The Company recognizes the Union as the sole and exclusive bargaining agent for those full-time, direct hire Company employees within the bargaining unit as defined in the National Labor Relations Board Certifications:

- 09-RC-107709
- 09-RC-113635
- 09-RC-118341

- 09-RC-293365

With respect to rates of pay, wages, hours of employment and other conditions of employment, and excluding all other employees, guards and supervisors as defined in the National Labor Relations Act.

The term “employee” as used herein shall mean any person represented by the Union as set forth in this Article and Section of this Agreement.

Section 2 - Distribution

As a means of informing all employees as to their rights, privileges, and obligations under this Contract, the Company agrees to furnish a copy of this Contract to each employee covered by this Contract.

Section 3 - Noninterference

The Company agrees not to interfere with the right of employees to join or belong to the Union and the Union agrees not to intimidate or to coerce employees to join the Union. The Company further agrees not to discriminate against any employee due to Union membership or Union activity. The Union agrees neither to solicit for membership nor to collect Union funds on Company time.

ARTICLE III - UNION SECURITY AND DEDUCTION OF DUES

ARTICLE III - UNION SECURITY AND DEDUCTION OF DUES

Section 1 - Dues Requirements

All employees within the Bargaining Unit who are members of the Union upon the execution of this Contract shall, as a condition of employment, maintain their membership to the extent of tendering the periodic dues uniformly required as a condition of retaining membership. All employees in the Bargaining Unit who are not members of the Union upon the execution of this Contract, but who later elect to join the Union, shall at all times thereafter maintain their membership in the Union as a condition of employment, as set forth above. All employees hired after the execution of this Contract shall, as a condition of employment, become members of the Union not later than thirty-one (31) days after the date upon which they were hired, and shall thereafter maintain their membership in the Union as a condition of employment, as set forth above.

The Union agrees that it shall indemnify the Company and save it harmless from any and all claims which may be made against it on any account or amounts deducted from wages as provided in this Article.

Section 2. Delinquency of Dues

Before any termination of employment pursuant to this Article becomes effective, the employee involved shall first be given notice in writing by the Union to pay delinquent dues. If the employee fails to pay the delinquent dues, the Union shall then notify the Company of the delinquency. Upon receipt of such notice in writing, the Company shall then notify the employee to pay the delinquent dues and if such dues are tendered within one (1) calendar week after receipt of this notification from the Company, dismissal under this Article shall not be required.

Section 3. Deduction of Dues

For the convenience of the Union and its members, the Company, during the life of this Contract, shall deduct an initiation fee and regular monthly dues from the paychecks of each employee who individually and voluntarily executes and delivers to the Company an Authorization and Assignment on the authorization form provided them by the Union. Such deductions shall be forwarded monthly to the International Union with a listing showing the names of those employees, if any, whose paychecks were insufficient to cover the deductions. An Authorization must be delivered to the Company at least seven (7) days before the payday of the month in which the first weekly deduction is to be made.

Section 4. Authorization of Deduction

An Authorization and Assignment shall be irrevocable for a period of one (1) year from the date thereof or until termination of this Contract, whichever occurs sooner, and shall automatically renew itself for successive irrevocable annual periods unless the employee who signed it gives notice to the contrary in writing by registered mail to both the Company and the Union no less than two (2) days and no more than seventeen (17) days before the expiration of the Authorization or before the expiration of any annual renewal period as the case may be.

ARTICLE III - UNION SECURITY AND DEDUCTION OF DUES

Section 5. Make-Up Dues

Upon receipt from the Treasurer of the Local Union, of Union members' names and amounts of dues that have been missed through payroll deductions, the Company shall deduct the make-up dues in the following payroll period, or in subsequent payroll periods as the money becomes available, and forward to the International Union, in accordance with Section 3 of this Article.

Section 6. Termination of Deduction

No deductions under this Article shall be made from paychecks from Union members who have terminated their employment or transferred out of the Bargaining Unit prior to the first payday of the month, unless they have worked or received paychecks equivalent to five (5) workdays or more in that month.

