess of 75 grievances so docketed.
2. With respect to grievances docketed by the Board of Arbitration subsequent to the Effective Date of this Agreement, it is agreed that as of the end of the first calendar month where the number of such grievances from a given Local Union docketed by the Board reaches 75, the Procedure may be invoked by either screening representative with the result that the number of such docketed grievances remaining unscreened is reduced to no more than 30. Thereafter, the number of docketed unscreened grievances from that Local Union will be counted at the end of each succeeding month and where the number of such grievances exceeds 75, the Procedure similarly will be invoked so that the number of docketed, unscreened grievances counted for that month will be reduced to no more than 30.
3. The logistics surrounding the implementation of the Procedure at each location will be agreed to by the screening representatives. Where appropriate, the Parties may agree to pre-screening procedure meetings where matters such as the types of issue involved and opportunities for settlement may be discussed.
4. The screening representatives shall mutually schedule dates for Procedure meetings (hereinafter "screening meetings") and agree upon case agendas. No grievance shall be eligible for consideration under the Procedure until docketed for arbitration or unless mutually agreed to by the Parties designated Step 3 representatives.
5. The screening representatives shall mutually select the arbitrator (hereinafter "screening arbitrator") who will make determinations in accordance with this Procedure.
6. The screening representatives will jointly submit the official grievance record(s) of each scheduled case to the designated screening arbitrator no later than 30 days prior to the date of the screening meeting.
7. Attendance at the screening meeting shall be limited to: the screening arbitrator, a representative from the International Union, no more than two representatives of the local Union, the Plant Manager of Employee Relations or his/her representative, and one other Headquarters or Plant Labor Relations staff member.

8. The Company, Union and screening arbitrator will review and analyze the issue presented by each grievance in an effort to fully determine its merit or lack of merit.
9. The screening Arbitrator will immediately advise the Parties as to his/her interpretation of the issues presented and as to how s/he would decide the case if such case were presented to arbitration. The Parties are not obliged to follow the screening arbitrator's recommendations, but are encouraged to do so.
10. If a grievance is not resolved pursuant to the Procedure, the screening arbitrator's recommendation and statements, as well as all positions and arguments advanced by either Party concerning that grievance, shall not be introduced or in any way mentioned in any subsequent hearing before the Board of Arbitration, and the screening arbitrator will not be assigned to decide the case.
11. Where either party fails to accept the recommendation of the screening arbitrator, and the Board of Arbitration decides the case on the same basis as the recommendation of the screening arbitrator, the losing party shall bear the full cost of arbitration.
12. In the event the Parties agree to resolve a grievance or grievances, that agreement shall be in writing and signed by the screening representatives. Such agreements shall not serve as precedent nor may they be referred to any other case.

APPENDIX I—APPLICABILITY OF NEUTRALITY

1. During negotiations the Parties carefully reviewed activities conducted at the existing non-union Ventures of the Company. These discussions established that none of those operations engages in the making of steel or the mining of iron ore. With that importantly in mind, the Parties agree that the Neutrality Section will under no circumstances apply to the current location of an entity which is a Venture of the Company as of March, 29, 2003 (hereinafter “Exempted Entity”) provided that after March 29, 2003 (1) the Company does not increase its ownership in, or acquire the right to direct the management and policies of the Exempted Entity such that it becomes an Affiliate, (2) the Exempted Entity does not materially change the nature of its business activities at such location, and (3) the Exempted Entity does not materially expand its facilities.
2. In the event that any of the above conditions are no longer satisfied at an Exempted Entity, then the Neutrality Section shall be immediately fully applicable at such Exempted Entity.
3. As of March 29, 2003 the only entities potentially meeting this criteria, their current location, and the nature of the business activities conducted at such location are:

 - b. Arrange for a meeting between the Management of each such Exempted Entity, the Union and the Company, at which meeting

the Company will clearly express its support for the Exempted Entity accepting the terms of the Neutrality clause, Article Two, Section E of the Basic Labor Agreement.

