Bethesda, MD 20817

Mr. Krey,

In consideration of your request, please review and note your concurrence by signing. Centrus agrees to give First Consideration to fill job openings in USW represented classifications to USW represented employees of the Decontamination and Decommissioning contractor working on the Portsmouth GDP site. This will provide for the continuation of opportunity of work to USW Local 689 members by offering positions prior to opening the positions to those outside the Portsmouth Project.

In order for the USW represented employees to be considered for vacant positions as stated above, the individuals must apply for the open position, comply with the Centrus hiring process, and meet educational and minimum job qualifications established for the position.

The First Consideration will not in any way interfere with the rights of employees already employed by FBP in represented positions or deviate from the Centrus hiring process. Nor will First Consideration interfere with legal requirements of affirmative action or any other equal employment opportunity requirement.

Herman Potter
President, USW Local 689