The direction of the workforce, the establishment of plant policies, the determination of the processes and means of work execution, the units of personnel and work schedules required to perform such processes, and other responsibilities incidental to the operation of the plant are vested in the Company. Such duties, functions, and responsibilities shall also include, but not be limited to, hiring, retirement, disciplining, evaluating the qualifications and performance of employees, and promotions. The exercise of such authority shall not conflict with the rights of the Union under the terms of this Contract.

ARTICLE VI – CONTINUITY OF OPERATION

ARTICLE VI – CONTINUITY OF OPERATION

There shall be no strikes, lockouts, work stoppages, picket lines, slowdowns, secondary boycotts, or disturbances. The Union agrees to support the Company fully in maintaining operations in every way.

Participation by any employee or employees in an act violating this provision in any way shall be cause for discharge by the Company. Any discipline imposed shall be applied equally and indiscriminately to all employees according to the degree of involvement.

ARTICLE VII – PROTECTIVE SECURITY

ARTICLE VII – PROTECTIVE SECURITY

It is recognized that all members of the Union and the Company are required to comply with all protective security measures now in effect. If the Company is notified by DOE that this Contract in any way violates security measures which are now in effect, or which may be put into effect later, the Company shall in turn immediately notify the Union in writing of the need to renegotiate the section or sections of the Contract in question for the purpose of making the required changes.

ARTICLE VIII - GRIEVANCE PROCEDURE

Section 1 - Intent and Distribution of Answers

The parties to this Contract recognize that grievances should be settled promptly and as close to their source as possible. Further, both parties shall endeavor to present all the facts relating to the grievance at the first step of the grievance procedure in order that an equitable solution may be achieved. Copies of written responses to grievances shall be distributed or e-mailed to the Local Union Hall.

The grievance procedure shall be used for the purpose of settling claims and disputes on all matters subject to collective bargaining between the parties during the term of this Agreement, including those set forth in specific provisions of this Agreement as well as existing practices that form terms and conditions of employment for bargaining unit members.

Section 2 – Union Representatives

Number of Representatives

The Company shall recognize the following number of properly certified Union representatives in the plant for the purpose of representing employees in the manner specified in this Grievance Procedure:

1. The Local Union President or designated representative.

3. One (1) Steward for each thirty (30) Union members. The number may be adjusted as mutually agreed by the parties as the need arises
4. The three above shall comprise the general grievance committee.

When a properly certified Union representative is unavailable for any reason, the Company shall recognize an alternate certified by the Union. It is understood that only one, the Steward or the alternate, will be recognized for each incident.

Section 3 - Disciplinary Cases

It is recognized that the maintenance of discipline is essential to the orderly operation of the plant and also that the invoking of disciplinary action should be designed to correct the conduct of the employees involved rather than to punish.

In the great majority of infractions of rules, termination of employment for disciplinary reasons is justified only after the employee has been given the opportunity to correct his/her behavior and has failed to respond to disciplinary measures. Suspension of employees with or without pay for various lengths of time as determined by the Company is recognized as a legitimate method of discipline under the terms of this Contract.

1. Discussions

ARTICLE VIII - GRIEVANCE PROCEDURE

When an employee is called into a discussion which may result in disciplinary documentation, including reprimand, suspension or discharge, or being sent home, the employee shall be fully informed that a Union representative may be brought into the discussion. Any of the above can be a proper subject for the grievance procedure.

The decision to terminate an employee will not be made until at least two (2) full working days have elapsed from the infraction. During this time, thorough consideration will be given to all facts and circumstances which are relevant to the matter. At the request of the Union, Company representatives will meet with Union representatives during the two (2) day period to discuss such relevant facts and circumstances.

2. Record Review

Written records of past documented disciplinary discussions, written reprimands, or suspensions which have been placed in the employee's file, exclusive of actions resulting from any future violation of Article V, upon the employee's request, will be reviewed by the end of one (1) year by the employee's supervision and the employee to determine whether they should be removed from all files and destroyed or retained up to a maximum period of two (2) years.