- c. Take other similar actions as may be mutually agreed to by the Company and the Union.
5. In addition, the Parties agree that the Neutrality Section will under no circumstances apply to unrepresented employees of the Company located at its Headquarters. The Company's Headquarters is currently located at 600 Grant Street, Pittsburgh, PA.
6. **Notwithstanding anything to the contrary, the Neutrality provisions in Article Two, Section E and the Appendix K, shall only be applicable to the relevant plants, affiliates and ventures of the Company covered by the 2018 Basic Labor Agreement on the Effective Date of the Agreement.**

APPENDIX J—USW REPRESENTED EMPLOYEES OF FUTURE ACQUIRED FACILITIES

In the event that U.S. Steel purchases the assets of another steel company during the term of the **2018** Basic Labor Agreement, and the employees of that company are covered by a United Steelworkers Basic Steel Labor Agreement, such employees will be credited with their Basic Labor Agreement Service with that company, in the same manner as was done with National Steel employees pursuant to Article Five, Section E(3)(b) of the 2003 Basic Labor Agreement.

APPENDIX K—INFORMATION REQUESTS REGARDING NEW HIRES

Monthly lists of new hires and transfers into the bargaining unit will be made available upon request at the plant level to the Financial Secretary of each Local Union. If the number of additions is sufficient to justify reporting on a more frequent basis, an effort will be made to do so. It should be understood that in the interest of prompt reporting these lists will be preliminary and, accordingly, subject to verification by the regular monthly Union membership and checkoff list which will be transmitted in accordance with existing procedures.

APPENDIX L—TUITION ASSISTANCE PLAN

No financial assistance will be payable for courses taken or contracted for prior to employment or while the Employee is on leave of absence or layoff status, even though he may complete them after returning to active employment.
 - g. An Employee who is unable to continue an approved course because of action by the Company (other than discharge), or because of a change in his job or job assignment shall be reimbursed fifty percent (50%) of the difference between the amount of his advance payments for tuition, registration, laboratory and other fees required by the institution, and the amount of the refund to which the student may be entitled by the institution's regulations by virtue of the discontinuance of the course.
4. Administration. All Employees' applications for participation in this Plan must be filed by the Employee with the appropriate responsibility at the employing location sufficiently in advance of the start of a course to allow Management to complete all approvals

APPENDIX O—OFFICE AND TECHNICAL BARGAINING UNIT AT MINNESOTA ORE OPERATIONS

The parties agree that the Agreement covering the Office and Technical Bargaining Unit at Minnesota Ore Operations constitutes a separate labor agreement, the terms and conditions of which shall, with the exception of the provisions described below, be those set forth in this Basic Labor Agreement covering Office and Technical Employees. **Bold Text** indicates a difference between the Minnesota Ore Operations O & T BLA and the O & T BLA.

- 1. Article Two, Section A(1) shall state:

The Company recognizes the Union as the exclusive representative of a bargaining unit made up of individuals occupying salaried office clerical, salaried technical and salaried **mine clerical jobs at the Minntac Plant**. 3. Temporary vacancies in the salaried assignments of Quality Assurance Coordinator and Expediter will be filled in accord with the existing agreements of the local parties.

APPENDIX P-SPECIAL PAY CALCULATIONS

APPENDIX P-1: UNION VACATION PAY CALCULATION

1. Solely for the purposes of calculating Vacation Rate of Pay under Article Ten, Section B-5-b (2) "their W-2 earnings" shall include earnings reported on the W-2 which the Employee receives from the Local Union ("USW W-2), but only such earnings which represent Company approved lost time from scheduled work for the Company documented and paid by the Local Union. (Time spent on an Article Ten, Section E leave is not lost time).
2. For each Employee whose USW W-2 includes payment for items other than lost time (e.g. payment for performance of Union duties, expense reimbursement, etc.) the Local Union President and Financial Secretary must certify in writing to the Plant Manager-Employee Relations the amount to be excluded from the total. The Company must receive this certification and a copy of the Employee's USW W-2 no later than February 15 (of each year during the term of the **2018** Basic Labor Agreement) in order for such earnings to be used in the vacation pay calculation for that year. A pay adjustment (either positive or negative) will be made for any vacation pay received prior to the adjustment resulting from the USW-W2 changes in that year.

APPENDIX P-2: USS-USW UNDERSTANDING ON ALTERNATIVE WORK SCHEDULES

Alternative Work Schedules (AWS), as contemplated by the 2003 Basic Labor Agreement, involve the use of ten (10) and twelve (12) hour per day scheduling without the payment of daily overtime. The process through which such schedules may be adopted is set forth in Article Five, Section C-7 of the Basic Labor Agreement. In addition, the Parties herewith express their understanding of how certain other contractual matters, impacted through the use of AWS, are to be handled when an AWS is utilized.

