

*A WORKERS'
MEMORIAL
2020*

*Remembering Ohio Workers
Who Were Killed On The Job*

(2019)

Workers' Memorial Day Prayer

On this day, we call to mind those who have died or suffered injury at their place of work.

We remember the unrealized potential of young people whose lives have been ended suddenly, or whose future has been blighted by injury.

We remember those elderly coming to the end of their lives in pain and discomfort through the result of their labors.

On this day, we commiserate with the families and friends of those who have died as a result of their labor. We pledge our support for those who have to nurse or otherwise care for those injured at work. And we share in their sadness; anger and frustration when it appears company profits have been put before workers' health.

On this day, we pray that throughout the world, in industry, commerce or trade, all will work together to campaign for safer working environments for all people, in honor of the sacred memory of those who have died or suffered injury in their place of work.

Amen