3. Initiation of Grievances – Step 2

If the employee or the Union files a written grievance protesting a suspension or discharge within ten (10) days, such grievance shall be initiated at Step 2 of the grievance procedure. If such discharge or suspension is found to have been unjustified, the employee shall be reinstated to his/her former job and shall be compensated for all earnings lost, less pay for any penalty time decided upon, if any.

Section 4 - General Grievances

Controversies may arise of a nature so general as to directly affect the majority of employees in a classification or department, or the majority of all employees. It is agreed that issues of this nature need not be subjected to the entire grievance procedure but may be initiated at Step 2. Attendance at Grievance Hearings initiated at Step 2 may include members of both negotiating committees.

Section 5 - Time Limits

A. Extension

Any grievance not taken up with an employee's immediate supervision within ten (10) days after the employee, or a certified Union representative has knowledge of the occurrence of the incident from which the grievance arose, cannot be processed through the grievance procedure. The employee or a certified union representative may request an extension of five (5) days to investigate the grievance. Such requests shall be received by the Company within the first five (5) day period. Such extension requests should be in written form (email or letter).

ARTICLE VIII - GRIEVANCE PROCEDURE

B. Withdrawn - Settled

A grievance shall be considered settled or withdrawn if the decision of the Company is not appealed to the next higher step in the grievance procedure within ten (10) days after a decision has been rendered by the Company, unless this period is extended by mutual agreement between the parties.

C. Answer

Any grievance not answered within the specified time limit may be immediately taken to the next higher step of the grievance procedure.

D. Calculation of Time

In the calculation of time limits under the grievance provisions, including arbitration, "days" shall mean calendar days excluding Saturdays, Sundays, Holidays, Vacations, and the scheduled days off of the aggrieved employee.

E. Postponement - Hearing

A hearing at Step 1 may be postponed by mutual agreement of the union representative and the Labor Relations Director or designated representative involved. A hearing at Step 2 may be postponed by mutual agreement between the Local Unit President and the Labor Relations Director or his/her designated representative.

Section 6 - Grievance Steps**A. Pre-Grievance Discussion**

An employee who feels that he/she has a grievance may, as soon as reasonably possible, discuss it with his/her immediate supervisor and union steward. The employee's immediate manager shall answer the grievance as soon as possible, but no later than at the end of the next scheduled work shift of the aggrieved employee. Settlements made in this step of the grievance procedure shall have no precedent value.

B. Step 1

If the grievance has not been disposed of or settled satisfactorily in the Pre-Grievance discussion, it shall be reduced to writing by the steward or respective committee chairperson who shall file it with the Company. The steward or other union representative will provide the union with a copy. Within ten (10) days a meeting shall be held with the employee, steward, and the employee's immediate manager, and a labor relations representative to address the matter. The manager will give a reply in writing within three (3) working days after such meeting. Copies of grievance answers at Step 1 will be distributed or emailed to the Union by a Labor Relations representative within five (5) calendar days after being signed by both parties.

ARTICLE VIII - GRIEVANCE PROCEDURE

C. Step 2

If the grievance is not settled satisfactorily at Step 1, it may be appealed at the option of the Union to Step 2. If appealed to Step 2, the written grievance shall be referred to the Local Unit -President, which will schedule a meeting on a monthly basis for discussion of unresolved grievances with company representatives. The Union shall advise the Company of the grievance to be presented at least five (5) days before the meeting. The employer shall distribute or email its answer to the Union and forward a copy of its answer within ten (10) days after the completion of discussions of any grievance.

A portion of time during Step 2 grievance meetings may be utilized for the discussion of other outstanding issues.

The attendance at Step 2 meetings shall include the Local Unit President and the HR/Labor Relations Manager or his/her designated representative.

If no agreement is reached, the dispute may be referred to arbitration. If the arbitrability of the dispute is in question, the arbitrator shall first decide this issue by bench decision before hearing the rest of the dispute.

Section 7 - Monetary Settlements

Any money due an employee as a result of the settlement of a grievance shall be paid within two weeks following the settlement. Written notification will be given to the Local Unit President of the Union to this effect.