Overtime

An Employee on an AWS shall only receive overtime pay for hours worked in excess of their scheduled shift or hours worked in excess of forty (40) hours in a payroll week, subject to the non-duplication provisions.

During a payroll week in which an Employee on a 12 hour AWS is scheduled to work three (3) days/thirty-six (36) hours (the “short week”), and an extra shift not included on the originally posted schedule is added and worked, the four-hour period that otherwise would be paid as straight time shall be paid as overtime, subject to the non-duplication provisions.

Shift Premium

An Employee on an AWS shall be considered a Shift Worker for purposes of the application of Article Nine, Section D – Shift Premium.

Holiday

An Employee on an AWS, and who is eligible to receive pay for a holiday not worked pursuant to Article Ten, Section A, shall receive **ten (10) or twelve (12) hours pay (depending on their AWS)** for each holiday not worked.

Bereavement Leave

An Employee on an AWS who is excused from scheduled work and is eligible for Bereavement Leave pursuant to Article Ten, Section C shall be paid as though they had worked their scheduled shift.

Jury/Witness Duty

An Employee on an AWS who is excused from scheduled work and is eligible for Jury or Witness Duty pursuant to Article Ten, Section D shall be paid the difference between their daily Jury/Witness allowance and what they would have earned had they worked their scheduled shift.

Military Encampment Allowance

An Employee on an AWS who is excused from scheduled work and is eligible for Military Encampment Allowance pursuant to Article Ten, Section F-7 shall be paid the difference between their military encampment allowance and what they would have earned had they worked as scheduled during the encampment period.

Vacations

Regular Vacation

An Employee on an AWS and eligible for vacation pursuant to Article Ten, Section B shall receive forty (40) hours of vacation pay for each week of scheduled vacation. Single day vacations shall be paid at eight (8) hours per day. It is understood that if an AWS is implemented during a vacation year it may be necessary to reschedule vacations.

Daily Increment Option

An Employee Group (the group of employees impacted by the AWS and used for purposes of determining the 60% approval) working pursuant to an AWS may elect to receive their annual vacation entitlement entirely in daily increments as follows:

Each employee's total annual vacation entitlement shall be calculated in hours (40 hours for each week of vacation entitlement) and all vacations shall be taken and paid in daily increments while on an AWS. Each day of vacation taken while on an AWS shall reduce the employee's total annual hourly vacation entitlement by ten (10) or twelve (12) hours depending on the AWS the employee is working. Should an employee's total hourly vacation entitlement while on an AWS not be evenly divisible by ten (10) or twelve (12) hours (depending on their AWS), the employee shall only receive payment for the balance of their remaining hourly vacation entitlement but shall receive the remainder of that final vacation day off work as unpaid vacation time.

The Daily Increment Option must be mutually agreed upon by the local parties and elected by more than 50% of the Employees in the Employee Group for each vacation year. Such approval and election must take place by August 31 of the year preceding the vacation year and the entire Employee Group must schedule their vacations in daily increments in accordance with Article Ten, Section B-3 of the BLA.

Upon the initial implementation of an AWS and with the mutual agreement of the local parties, an Employee Group may elect to take the balance of their vacations entitlement for the current vacation year pursuant to the Daily Increment Option. Such election must take place prior to the start of the AWS. If such election is made, the remaining

vacation entitlement for each Employee in the Employee Group shall be calculated on an hourly basis consistent with the guidelines above, re-scheduled if necessary and taken in daily increments following the start of the AWS. Similarly, an Employee that transfers or is permanently assigned to a job covered by an AWS with vacations administered pursuant to the Daily Increment Option shall have their remaining vacation entitlement calculated on an hourly basis, re-scheduled if necessary and shall take vacation in daily increments following their transfer or assignment.

Should an Employee Group with vacation scheduled pursuant to the Daily Increment Option elect to revoke their approval of an AWS, the Company may reschedule the remainder of each Employee's vacation entitlement in weekly increments with the balance of any vacation less than a full week scheduled in daily increments. Similarly, should an Employee with vacation scheduled pursuant to the Daily Increment Option transfer or be permanently assigned to a job not covered by an AWS or to a job covered by an AWS with vacations administered pursuant to the Regular Vacation provisions of this agreement, the Company may reschedule the remainder of the Employee's vacation entitlement in weekly increments with the balance of any vacation less than a full week scheduled in daily increments.

