Brothers and Sisters,

I recently lost my Mom to a battle with cancer and I can't describe the appreciation that I feel towards my brothers and sisters in the Ingot plant as well as the rest of the plant that helped me get through it by sending a card, sent a message on Facebook, sent a text, called, or even just said a kind word in passing. We see each other at work more than our own families (especially with all the Forced OT), so we are essentially a family away from home. Please remember this when someone in your department is going thru a rough time with a loved one at home. Sending a card around your department for people to sign really goes a long way in letting someone know that you are thinking of them. We have done this in Ingot, and I know some other departments do this as well. If your department does not do this, please consider starting this up and we can all help each other in tough times.

In Solidarity

Lee Shaffer