Section 8 - Arbitration**A. Submission Procedure**

1. Controversies which may arise concerning the reprimand, discharge, or suspension of employees; or controversies concerning the application, interpretation, or alleged violation of this Contract, which cannot be amicably settled in previous steps in the grievance procedure, may be submitted for settlement to an Impartial Arbitrator. The Company will date stamp and deliver a copy of the final Step 2 answer to the Local Unit President, or designated representative. A grievance shall be considered withdrawn unless the Union appeals the grievance to arbitration within 45 days from the date of stamp.
2. The arbitrator shall not have the authority to review, revoke, modify or enter into any award with respect to:
 - a. The discharge of an employee within their probationary period.
 - b. Discharge removals made at the direction of the Department of Energy (DOE) under the terms of the Prime Contract with DOE.

ARTICLE VIII - GRIEVANCE PROCEDURE

B. Arbitration Selection Process

1. Within 45 days after either party notifies the other of its desire for Arbitration, as provided herein, either party may request the Federal Mediation and Conciliation Service (FMCS), or its successor, in writing, to submit a list of either five (5) or seven (7) arbitrators from which the Union and the Company shall strike off the names on the list who are not acceptable and shall indicate an order of preference of those remaining. In the event all names are stricken from the list, the Union and the Company shall within ten (10) days of such action request the FMCS, or its successor, to provide a second list containing the names of five (5) or seven (7) arbitrators. The parties will then strike the names of the arbitrators until one (1) arbitrator remains that will then be designated to hear the dispute.
2. Grievances processed through Step 2 of the grievance procedure normally will be presented to the Arbitrator in the order that they are filed; however, the Union may indicate cases of high priority to be heard by the arbitrator out of normal order.
3. In the event a dispute should arise involving any classified information, the arbitrators must have a security clearance as required by DOE.
4. Cost of official transcripts of arbitration proceedings shall be at the expense of the requesting party, which shall include a copy furnished to the other party and the arbitrator .
5. Should one of the above arbitrators die, become incapacitated, or refuse to act, the parties thereto shall mutually agree upon a successor to the panel.

C. Arbitration Selection Process

The Company and the Union may stipulate the nature of the dispute and the issues involved jointly in one (1) stipulation or singly in separate stipulations. In the event that the parties stipulate the nature and issues of the dispute singly, a copy of such stipulation shall be furnished to the other party at the same time the stipulation is submitted to the arbitrator.

D. Hearing Date

It is agreed by the parties to this Contract that arbitration cases shall be heard as soon as possible. On a date agreeable to both parties, the date to be set in conformity therewith by the arbitrator, the parties, or their designated representatives, shall at the time and place appointed by the arbitrator , appear and present either a written or oral statement of the issues involved for consideration by the impartial arbitrator. Any written statement of issues shall be furnished to the other party at the arbitration hearing. In designation of the place, the arbitrator shall be restricted to the area in which the plant is situated unless otherwise agreed upon. The arbitrator shall schedule hearings of grievances in the order in which such grievances are submitted, unless the Company and the Union agree upon a different order for hearing.

E. Decision - Time Limit

The Arbitrator shall render a decision on every grievance which has been submitted within thirty

ARTICLE VIII - GRIEVANCE PROCEDURE

(30) calendar days from the date of hearing, unless additional time is requested by the arbitrator and is mutually agreed upon between the Company and the Union.

F. Implementation of Decision

The decision of the arbitrator shall be final and binding upon both parties and shall invoke immediate compliance by the parties. Any money due an employee as a result of such decision shall be paid not later than two (2) weeks following the receipt of a written decision to this effect. It is recognized by the parties that certain rights of appeal of decisions exist.

G. Cost

The general hearing expenses and the expense and compensation of the arbitrator shall be borne by and divided equally between the Union and the Company.

H. Attendance at Hearing

In all proceedings under this section, the Company shall release from work the following employees (if they are Fluor-BWXT Portsmouth LLC employees) when deemed necessary by the Union for a fair and reasonable presentation of its case before the arbitrator without loss of earnings:

1. Local Vice President
2. A Steward
3. Not more than two (2) aggrieved employees

Additional Fluor-BWXT Portsmouth LLC employees will be released upon request, without pay, provided that supervision can make arrangements to efficiently continue the work.