Profit Sharing

An Employee on an AWS shall have their weekly hours as defined in Article Nine, Section F-4-a established by dividing the total number of eligible hours in the calendar weeks used in the quarterly profit sharing calculation by the number of calendar weeks used, subject to a maximum of forty (40) hours per week.

Full Biweekly Guarantee

The Company shall be deemed to have met its obligations under Article Five, Section C-5 provided an Employee scheduled to work an AWS has an opportunity to work as scheduled or take vacation and is paid in accordance with these guidelines.

Earnings Security

The Company shall be deemed to have met its obligations under Article Eight, Section A-1 provided an Employee scheduled to work an AWS has an opportunity to work as scheduled or take vacation and is paid in accordance with these guidelines.

APPENDIX P-3: MEMORANDUM OF AGREEMENT REGARDING SUNDAY PREMIUM

The purpose of this Memorandum of Understanding (MOU) is to clarify the Parties intent regarding the Sunday Premium provisions of Article Nine Section E of the Basic Labor Agreement covering Production and Maintenance Employees and Article Nine Section E of the Basic Labor Agreement covering Salaried Office and Technical Employees and Plant Protection Employees.

The first eight (8) hours worked by an employee on Sunday (as Sunday is defined for Sunday Premium purposes) that meet the overtime rate condition specified in Article Five Section D-2-c are to be subject to Sunday Premium treatment and not overtime. All other hours worked by an employee on Sunday (as Sunday is defined for Sunday Premium purposes) that meet any of the overtime rate conditions specified in Article Five Section D-2 are to be subject to overtime treatment and not Sunday Premium. For all other purposes, the Sunday Premium provisions will continue to be given the same application and effect as the 1999 Basic Labor Agreement provisions pertaining to Sunday Premium. Nothing in this MOU is intended to change the Definitions in Article 5 Section D-1.

This MOU shall become effective the fourth Sunday following the Parties signatures. All grievances filed as of 8/16/05 that identify specific Employees and specific dates concerning the payment of overtime instead of Sunday Premium will be subject to the terms of this MOU and settled as may be warranted under the particular facts of such grievances. All other grievances, complaints, and issues associated with the payment of overtime instead of Sunday Premium are considered withdrawn.

APPENDIX Q—CONTENT OF NOTICE OF JOB VACANCIES

During the 2018 negotiations, the Parties discussed the content included on notices of job openings posted pursuant to Article Five, Section E(7)(a) of the Office & Technical BLA. The Parties agree that the Company is not required to post for assignments or functions within a job, and there is no right to bid on any such assignments or functions. However, the Parties further agree that where, at the time of a posting, the Company can reasonably identify the assignment to which the successful bidder on a job may be assigned, it will include such expected assignment on the notice of job opening. It is understood that this shall not provide any guarantee of or right to any assignments, and does not in any way infringe upon the Company's right to assign employees at its discretion.

APPENDIX R-SAFETY AND HEALTH

APPENDIX R-1: COOKING EQUIPMENT

At Plants where cooking equipment was removed from specific areas due to Company policy during the term of the 2003 BLA, the local parties will mutually identify those areas where such equipment was removed and it is permissible to install convection microwave ovens as a replacement. The Company will install such convection microwave ovens at its expense.

APPENDIX R-2: AUTOMATED EXTERNAL DEFIBILLATORS (AEDs)

During the negotiation of the 2008 Basic Labor Agreement ("BLA"), the Parties discussed the use and location of AEDs at the plants covered by the BLA. The Parties mutually recognize that the timely and correct use of an AED can increase survival rates in some cases of sudden cardiac arrest. The Union acknowledged that Company emergency response vehicles at the covered plants are equipped with AEDs, and that trained security and fire personnel at the plants are able to administer CPR and use AEDs in emergency situations. However, the Union expressed its desire that AEDs be

placed in certain areas at the various plants. The Company expressed its concerns regarding the training, liability and maintenance issues connected with AEDs.

The Company agrees that it will place an AED in the areas listed on Attachment "A", as set forth in Appendix R-4 of the 2008 Settlement Agreement, provided that the following conditions have been met:

1. The Plant Joint Safety Committee ("JSC") mutually agrees that the area listed on Attachment "A" is appropriate for placement of an AED; and
2. A sufficient number of Employees (as determined by the plant JSC and consistent with applicable law) normally assigned or reasonably expected to work in that area volunteer and are trained in the use of CPR and AEDs. The Company will furnish such training, as well as annual refresher training, at Company expense.

The Parties agree that the Plant JSC should periodically review the use of AEDs and discuss issues related to their use by Employees, including whether there is a need to add, remove or redeploy AEDs.

APPENDIX R-3: WORKING ALONE

This will confirm the Agreement of the Parties reached during negotiations for the 2008 Basic Labor Agreement regarding Employees working alone. The Parties agree that no Employee shall be required to perform work alone, where to do so would endanger his/her safety. Should such situations arise, they will be evaluated on a case-by-case basis at the Plant level in accordance with Article Three, Section H-2. This letter agreement shall not be interpreted as granting an Employee any rights greater than that provided by Article Three, Section C-1.

APPENDIX R-4: FULL-TIME JOINT SAFETY COMMITTEE MEMBERS

1. The Company agrees to compensate an Office and Technical Joint Safety Committee member from the following local unions, in addition to Joint Safety Committee meetings, for up to eight (8) hours per week lost time for hours spent on JSC work described in Article Three, Sections H-2 and H-3 of the 2008 BLA, provided that such lost time is authorized by the Plant Safety Manager prior to such work being performed:

Local Union 2695
Local Union 2210
Local Union 9264

Two (2) members from each local listed above will be invited to attend the Annual Training and Meeting.

2. The Company agrees to compensate an Office and Technical Joint Safety Committee member from the following local unions, in addition to Joint Safety Committee meetings, for up to four (4) hours per week lost time for hours spent on JSC work described in Article Three, Sections H-2 and H-3 of the 2008 BLA, provided that such lost time is authorized by the Plant Safety Manager prior to such work being performed:

Local Union 1408

(up to four (4) hours each for Clairton, Irvin, and Edgar Thomson Plants)

Local Union 1899-CT

Local Union 9115

Local Union 8985

Local Union 2354

Local Union 4889-33

With the exception of Local Union 1408, one (1) member from each local listed above will be invited to attend the Annual Training and Meeting. Three (3) members from Local 1408 will be invited to attend.

APPENDIX R-5: JOINT SAFETY COMMITTEE TRAINING

During the negotiation of the 2012 Basic Labor Agreement, the Parties discussed the potential for additional training for members of the plant Joint Safety Committees (JSC). Accordingly, each JSC will discuss the need for, usefulness of and opportunities for technical training tailored to meet the needs of each respective JSC. If any additional training is approved by the Company, training costs, reasonable travel expenses and lost time for Joint Safety Committee members attending the training will be paid in accordance with local Plant understandings. Consideration will be given to the training provided by the USW's Tony Mazzocchi Center.

APPENDIX R-6: CORPORATE LEVEL-SAFETY AND HEALTH COORDINATOR

This will confirm that the agreement of the parties that the full-time corporate safety coordinator position established by the December 6, 2004 Garraux-Conway letter agreement shall be continued for the term of the September 1, **2018** Basic Labor Agreement ("BLA"). The functions of the USW Corporate-level Safety and Health Coordinator ("USW CSC") shall be as described in the March 18, 2005 Garraux-Conway letter agreement, consistent with any changes in the activities of the Joint Safety Committees and full time Union Safety Coordinators agreed to by the Parties during negotiations for the 2008 BLA.

The USW CSC shall be a qualified Employee selected by the Union Negotiating Committee Chair, subject to the reasonable approval of the Company. The USW CSC shall be the primary point of contact between the Company and the Union on safety and health matters, and shall work with the Company's Corporate Safety Department to improve safety at the Plants.

All substantive changes to Corporate standard safety practices shall be provided to and discussed with the USW CSC prior to implementation. The USW CSC shall represent the Union with respect to such matters, and the Company shall have no obligation to review and discuss such matters separately with Local Union representatives.

The USW CSC shall be paid in the same fashion as all other full-time Coordinators as set forth in Article Six, Section C.