I. Power of Arbitrator

The impartial arbitrator shall not have the power to make any award which changes, amends, or adds to the provisions of this contract.

ARTICLE IX – SENIORITY

Section 1 – Definitions

A. Bargaining Unit

Bargaining Unit for purposes of this Agreement refers to the full time, salaried exempt and non-exempt technical and professional employees represented by USW as set forth in Article II, Section 1 of this Contract.

B. Bargaining Unit/ Base Seniority

Bargaining Unit/ Base Seniority is the total length of allowable time an employee has spent in the Bargaining Unit while fulfilling a USW represented position, without regard to classification.

C. Classification Seniority

Classification Seniority is the total length of allowable time an employee has spent in the classification of a technical or professional represented position at the time of organizing vote and continues on as a represented employee. The classification seniority of each employee is his or her position relative to said classification.

Except for those identified by the Site Project Director as being part of a ‘*mission critical*’ classification, an employee in the Professional and Technical (P&T) Unit may bid on positions in the hourly D&D bargaining unit but not until the employee has spent at least one year in the classification in which he/she was hired - unless waived by the respective Division Director. Successful bidders will not be released to the new position until the Company has hired a qualified replacement to replace the employee, or up to six (6) months after award, unless an agreement is made between the Company and the Union.

Groups identified as ‘mission critical’ will be barred from movement. Should the ‘mission critical’ designation be required, for a new group, the Company will meet to discuss specific provisions and requirements prior to implementation.

Mission Critical Designation for all groups will be suspended through August 21, 2023.

If an employee in the P&T unit successfully bids to a position in the hourly D&D bargaining unit, his/her core classification becomes the first one occupied in the D&D unit and cannot bid back to the P&T Unit for a period of 1 year. Upon return to the P&T Unit, the employee shall revert to P&T Unit classification seniority attained prior to their departure.

In the event two or more employees have identical bargaining unit seniority, then seniority will be ordered based on the greater seniority being given to the earlier (est.) birth date (mm/dd/yy).

D. Laid Off

An employee is said to be laid off when he or she leaves the Company because of a voluntary or involuntary reduction in force and does not continue active employment with the Company.
Classification Recall List

E. Classification Recall List

The Classification Recall List is defined as that list on which an employee is placed at the time

ARTICLE IX – SENIORITY

he or she is either voluntarily or involuntarily laid-off from a classification and does not continue active employment with the Company. The list shall rank employees by classification in order of classification seniority. Individuals shall remain on this list for no longer than three (3) years from the date of layoff. This list is jointly maintained by the Company and the Union.

Section 2 - Company Service Credit

Employees shall receive previous company service credit earned at the Portsmouth Site while employed with other DOE site contractors including, but not limited to, Bechtel Jacobs, Goodyear, Martin Marietta, Lockheed Martin Energy Systems, USEC, LPP, TPMC, WEMS, and UDS for purposes of severance and vacation, provided that such service credit is in effect at the time of a formal Company offer of employment. If any benefit has been liquidated, based upon such former service, that service shall not be allowed as credited service by the Company for purposes of severance or vacation. Company Service Credit as defined and described in this article and section does not apply to pension eligibility. Pension eligibility is dealt with in the pension plan documents.

An employee's continuous service with the Company shall consist of the time actually spent on the payroll, plus properly approved absences from work, to be determined under the following rules:

A. Leave of Absence

When an employee is on a leave of absence granted by the Company, his/her service shall be considered as continuous without any deductions if the absence does not exceed one year. However, service shall be considered as continuous without any deductions for employees on leave of absence for:

1. Occupational Disability;
2. Non-occupational Disability;
3. Union official on full-time international status;

B. Military Service

An employee who leaves the employment of the Company to enter military service, either by voluntary enlistment or by induction under the Selective Service System, shall be reinstated under the provisions of applicable Federal Statutes, upon application within the designated period of time following honorable or general discharge, provided he/she qualifies under the seniority rules and is physically capable of performing the work required. Upon reinstatement, such employee shall be given credit for continuous service from the time he/she left the employment of the Company to enter military service to the date of reinstatement.