APPENDIX R-7: DRUG AND ALCOHOL TESTING

This will confirm the Agreement of the Parties reached during negotiations for the 2008 Basic Labor Agreement regarding Article Three, Section G (The Right to a Reasonable Policy on Alcohol and Drug Abuse), wherein the Parties agreed to the use of Form DA – 1 (attached below) in conjunction with applying Section G-2.

APPENDIX S--COORDINATORS

Notwithstanding any provisions to the contrary, the Parties have reached the following understandings with respect to the number of Coordinators, Coordinator pay rates, and the displacement of Employees serving as Coordinators as of August 31, 2008:

1. The Union will permanently remove six (6) Coordinators no later than September 30, 2008, and may have no more than twenty-five (25) by August 31, 2012.

APPENDIX T-WORKFORCE PRODUCTIVITY

APPENDIX T-1: PRODUCTIVITY AND PREFERENCES

The Parties reaffirm that the objectives of having Employees perform a broader range of duties, eliminating jurisdictional barriers, the efficient utilization of the workforce and maximizing productivity remain the principal objectives of the Parties. Additionally, the Parties have agreed that certain preferences within a position box will be made available to incumbent qualified Employees on the basis of seniority.

1. Assignment preferences for Salaried Office and Technical Employees:

- c. A position box in a line of progression (LOP) represents a position to which an Employee may hold incumbency. Employees may be assigned to perform any function within their position descriptions that they are capable of safely performing.
 - d. Salaried Office and Technical Employee assignments eligible for preference shall be those available, repetitive and routine assignments that are manned on a full shift, full schedule week basis.
 - e. Effective January 1, 2009, preference opportunities shall become available when an assignment eligible for a preference is permanently vacated as a result of a quit, death, termination, retirement, promotion, or a permanent transfer out of a position box (initial event only).
 - f. With respect to Salary Grade 1 position boxes, incumbent Employees must have 3 years of Plant Continuous Service at the time a preference opportunity becomes available to be eligible to exercise a preference as set forth in this Agreement.
2. This Agreement shall not be construed so as to permit an Employee to refuse work assignments nor shall it be interpreted to interfere in any way with the Company's right to schedule or temporarily reassign the workforce.

APPENDIX T-2: O&T PREFERENCE OPPORTUNITY

Notwithstanding anything in Appendix T-1, paragraph 1-c to the contrary, when an assignment eligible for preference is "permanently vacated," and the most senior Employee within the position box who was otherwise entitled to the assignment does not exercise a preference to that assignment, such preference opportunity will be made available to other eligible Employees within the box.

APPENDIX V: FLSA MATTERS

During the course of negotiations for the 2008 Basic Labor Agreement (“BLA”), the Parties discussed the application of the Fair Labor Standards Act (“FLSA”) to the Plants covered by the BLA. As a result of those discussions, the Parties reached the following understandings.

The Parties agreed that starting in 1947, every national collective bargaining agreement or BLA negotiated by the Parties has included an agreement that the Company is not obligated to pay Employees for preparatory or closing activities which occur outside of their scheduled shift or away from their worksite (i.e., so-called “portal-to-portal activities”). Such activities include such things as donning and doffing of protective clothing (including such items as flame-retardant jacket and pants, metatarsal boots, hard hat, safety glasses, ear plugs, and a snood or hood), and washing up. Nevertheless, the Parties have agreed to the following, effective with the September 1, 2008 BLA.

1. Coke plant Employees who work in OSHA regulated areas and who are required to shower at the end of their shift will be provided with twenty (20) minutes wash-up time prior to the end of the Employee’s shift, or a daily additive in an amount calculated at four-tenths (0.4) of an hour at the Employee’s Base Rate of Pay, at the Company’s choice. Existing local practices which may permit more than twenty (20) minutes of such wash-up time shall not be affected by this agreement.

2. The Parties' long-standing agreement described above which makes such portal-to-portal activities non-compensable shall otherwise remain in effect.
3. The Union will withdraw any pending grievances concerning wash-up time, will withdraw any so-called donning and doffing claims or lawsuits to which it is a party, and will use its best efforts to have any such claims or lawsuits to which it is not or was not a party dismissed.

APPENDIX W: TEMPORARY FOREMAN

The Company agrees that where an Employee has been assigned as a Temporary Foreman for ten (10) or more consecutive months as of the Effective Date of the 2008 Basic Labor Agreement, the Company shall remove such Employee from the Temporary Foreman assignment no later than January 1, 2009.

APPENDIX X: USW LOGO

The Company agrees that during the term of the **2018** Basic Labor Agreement one standard USW Logo will be predominately displayed at the primary entrance of each Plant Location. The Company must approve of the location, size, installation and design of any USW Logo displayed.

APPENDIX Z: STRUCTURE OF PLANT PROTECTION FUNCTIONS

The Parties have engaged in numerous discussions concerning the Union's desire to have USW-represented Employees perform as much work in and around the Company's plants as possible – even where such is neither legally nor contractually required. The Company and the Union have expressed their mutual interest in working creatively and cooperatively to find ways to have the work performed by USW-represented Employees accomplished as efficiently as possible. In pursuit of these interests the parties have agreed, as outlined below, to restructure certain plant protection functions at several Company facilities.

1. General

- a. All plant entrance and security gate functions may be contracted out or performed by non-USW represented employees. Work contracted out pursuant to this Appendix shall not be subject to Article Two, Section F(3) ("Commitment") of the BLA.
- b. The Union shall not assert any claims (contractually or otherwise) that medical jobs/duties (nurse, doctor, physician's assistant, etc.) should be placed into a USW bargaining unit at any USS Plant or facility.
- c. The Company may implement the Gary Works "Model" (Hereinafter "Gary Model") of providing security and fire services. As part of this model, the parties agree that the concepts contained in paragraph 6 (guidelines for handling temporary medical restrictions) and paragraph 7 (guidelines for handling qualification/certification issues), of the 5/21/1999 *Memorandum of Understanding USS Gary Works and USWA Local 2695-6* shall apply to Plant Protection bargaining unit Employees. These paragraphs shall be modified as appropriate to reflect the changes in job descriptions and rates of pay contained in this BLA.
- d. The Parties agree that Employees shall advance through the various jobs described in Appendix A-2 subject to the Employee attaining the necessary training, certifications and experience to perform the relevant job; therefore, no posting or bidding process shall be required. Employees shall maintain the relevant certification associated with their job in order to retain incumbency.

2. Great Lakes Works

- a. The Employees in the USS Great Lakes Works bargaining unit shall be required to become state-certified Emergency Medical Technicians

(EMT's) and state-certified Firefighters, maintain such certification and participate in any and all training on an on-going basis.

- b. The Company may assign Employees in the new Plant Protection bargaining unit to perform duties historically performed by employees on the jobs in the Human Resources (HR) seniority unit of the Great Lakes Office & Technical (O&T) bargaining unit, including but not limited to driving ambulances. However, the Company will not displace the current O&T bargaining unit employees performing these duties solely as a result of the implementation of this Appendix. Similarly, the current O&T employees in the HR seniority unit may be assigned to perform duties in the new Plant Protection bargaining unit. As the employees in the HR seniority unit leave those assignments, the Company will not replace them.
- c. The parties have agreed that all truck chute, truck scale and pass control duties and functions may continue to be contracted out or performed by non-USW represented employees.

3. Midwest

- a. The current patrol officer duties at the Midwest Plant will be assigned from contractors to the Gary Works Plant Protection bargaining unit (USW Local 2695-6). These duties will become a work assignment for Gary Works Plant Protection bargaining unit Employees and handled in the same fashion as those at East Chicago Tin.
- b. The Company may assign USW Local 2695-6 bargaining unit Employees to perform truck scale duties historically performed by employees in the Local 8985 O&T bargaining unit, however, the Company will not displace the current O&T bargaining unit employees performing these assignments solely as a result of the implementation of this Appendix. As the employees currently performing these assignments leave such assignment, required replacements, if any, will be Plant Protection bargaining unit Employees.
- c. The Company may assign USW Local 2695-6 Employees to perform all fire inspection duties at Midwest (including those fire inspection duties currently performed by the Local 8985 O&T bargaining unit). No Local 8985 employees will be force reduced solely as a result of the implementation of this Appendix.

The "Memorandum of Understanding: Fairfield Plant Protection Improvements" dated May 19, 2004, is part of this Basic Labor Agreement.

5. Granite City Works

The "Memorandum of Understanding – Granite City Plant Protection" dated February 14, 2011 is part of this Basic Labor Agreement.

6. Mon Valley Works