C. Laid-Off: Service Credited

A laid-off employee shall accumulate service for a period of time equal to his/her continuous service at the time of layoff, but not to exceed two (2) years for any single period of layoff. A laid-off employee will have recall rights for three (3) years. If a laid-off employee is recalled, he/she shall be credited with the accumulated service.

D. Loss of Service

An employee shall lose continuous service when he/she is discharged, released, resigns,

ARTICLE IX – SENIORITY

retires, accepts layoff without recall rights, is on continuous layoff for more than three (3) years from date of layoff, or when he/she is on the recall listing, but not on the active payroll and declines or fails to report or make satisfactory arrangements within fourteen (14) calendar days after being notified of a recall. If such employee is later rehired, he/she shall be considered a new employee and continuous service shall date from the date of most recent hire.

Section 3 - Probationary Period

A non-FBP employee new to the classification shall be considered a probationary employee for the first 180 calendar days and at the end of that period, if he/she is retained, the employee's name will be placed on the Seniority List and the employee's seniority shall reflect all allowable seniority as defined in this Contract. A probationary employee shall be subject to layoff, discipline, or discharge at the sole discretion of the Company.

Section 4 - Reduction in Force/Recall

When a reduction-in-force is to be made in a job classification, the employee having the least amount of classification seniority within the affected job classification shall be laid-off first. However, if the displaced employee has classification seniority, then such employee may bump back to his/her base classification provided that they have more classification seniority than other employees in that classification.

In the event of a layoff, the Union will be notified prior to the layoff and will be given a list of names of employees who are to be laid-off.

The Company and Union will establish a recall listing of laid-off employees in each job classification. Recall shall be in seniority order of those laid off from the classification in which the vacancy exists.

Section 5 - Filling Vacancies/Bidding Process**A. Filling Permanent Vacancies (Within P&T Unit)**

1. When a vacancy exists, the vacancy first will be offered to Fluor-BWXT Portsmouth LLC USW-represented employees laid off from the job classification in which the vacancy exists and who are on the Classification Recall List for the job classification in which the vacancy exists. Recall shall be in order of classification seniority.
2. If a vacancy is not filled under subsection (1) of this Section, then FBP shall offer FBP USW-represented employees the opportunity to bid for this job opening. The Company shall post a notice designating the job classification, qualification, and pay rates for seven (7) calendar days of the Company bulletin boards. An FBP USW-represented employee may sign the posting indicating their intent to be considered for the opening. The most senior qualified employee, as determined by the Company, and who has signed the posting shall be moved into the vacancy.
3. An employee who has been awarded a permanent vacancy shall be transferred as soon as possible.
4. An employee who has been awarded a permanent vacancy shall be required to accept the vacancy.

The undersigned parties agree to the following provisions with regard to Mandated COVID Vaccinations.

1. Employees will be required to be Fully Vaccinated, by December 1, 2021, as defined in Company Policy FBP-HR-POL-00060.
2. Excluding employees already on approved Company leave (STD, LTD, FMLA, or military leave), there is no mechanism for an employee to take a leave of absence to avoid compliance with the vaccine mandate.
3. Employees who currently have, or have had, COVID-19 and were treated with monoclonal antibodies will receive a 90-day extension to become fully vaccinated. The 90-day period will be measured from the date of treatment. Employees who receive the monoclonal antibody treatment between October 26, 2021 and December 1, 2021 will be granted the same extension based on the recommendation of their personal health care provider. Employees who are granted this 90-day extension must begin the vaccine process within (2) working days of the end of such period, unless they have been granted a separate, legal exemption. Employees under this 90-day extension will be considered to be under accommodation until such time that they are fully vaccinated, and will be expected to adhere to the accommodation program established for them. These employees will further be required to provide documentation to the Human Resources Department as to the date when their final vaccination shot is required to be administered.
4. Employees must have submitted requests for medical/religious exemptions through the established process by October 18, 2021. Should the employee fail to be Fully Vaccinated by December 1, 2021, the Company will begin the release of employment process with an effective date of December 9, 2021.
7. The Company is willing to be flexible. Should an employee decide to become vaccinated prior to release from employment, the employee shall inform Human Resources as such. He/she will then be given a set period during which to become fully vaccinated. The employee will be required to remain away from work either on PTO or LWOP, or a combination thereof until the final vaccination shot. Once the final vaccination shot has been administered the employee may return to work but will be required to take COVID-19 tests each week until they are considered fully vaccinated. Said employee must present objective evidence of their vaccine by the date specified by Human Resources. If the employee fails to provide such objective evidence by the agreed date, the employee will be released from employment on that date. Any individuals rehired prior to June 1, 2022 with full vaccination or a valid legal exemption will retain all seniority held prior to being released from employment. However, reinstatement will not carry-over to impact eligibility for PTO accrual, severance benefits, or any other benefits.

- Accompany a family member off site receiving the COVID-19 vaccine. Family members as defined in Policy FBP-HR-POL-00005.

Subject: Interpretation Standard Holiday Weeks for 10-hour Shift P&T Unit Employees

A question has been raised concerning the interpretation of the CBA language for **10-hour shift P&T Unit employees** during modified holiday week schedules that include 12-hour shifts.

The language in the CBA Article XI, Section 2 – Standard Workday-Workweek, Paragraph 4 states:

4. *When a week with a scheduled holiday occurs, those scheduled on a ten (10) hour shift work a new modified holiday schedule (which) will be changed to two (2) 10-hour shifts, **one (1) 12-hour shift** and 8-hours holiday pay, all paid at straight time.*

*When a week with two (2) scheduled holidays occur, those scheduled on a ten (10) hour shift shall work a new modified holiday schedule which will be changed to two (2) **12-hour shifts** and two (2) 8-hour holiday pay days, all paid at the straight time rate.*

Should there be an operational or maintenance need, the Company reserves the right to revert back to an eight (8) hour holiday schedule for which written notification will be provided to the USW from FPB Labor Relations one week prior to the affected holiday week.

When a holiday occurs, and 10-hour shift workers are working an assigned 40-hour week, i.e. not an extended schedule week, shutdown week, reduced hours week, etc., the above language identifies the weekly schedule for 'standard' operations. (Other language in the CBA permits management to alter schedules, with notification, which may result in other shifts during *any* week.) However, if there are no alternate schedules in place for the 40-hour holiday week, then the holiday week will be interpreted as a standard workweek modified holiday schedule and the 12-hour shifts noted will be paid like a regularly scheduled 12-hour shift that includes a paid lunch.

regarding

Expanded Responsibilities and Conditions for USW-Represented Employees Escorting Uncleared FBP and Subcontract Staff

This Memorandum of Agreement is entered into between Fluor-BWXT Portsmouth LLC (FBP/ Company/Party) and United Steel, Paper, and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union (USW/Union/Party) Local 689.

In a joint effort to address cost and budget issues, while expanding the opportunities for accommodating temporarily restricted USW represented employees, the parties agree to the following provisions for the escorting of uncleared FBP employees beyond those identified in the current collective bargaining agreements between the parties. This Agreement is subject to change only by the mutual consent of both parties.

1. This MOA applies to the members of both the USW D&D Unit employees and the USW P&T Unit employees who are FBP employees.
2. Effective immediately USW-represented employees may be assigned to escort any uncleared FBP employee or subcontract employee, with the exception of Building & Construction Trades employees.
3. USW-represented employees assigned escorting responsibilities shall be properly trained and authorized to perform escorting duties per the latest revisions of the governing policies and procedures, and are accountable for maintaining this training as required by those policies and procedures.
4. FBP supervision may assign any USW-represented employee, properly training and qualified, to perform escorting duties at any time and at the Company's discretion, as escorting duties are not exclusive to USW-represented employees.
5. FBP employees with temporary medical restrictions that would permit being assigned escorting duties, will be assigned in preference to those employees not otherwise restricted, provided they are properly trained and qualified. Such temporarily restricted employees may displace other USW escorts not otherwise restricted and assigned.
6. Wage rates for the USW-represented employees, assigned and performing escort duties under the provisions of this MOA, will be that of their current classification and as if they were working in their current position. For USW D&D Unit employees, this includes COLA.
